The meeting this evening will be called to order at 8 o'clock and all members of the society are urged to be present. It was at first announced that the banquet would be held in Willamette Hall and it is urged that persons who have obtained tickets will bear in mind that it will be at Woodman Hall. MILL HOME SITE TO HAVE WELL WATER

The Willamette Pulp & Paper Company has contracted with an Oregon City contractor to bore six wells 200 feet deep on its newly plotted home tract on the West Side known as Willamette Heights. It is expected that a sufficient supply of artesian water will be found to supply the entire West Side from Willamette City line north to Bolton. It is also possible that a large enough flow will be found to take care of Oregon City's present need.

The first well will be bored near the West Side Hill school house where there are very valuable springs and artesian water. This tract is to be provided with a sewerage system, perfectly pure water, paved streets, electric lights and sidewalks and it is expected many homes will be built by the company before Fall for its employees. Don E. Meldrum, engineer, is in charge of the business for the company.

ST. VALENTINE'S DAY ONE TO BE OBSERVED

The Enterprise, in answer to numerous questions, wishes to state that St. Valentine's day this year will be a day of abstinence for all members of the Anglican and Roman Catholic Churches. Members of these churches will not be allowed to dance on that day. The day falls upon Friday, which is always a day of abstinence unless it should be Christmas, and this year it also is in Lent, every day of which is theoretically a day of abstinence. It also falls this year on one of the special days of fasting, known as Ember Day. Persons belonging to the Anglican Catholic and the Roman Catholic Churches could not consistently attend dances on the coming St. Valentine's day.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night. The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardul. Now, I am entirely well. I am sure Cardul saved my life. I will never be without Cardul in my home. I recommend it to my friends." For fifty years, Cardul has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause. If you suffer from any symptoms of womanly trouble, take Cardul. Your druggist sells and recommends it. Get a bottle from him today.

FOR SALE BY THE JONES DRUG COMPANY

over this hard surface roadway, they would leave in Oregon 30,000 times \$200, or \$6,000,000. This is money which otherwise would not reach the state at all. But the amount spent in actual touring is the small part of the gain to Oregon. People who tour in automobiles have money to invest. They do not make investments in land they see looking out of Pullman car windows. They must visit a community before they buy. The best example, probably, is southern California. If you could take away from

Los Angeles the people who write checks on eastern banks, and clip coupons, how much would their absence be felt by the community? Bring 30,000 automobile tourists into Oregon and Washington over a hard surfaced Pacific Highway. Would they make investments? It all depends on whether Oregon and Washington have anything to offer the investor. In scenery, climate, and quality of the soil, there is no comparison between California and the north-west.
