Nothing Like It. "Did Marie make a fortunate marriage?" "She certainly did. Why, haven't you heard?" "Heard what?" "The court allowed her \$50,000 alimony."

LOCAL BRIEFS

D. O. Anderson, special representative of the Western Stock Journal, has returned to this city after an extended business trip to Southern Oregon and Northern California.

A jolly theatre party was that given by Miss C. Pratt to a number of her friends Monday evening. After seeing the different moving picture shows the party retired to a restaurant where a delicious luncheon was served.

A great many Oregon City people are attending "The Return of Peter Grimm" by David Warfield, which is playing at The Heilig Theatre in Portland this week.

John W. Long, of Knob Hill, accused of attacking John Gilbert last Saturday afternoon was fined \$10 and given a jail sentence of 10 days by Recorder Stupp Tuesday afternoon.

Mrs. Helen B. Clark, after a long illness of typhoid fever, is now convalescent at her home. Mrs. E. E. Brodie and Mrs. Nieta Barlow Lawrence will go to Salem Wednesday where they will participate in the Eldridge-Brown musical.

Rev. F. Clacks is recovering from a severe attack of the grip which has kept him at home for some time. There is much illness in Mr. Clack's neighborhood.

Harold Yoder has returned to this city to remain a few weeks with his parents. He has been in Spokane for several years.

C. D. Latourette has returned from Salem after spending several days in the capital city.

M. R. Boyles, of Molalla, was a business visitor in Oregon City the first part of the week.

B. T. McBain has returned from Salem where he attended the legislature.

E. A. Pace and wife, of Portland, were recent Oregon City visitors.

Fred Schafer, of Molalla, was in Oregon City Tuesday on business.

Arthur Snelder, of Woodburn, was in Oregon City over Tuesday.

J. H. Powers, of Molalla, was in Oregon City over Monday.

Charles Risely, of Risely, was in Oregon City Tuesday.

J. B. Woodsome, of Portland, was a recent Oregon City visitor.

William Keff, of Portland, was in Oregon City Monday.

Milady's Mirror

To Avoid Grayness. Most women past middle age look handsomer with gray hair unless they are fat and colorless, but the difficulty is to make them believe it.

A missionary says that few of the native women have gray hair when advanced in years. This she attributes to the nearly universal use of grease on the hair.

A scalp specialist when asked about this theory said: "There is much in it. Gray hair often comes from too little oil in the scalp. If women would grease their hair more it would keep its color longer."

The objection to a greasy head can be overcome. A little vaseline can be well rubbed into the scalp once a week. If this cannot be done without getting it in the long hair, go to a hairdresser.

If you will not use vaseline, at least give the hair a thorough oiling each time before it is shampooed, which should be about once a month in cold weather, oftener in summer.

Rub the hair with crude oil the night before it is to be washed. Do not use too much. About half what the amateur thinks necessary will be more than enough. As even this small amount is ruinous to bed linen, tie up the head and put an old case on the pillow. Some women wear a bathing cap for the one night.

Besides giving the oil needed to prevent grayness, this application of crude oil keeps out dandruff as nothing else will.

Where there is a tendency in families to turn gray early extra care of the hair must be taken. Do not use dry washes on it and be careful of hot curling irons.

Where there is a tendency to gray hair cultivate a placid disposition. Worry acts on the nerves, and nervous disorders unchecked are harmful to the hair. For the same reason fight off bad headaches. Besides their discomfort, the hair suffers. Thus indirectly eye strain is responsible for gray and falling hair.

Care of the Throat.

A famous throat doctor, who cares for the vocal organs of many of the greatest of our opera singers, makes the unqualified statement that if throats and noses were systematically cleansed many illnesses, including bronchitis, catarrh and consumption, would be averted.

A salt water douche and gargle to cleanse the throat and nose thoroughly should be used, he declares, at least twice a day.

"Fill a wide mouthed bottle," he advises, "holding a pint, with boiled water and add to it a teaspoonful of common sea salt. When you rise in the morning and when you retire at night, after gargling the throat with the solution, fill the hollow of the hand with it and draw it up the nose, throwing the head back. This last should be done carefully. It will cause coughing, but will completely clear all the little spaces and intricate passages of the nose and throat."

Toilet Suggestions.

When the hair splits clip the ends. For ink stains on the fingers try lemon and salt. Corns can be removed by daily rubbing with toilet pumice.

One dram of boric acid mixed with four ounces of distilled witch hazel make a good lotion for a greasy skin. Apply with a soft cloth or velvet sponge.

When the first symptoms of a headache appear take one teaspoonful of clear lemon juice fifteen minutes before each meal and at bedtime and continue until symptoms are past. For biliousness plain lemon juice promotes sleep and appetite.

Soap and water are needed to remove blackheads, which are caused by dirt collecting in the pores. After rinsing the face in clean water rub over it a piece of ice. This will contract the pores. After drying the skin apply witch hazel to it.

Mary Garden's Beauty Hint.

"Porridge and going to bed early—and a little drop of something that all good Scots take at critical moments—to this formula I attribute my—shall we say form?" Thus testified Mary Garden as to her mode of living last summer when she was resting at her country place near Aberdeen.

"Going to bed early is just as important as the other two items, and, as for porridge, I can assure any one who is afraid of gaining weight that a porridge diet will insure her against gain, but not against loss. You see, I am an example. I am in the best of health, eyes clear, complexion good, and I weigh exactly the same as I did last year, 137½, which is the proper weight for a singer."

For the Manicure.

Peroxide of hydrogen plays an important part in the process of manicure, for this not only bleaches out any discoloration, but it is a powerful disinfectant and will kill any germs which may have settled under the nails.

It is also useful if the file or scissors slip and cut the flesh, for it will purify the cut, and if used immediately there is no likelihood of the slight injury becoming more harmful.

Contradictions.

"The more the merrier." Not so. One hand is enough in a purse. "Nothing hurts the stomach more than surfeiting." Yes, lack of meat. "Nothing but what has an end." Not so. A ring has none, for it is round. "Money is a great comfort." Not when it brings a thief to the gallows. "The world is a long journey." Not so. The sun goes over it every day. "It is a great way to the bottom of the sea." Not so. It is but a stone's cast. "A friend is best found in adversity." Not so, for then there is none to be found. "The pride of the rich makes the labor of the poor." Not so. The labor of the poor makes the pride of the rich.

FROZEN ORANGES WILL BE BARRED

No frozen oranges should be permitted to enter Portland or other northwest markets is the opinion of state officials, as well as the most reliable wholesalers.

It has been definitely ascertained that frozen oranges are an injury to the health, causing much distress to the stomach, therefore from this viewpoint only officials are inclined to keep the stock away from customers. Great efforts are being made by Southern California interests to market the stock in the face of the fact that the stock is not fit to eat. Northern California is against the plan because of the fear that such marketing would ruin the reputation of California's big industry.

Outside of the health viewpoint officials believe that such marketing would work an injury to one of the Pacific Northwest's leading industries apple growing. Frosted oranges would be sold at such a low figure that much harm to the apple trade would result. While this is stated to be a very selfish reason by some interests the same plan is being worked in California on other products. Florida grapefruit or oranges are not allowed in California, and the same state has barred Idaho alfalfa. The product of both these sections are admitted to all other states, and have worked no injury.

DR. LANE IS ELECTED UNITED STATES SENATOR

SALEM, Or., Jan. 21.—Twenty-eight members of the state senate at noon today voted for Dr. Harry Lane, of Portland, the people's choice for United States senator to succeed Jonathan Bourne, Jr., on March 4 next. The only two against Lane were Calkins and Bean, who cast their votes for Ben Selling.

In the house of representatives at the same time 50 members cast their votes for Dr. Harry Lane, S. A. D. Meek, of Washington County, being the only one to vote for Selling.

In the house 53 votes were cast for Lane by members taking Statement No. 1. Belland of Clatsop, though not pledged, said he thought the will of the people greater than the opinion of any one man, and also voted for Lane. Representative Meek, who was unpledged, voted for Selling, with the explanation that he had refused to sign the statement and objected to Lane as the nominee for United States senator.

Hoskins and Lester in the senate, both unpledged, voted for Lane, explaining their ballots by the assertion that they believed the will of the people should prevail. Dr. J. C. Smith, the unpledged member from Josephine, also voted for Lane, but made no explanation.

It is a noteworthy fact that the election of Dr. Lane evoked absolutely no enthusiasm in either house; despite the glowing speeches of Democratic members, not a handclap was heard at any time.

SOCIALISM URGED AT BROTHERHOOD DINNER

One of the most successful meetings of the Brotherhood of the Congregational Church was that Tuesday evening. A delicious dinner was served by the Ladies Aid Society to about 50 members of the Brotherhood and their guests, during which music was furnished by the Gustav Flechner orchestra. After the dinner T. J. Gary, toast master, introduced the

speakers. Rev. W. A. Gorman, of Portland, was the first speaker. He spoke on Socialism in its higher forms. Mr. Gorman, who spent several years in the London tenements believes that the people should control all resources. He stated that there were two kinds of Christian Socialism that the church was interested in, first, there is the class in the church that believes social conditions should be improved, but that the church should not participate actively in the condition itself. The second class believes that it is the duty of the church to participate actively in working out social conditions. This latter opinion Mr. Gorman most heartily believes in, and he stated that the church should get down into the pit and help struggling humanity, for so long as bad social conditions existed the church was to blame.

B. T. McBain told the story of his life as an incident of how a man might rise if he always kept before him a high goal and was not afraid of hard work. He believes that every man should have a chance to share the profits of the business that he is working in. Mr. McBain stated that kindness and the right to share the profits of a large business are factors which will not only make the men satisfied, but will increase the efficiency of the business.

Grant B. Dimick said that the best way to take care of the social unrest for all of the unemployed is to get to work and utilize the resources that lie about them. He declared that the ordinary Clackamas County farmer does not do this. Gilbert Hedges stated that he believed men should not be worked longer than 12 hours a day and also that corporations should be controlled by the law. Other speakers were Colonel Dye, A. P. Carter and Rev. G. N. Edwards.

Crushing John.

"Maria," said Mr. Williams, "what ails this meat?"

"Never mind the meat, dear," said Mrs. Williams. "I'm more concerned to know what ails you. This is the first time for twenty-five years that you haven't been able to tell exactly what ailed the meat and everything else on the table. Aren't you well today, John?"—London Mail.

election thereunder, the counting, canvassing and returning of the votes and the effect of any such votes, are hereby made applicable and are retained in full force and effect, and the provisions hereof are intended to be in addition and supplementary to existing provisions of law. Senate Bill No. 66 is a measure of no little interest to people living in the country, and especially those who give some attention to road building. The bill changes the system of choosing road supervisors, taking the appointment away from the County Courts and making the supervisors elective by the people of their respective districts. The bill follows: For an act entitled, "An act to amend Section 6314 of Lord's Oregon Laws." Be it enacted by the people of the state of Oregon: Be it enacted by the Legislative Assembly of the state of Oregon: Section 1. That Section 6314 of Lord's Oregon Laws be and the same is hereby amended so as to read as follows: Section 6314. There shall be a regular meeting of the legal voters of every road district in the state of Oregon held on the first Monday in December of each year for the purpose of electing a road supervisor in and for such district for the year beginning on the first of January next ensuing. The supervisor of such district shall cause written notices of such meeting, stating the object thereof and the time and place of holding the same, signed by himself, to be signed by himself, to be posted in three public places in the district at least ten days before the day appointed for the meeting, but any neglect or failure to post such notice shall not avoid such meeting nor invalidate the action of the voters of the district taken thereat, but shall be only for the purpose of calling their attention to the provisions of this section. The legal voters of such district, when assembled at such meeting, shall proceed to elect by ballot a road supervisor in and for such district, who shall be a resident of the district for which he is elected, and shall hold his office for the term of one year, beginning on the first of January next ensuing, and until his successor is elected and qualified. Before entering upon the discharge of his duties each road supervisor shall take an oath to faithfully discharge the duties of his office. Any vacancy occurring in the office of road supervisor shall be filled by the county court at any time after such vacancy shall have occurred, and the person so appointed shall hold office for the remainder of the year. Senator Dimick's bill to require a medical certificate as an additional requisite to the issuance of a marriage license is one that will interest all students of eugenics. It has been suggested that a provision to have a board of physicians pass upon the physical condition of the applicant for a marriage license, instead of placing the responsibility upon a single physician, would strengthen the measure. The bill is believed to be meritorious, and bears the title of Senate Bill No. 46. It follows: A bill for an act entitled "An act to require medical certificate as an additional requisite to issuance of a marriage license." Be it enacted by the people of the state of Oregon: Be it enacted by the Legislative Assembly of the state of Oregon: Section 1. That before any county clerk in this state shall issue a marriage license the applicant therefor shall file with the clerk from whom such license is sought, a certificate from a physician duly authorized to practice medicine within the state, made under oath, within twelve hours from the date of filing the same, showing that the male person thus seeking to enter the marriage relation is free from contagious or infectious venereal disease. Section 2. Any physician who shall knowingly and willfully make any false statement in any certificate issued, as herein provided, shall be punished by the revocation of his license to practice his profession within the state. Section 3. All fees and charges of an physician making the necessary examination of and issuing the necessary certificate to any one party, as herein provided, shall not exceed the sum of \$2.50. Section 4. The county physicians of the several counties shall, upon request, make the necessary examination and issue such certificate, if the same can be properly issued, without charge to the applicant, if indigent.
