HOPS IN DEMAND AT 19 AND 20 CENTS

The hop market continues strong in tone, with 19 to 20 cents the general quotations on best goods now obtainable, but some members of the trade report the demand less pronounced than was the case a week ago. By this they mean that buyers in this state now are making less effort to do business with the growers and other holders, for the reason that business at going prices is all but impossible. The holders of the relatively small stocks of hops that remain available in this state are decidedly on the bull side of the market and trade is practically at a standstill.

Prevailing Oregon City prices are as follows: HIDES—(Buying) Green salted, 7c to 8c; sheep pelts 75c to \$1.50 each. FEED—(Selling) Shorts, \$26; bran \$24; process barley \$27 to \$28 per ton. FLOUR—\$4.50 to \$5.

REVOLUTION SEQUEL TO PEACE PLANS

CONSTANTINOPLE, Jan. 23.—"We will never surrender Adrianople to the Balkan allies. We do not desire a continuation of the war, but we shall save the honor of the Turkish empire or die in the attempt."

With this declaration tonight Mahamed Shevket Pasha accepted the position of grand vizier of Turkey, following the fall of the government of Kaimil Pasha, who resigned today with his entire cabinet when they were confronted with revolution of peace were declared with the Balkan peoples at the cost of Turkish territory.

Kaimil Pasha's resignation as grand vizier followed hard on the heels of word from the Turkish forces at Tchatalja that they had sworn never to surrender Adrianople, and that unless the powers actively intervene the revolution means that war will be resumed within a few days at most.

It was semi-officially stated here tonight that Shevket Pasha will immediately establish a military dictatorship to forestall any violence by the Tchatalja troops, who, it is feared, may begin a carnival of blood against all Christians, unless the plan to cede Adrianople and the Aegean Islands is quickly and finally abandoned.

Most of the Ottoman people regard the peace terms to which Kaimil Pasha's ministry agreed, as highly humiliating and the feeling is general that it would be better for Turkey to go on with honor, fighting to the last inch of Europe, than to tamely submit to cession of the tombs of the caliphs at Adrianople and to the loss of territory which has been Moslem for centuries.

This feeling was voiced by Shevket Pasha, after assuming office, and by Talaat Bey, who was named as minister of the interior in the new cabinet. He said:

"We shall save the honor of the empire or die. The government that countenanced such a shameful surrender as was demanded by the Balkan allies has been overthrown. The change in cabinet means that not all the terms agreed to by Kaimil Pasha's government will be even considered. New ground for agreement must be found before Turkey will consent to secede the sword. We certainly do not desire to continue the struggle, but we are determined to hold Adrianople at any cost."

DIMICK NAMED ON NAVAL COMMITTEE

STATE CAPITOL, Salem, Or., Jan. 23.—President Malarky, of the Senate, today named Senators Joseph Carson and Dimick as members of the special Senate committee to probe into the affairs of the Oregon Naval Militia. Joseph, who introduced the Naval Militia bill in the first session two years ago and who introduced the resolution at this session calling for the investigation, was named as chairman of the investigating committee.

The investigation promises to take on a wide range, as the personnel of the committee would indicate. Carson, of Marion, is neutral. Joseph, being father of the bill to create the militia, will favor the organization more or less, it is thought.

But Dimick, the third member of the committee, has a bill in this session to repeal the Joseph law that created the militia. Joseph states he is anxious to see the Naval Militia continue as an organization, but if there is any truth in charges that have been made he believes the truth should be determined.

Dimick, on the other hand, is anxious to see the Naval Militia disbanded. As a consequence there appears to be on the face of situation, as it now stands, small chance of the committee ever getting together on a report no matter what the investigation may bring forth.

Section 19. Upon the day of election the judges of election as soon as an elector applying to vote has given his name and address to the election clerks, shall ask the elector if he has registered, and also examine the register. Notwithstanding the elector has registered, his right to vote may be challenged and tried at any time before his ballot is given and the judges shall compare his signature with the signature in the precinct register.
