Woman's World

Miss Bessie Yoakum Is a Modern Diana.

Diana, the famous goddess of the chase, in her adventures with bow and arrow never exceeded in prowess and during the achievements of Miss Bessie Yoakum, daughter of B. F. Yoakum, the millionaire president of the St. Louis and San Francisco railroad.

This young lady is well known not only for her beauty and social grace, but as a sportswoman of no mean ability. While hunting recently in Texas she and her guide were attacked by seven ferocious wild hogs.

Deserted by the guide, who fled panic stricken, Miss Yoakum leaped from her horse, dropped on the ground, aimed a fraction of a moment and fired while the first wild hog was several yards away. Two more of the hogs were killed by Miss Yoakum's gun with as many shots.

When her rifle failed her she ran for the gun dropped by her guide. With this she rounded up the rest of the hogs.

Suffragists on Fifteen Day March. Several thousand enthusiasts in the cause of "votes for women" of New York state are on a fifteen day march to Albany from New York city. Miss Rosalie Jones, an ardent suffragist, is the leading spirit of the movement. The object is to reach Governor Elect Sulzer in time for him to put a suffragist petition in his inaugural message of Jan. 1.

Suffragists who do not feel like taking the whole 150 mile walk will join for as much of the jaunt as they can manage. In fact, the pilgrimage is to be a sort of relay affair. But Miss Jones expects to be a through pilgrim.

Filling the Carbonic Siphon at Home. One of the new devices shown in the progressive household departments of the shops is a recharging outfit by means of which any household can in two minutes convert ordinary water or other liquids into the carbonated state. A glass jar incased in wire to make the operation quite safe in the hands of experimenters—a package of carbonizing capsules and a metal arrangement for connecting the capsules with the siphon are included in the outfit. One has only to fill the siphon up to an indicated point with water, milk, liquors or other liquids, inclose the capsules in its metal holder and turn a screw and the carbonation is completed.

CALIFORNIA DEMAND FOR SPUDS BETTER

A small amount of potato business is passing with California at this time, but scarcely enough orders are coming forward to give the trade a definite standing.

Offerings by the country are still very heavy and notwithstanding the very poor condition of the roads and the difficulty in reaching the market, arrivals are showing but small decrease at the present time.

Conditions in the potato trade in California have shown a fractional improvement recently, but as yet there is no decided call from there for outside stock.

FINAL TRIBUTE PAID BY HORSE

The funeral of John Friend, of Multino, who died at the Oregon City Hospital as the result of injuries received from a horse kick, was conducted at the Lutheran Church in this city Thursday afternoon at 2 o'clock. Rev. R. W. Kraxberger officiating. The funeral was largely attended by friends of the deceased. The interment was in Mountain View Cemetery.

WONDERFUL INVENTION

Used by the United States Government

Evinsrud Detachable Rowboat Motor. One of the most wonderful inventions of recent years is the Evinsrud Detachable Row Boat and Canoe Motor; used by the United States Government for lighthouse service, coast survey, lifesaving work and other marine duties. Having passed a rigid government test, is the best proof of its merits. This motor clamps to any rowboat by means of two thumb screws, gives a speed up to eight miles per hour on a rowboat, 12 miles on a canoe. Its weight is about 50 pounds, can be carried with you on your vacation trips, and eliminates rowing. Mr. F. G. Epton, box 829, Portland, Ore., northwestern agent, is flooded with orders. Agents and dealers are wanted in every town to sell it. Information and catalogue mailed on request. Mr. Epton is showing the motor in operation at C. G. Miller's, 609 Main St., Oregon City. Place your order now.

Not Guilty.
"Prisoner, you are accused of having stolen a gold watch."
"It is false. In the first place, I never stole it, and, in the second, it wasn't gold."
—Comic Cuts.

LOCAL BRIEFS

"Ted", a Pomeranian Spitz, belonging to Roscoe Morris, of Parkplace, was poisoned Thursday morning. Mr. Morris thinks his pet was poisoned by persons who had planned to rob the house. He had been offered \$50 for the animal which was the finest specimen of Pomeranian Spitz in Clackamas County.
C. C. Babcock, Street Superintendent, reports that a signal lamp was stolen Thursday night from Twelfth and John Adams Streets, where there is a deep hole made for repairing a sewer. Mr. Babcock says the loss of the lamp is a small matter, compared to the danger that persons passing were in.
Mr. F. G. Epton, of Portland, is in town for a few days demonstrating the wonderful detachable row boat and canoe motor. Mr. F. G. Epton is located at C. G. Miller's store, Main Street.

Among the out of town men in Oregon City Thursday were J. T. Apperson, Parkplace; C. E. Spence, Beaver Creek; Harry Blair, Canby; J. W. Roots, Boring; J. F. Risley, C. W. Risley, and H. G. Starkweather, of Oak Grove.

to cure catarrh or a cold in the head is using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.
Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.
Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.
The Life of a Drop of Water.
A German professor named Meinardus has amused himself with calculating how long a drop of water stays in the ocean before it is evaporated and how soon it returns to the sea. Calculating—he does not say how—the total evaporation from the surface of the ocean and estimating the total volume of water in the oceans, a drop of water entering the ocean will stay there 3,469 years provided it awaits its turn to be evaporated. However, the professor admits that the surface water stands a good chance of getting ahead of its turn. The average stay out of the ocean is only twelve days before it has fallen in rain and run back again to the sea.—Boston Globe.
