Big Issue of Paper Legal Tender is Proposed by Ex-State Treasurer of Pennsylvania

WASHINGTON, Jan. 28.—Farmers' opposition to the national monetary commissioner's plan was voiced today by W. T. Creasy, master of the Pennsylvania State Grange, before the House currency reform committee. Creasy told the committee that he believed farmers generally were "bitterly opposed to the Aldrich scheme. "We believe," he said, "that the big financiers are much more interested in maintaining control of the currency than they are in any effort to obtain its elasticity."

C. S. Barrett, of Union City, Ga., president of the National Farmers' Union, an organization with branches in 21 states and 3,000,000 members, appeared heading a delegation including J. D. Brown, Arlington, Or., O. F. Darnblaser, Brunswick, Neb.; Peter Radford, Fort Worth, Tex., and A. F. Swift, Baker, Or. The spokesman for the delegation said the farmers objected to the present monetary system because it led to "mad speculation. A system of incorporated clearing-houses was suggested.

Farmers need long term loans, it was argued, in order that they may become owners instead of tenants. To meet this need, the delegation proposed that postal savings bank deposits be made available for loans on farm lands and outlined a system of land banks to be operated separately from commercial banks.

The issue of paper legal tender, based on Government, state and municipal bonds and backed by a gold reserve of at least 20 per cent, was recommended as a solution of the currency problem by W. H. Berry, ex-State Treasurer of Pennsylvania.

Mr. Berry told the committee that the evil of the present system was an insufficient supply of legal tender reserve to support the extended interests of the country.

"The banking laws are responsible for the accumulation of money in the reserve cities," he said. "A lack of cash in reserve restricts the banks in the credit they can allow and this inevitably results in a discrimination as to borrowers. So long as this situation obtains there will be a money trust."

A chart produced by Mr. Berry purported to show that panic followed an expansion of credit to a point where it was beyond the support of the available cash reserves.

"That is the situation now," he continued. "The creation of a fund where the reserves are but 8.2 per cent of the outstanding obligations of the banks. Unless these reserves are extended in some way a panic will follow. That 8.2 per cent was about the breaking point of 1907."

## MOTHERS' CONGRESS PRAISES GOVERNOR

PHILADELPHIA, Jan. 28.—The news of the action of Governor West making Oregon the first state to create a juvenile probation commission was lauded by speakers at a meeting of the Pennsylvania Congress of Mothers here yesterday.

The meeting was called to lay plans to oppose the creating of a proposed municipal court which would absorb the juvenile court, and which will come up before the next meeting of the legislature. Mrs. Frederic Schoff, president of the Mothers' Congress, told of the Oregon commission and the work they intend to accomplish.

There is a movement now on foot to have such a commission for Pennsylvania, and Mrs. Schoff declared she will shortly visit Portland to secure more pointers on the work of their commission. This data will be presented to the Pennsylvania legislature when the bill is introduced.

## TAFT BIDS CONGRESS SOCIAL FAREWELL

WASHINGTON, Jan. 28.—President Taft had social farewell today to members of the Senate and House of Representatives. The occasion was the final reception of the Taft administration in honor of Congress. The White House was thronged with Senators and Representatives, with their ladies and other invited guests.

The President, with Mrs. Taft at his side, was assisted in receiving by the ladies of the Cabinet. He extended a warm greeting to each guest in the receiving line in the Blue Room. Dancing in the East room followed the reception.

Only one more reception will be given by the President and Mrs. Taft, that to the Army and Navy the evening of February 4.

## SUFFRAGETTES IN BIG LONDON RIOT

## JAIL WELCOMED BY DISTURBERS

Scotland Yard Detectives, on Alert, Say They Have Plans of Equal Vote Advocates

LONDON, Jan. 28.—Renewed rioting among the suffragettes resulted tonight in the arrest of Mrs. Drummond, president of the Women's Social and Political League; Miss Sylvia Pankhurst and a dozen other militant women about the parliament buildings here. The women tried to "rush" David Lloyd-George, Chancellor of the Exchequer.

A cordon of police was hastily summoned and the women, throwing themselves against the guards around the parliament buildings, had to be carried to the station house. It is feared there will be further demonstrations during the night and the authorities have renewed their precautions.

Mrs. Despard, the noted suffragette leader arrested with six others for participation in a destructive demonstration, refused today to pay a fine of \$10, remarking "Not one cent for tribute." She was sentenced to jail for 14 days.

Another suffragette who refused to give her name was sentenced to one week in jail on the charge of inciting a riot.

The statement that the young woman arrested last night at St. Stephens Hall while attempting to destroy a large painting was Miss Sylvia Pankhurst was denied today.

Scotland Yard detectives claim to be in possession of the plans of the suffragettes and are confident they can cope with the militant women. Women detectives recently joined the suffragette ranks and got into their inner circles, it is declared.

Despite assurances, London fears a reign of terror, and shop keepers are barring the windows.

Mrs. Drummond, president of the Women's Social and Political Union, declared today that she will lead a deputation of working women to call on David Lloyd-George, Chancellor of the Exchequer, tonight. He has refused to see them, but they declare they will call anyway. Trouble is expected.

Mrs. Cousins, Mrs. Connery, and Mrs. Hopkins, three suffragettes, were arrested today. John Simpson, "male suffragette," arrested during last night's demonstration, was tried in Bow Street police court today and fined \$10. He refused to pay and was sent to jail for two weeks.

## WOMEN TO "HATCH" VOTES IN NEW YORK

NEW YORK, Jan. 28.—A new plan by which they hope to "hatch votes for women" will be inaugurated here by ardent leaders of the cause.

Headed by Mrs. Perry Hastings, president of the Interborough Suffrage Club and Women's Exchange, and Mrs. Sophia Kremer, vice-president of the organization, enthusiastic members, spent last night posting "Votes for Women" slips on 12,000 eggs.

"These eggs, which the women claim are fresh from the farm, are to be placed on sale today. The women behind the project believe that good missionary service will be performed through placing the fresh eggs with their novel inscription in the hands of consumers.

"We can get all the fresh eggs we want," Mrs. Kremer explained. "They come from farmers in New York and are fresh that will do away with the middleman."

Two dozen of the eggs will be sold. They are to be sent by parcel post to Governor Wilson and Governor Sulzer.

## GOWNS MUST BE WORN BY JUDGES

OLYMPIA, Wash., Jan. 28.—Gowns will continue to be worn by the judges of the Superior Courts of Washington. The House of Representatives today killed a bill providing for abolishing the gowns.

The Senate today passed a bill creating the office of state sealer of weights and measures at \$2,000 a year and empowering him to appoint deputies in each county of the state. The bill was passed after a bitter fight.

The same committee today reported into the Senate two bills aimed at the protection of life and property from hunters. One bill requires all persons hunting in brushy country to wear red shirts and requires persons to make certain by sight and observation that an object which is shot at is not a human being or a domestic animal.

## FRIENDS PAY FINAL TRIBUTE TO HODES

The funeral of Carl Hodes, the saloon man, which was held at 10 o'clock Tuesday morning at St. John's Roman Catholic Church, was one of the best attended funerals ever held in this city. Father Hillebrand, who officiated, told of how Mr. Hodes had been a regular attendant at church, and declared that the cause of his committing suicide was the injury received to his head when he fell on the sidewalk several weeks ago. The interment was in the Catholic Cemetery.

## TRAINS HALTED BY CARS JUMPING TRACK

Traffic on the Southern Pacific Railway was delayed ten hours Tuesday morning as the result of four cars of a northbound freight train being derailed at Pulp Siding three miles south of this city. One car that was derailed was dragged two miles before the trainmen knew of the accident. Just before the train passed New Era the rear truck of one of the cars was derailed, and it was not until the car struck a cattle guard that the trainmen realized it was off the track. The cattle guard was broken and the truck fell into the hole. The end of the car was badly wrecked. Others were thrown across the wrecked one. No one was injured and most of the cars remained on the track. This is the second accident that has occurred on the Southern Pacific within the past four days, the other being an attempt to wreck the San Francisco Express at Sixteenth Street Saturday morning.

## SENATORS TO FIGHT FOR CONFIRMATIONS

WASHINGTON, Jan. 28.—After a caucus of Republican Senators today, in which a plan to fight for confirmation of President Taft's held-up nominations was agreed upon, Senator Smoot moved an executive session of the Senate, with the idea of holding the session as long as a quorum could be kept. The Republicans had promised to remain in their seats to hold the quorum and to repeat the motion every day. The Democrats were equally determined to permit no confirmations other than Army, Navy and diplomatic, and a lively struggle is probable.

The Republicans declined to consider the proposal made by the Democratic caucus for a joint committee of 10 to go over the nominations and select some for confirmation. The proposal found no support among Republicans.

In executive session, Martin, Democratic floor leader, stated that the Democrats would continue to oppose action on the majority of the Taft appointments. He declared that the filibuster on legislation, adding that if any appropriation bills failed of passage before March 4, they could be passed in the extra session.

The Republican caucus presented a solid front to insist upon confirmations. Senators Dixon and Poindexter, who have joined the Progressive party, were not there, but other Republicans, classed as Progressives, were present and apparently in accord with the plan of the caucus, which held that each case must stand upon its merits. It was decided to revoke the agreement to proceed first with Army and Navy appointments, the Republicans holding that the Democrats had not shown good faith by their deliberate manner of proceeding with them.

## SHERIFF MASS IS POISON OAK VICTIM

E. T. Mass, sheriff of Clackamas County, has discovered that detective work has its drawbacks. For more than a week the sheriff searched for Carl Hodes, the saloon man who mysteriously disappeared, and finally when it became evident that the man had committed suicide, the hills of West Oregon City were combed, Sheriff Mass heading the party. The body was found. The sheriff Tuesday could hardly open his eyes and his face, as a result of having come in contact with poison oak, was badly swollen. He is under the care of a physician and expects to get rid of the poison before called upon to ferret out another mystery.

Partition is Asked. Charles A. King Tuesday filed suit against H. E. Noble and John W. Loder for a partition of land in section 23, township 2 south, range 6 east. The property is owned by the plaintiff and Noble. Loder holds a mortgage on the property. A sale is asked.

Senator Edwin C. Burrell, new Senator from Maine, succeeding Obadiah Gardner.

## TEACHERS' TRUST IS FEARED BY SENATOR

SALEM, Or., Jan. 28.—Appearing before the Senate and House committees on education, sitting jointly last night, E. L. Mills, of Portland, made an earnest plea that the provisions of House bill No. 151, by Olson, known as the Haak bill, be carefully considered in connection with Senate bill 74, by Farrell, before making reports. Both measures are ostensibly intended to better school conditions in Portland, but the objection has been raised to the Senate measure that it will result in the formation of a teachers' machine, as bad or worse in its operation than the present school board machine.

The merits of the House bill were gone into at length by Mills, who showed perfect familiarity with both measures. He asserted that under Farrell's bill the teachers virtually would be able to perpetuate their tenure of office for all time and that it would be almost impossible to remove any of them, no matter what the nature of their offense. He charged that by having such a bill drawn in secret and introduced without the knowledge of the persons who have been fighting their battles for them so long the teachers had not acted in good faith. The House bill, he asserted, would hold the school board machine within proper bounds and at the same time give the teachers a fair deal.

The explanation of Mills was received favorably by the committee, which also listened to an exposition of the situation from others.

Dr. Milliken Preaches. Dr. W. T. Milliken spoke Tuesday night at Willamette to a good audience. Mr. Wittol sang and told of his experience as a Russian refugee. Tonight Dr. M. L. Rugg will speak. Special music will be rendered by singers from Oregon City.

2 DIVORCES GRANTED. Anna Gillette was granted a divorce Tuesday from Michael Gillette. Albert Rowe was granted a decree from Edith Rowe.

## 18-HOUR SHIFT TO BE ABANDONED

MILLS MAKE CONCESSIONS TO COMMITTEE CONSIDERING SHORTER HOURS

## DIMICK FIGHTS SUPERVISOR LAW

Schuebel Works to have County Judges Made Ex-Officio Wardens—Gill Introduces Bills

SALEM, Jan. 28., (Special).—Notification was received today from George Pusey, manager of the Hawley Pulp & Paper Company, of Oregon City, that the 18-hour shift in the mill will be abrogated at once. The information came to Senator Smith of Coos and Curry Counties. He is chairman of the industries committee which Monday night heard the statements of various Oregon City persons in connection with the Dimick eight-hour bill. Senator Smith was notified of the move on long distance telephone. Mr. Pusey when appearing before the committee, was taken seriously to task by Chairman Smith for allowing the 18-hour shift for Sunday and Monday to continue in operation at the mills.

Senator Smith stated that he would never leave the Legislature without seeing the condition changed and urged upon Mr. Pusey that he reach some agreement with the stockholders of the mill by which the change could be made. Mr. Pusey stated he would take the matter up and make every effort to agree to the demands of the chairman of the committee.

Chairman Smith states he will also take up the question with the Crown-Columbia Pulp & Paper Company and endeavor to have the 18-hour Sunday shift eliminated in that mill.

Representative Schuebel of Clackamas introduced a number of bills in the House today, one providing for sealed contracts on all bridges, another making county judges ex-officio wardens and another relating to the pay of court reporters.

It is understood that the bill making county judges ex-officio fire wardens is a compromise of the bill making road supervisors ex-officio fire wardens. This bill failed. It is thought Schuebel can get the compromise bill through the House. Representative Gill introduced two bills relating to the primary law and election ballots.

Senator Dimick in the Senate today made a desperate effort to get through the Howard House bill giving counties the option of keeping or doing away with rural school supervisors, but the bill was indefinitely postponed. He exhortated the Senators for not giving Clackamas County, which he alleged was by far and large opposed to the supervisors plan, a right to determine whether it desired to keep the supervisors.

## WARRANT IS ISSUED AGAINST H. E. CROSS

The Street Committee of the City Council has authorized the issuance of a warrant against H. E. Cross, Main Trunk of the Live Wires, charging him with not removing earth which has obstructed Monroe Street between Twelfth and Thirteenth Streets. The earth, it is contended, came from Mr. Cross' property. The complaint was made by City Attorney Stone and issued by Recorder Stipp. Mr. Cross has from the start objected to the improvement of Monroe Street, contending that it was not necessary, and filed suit to enjoin the city from making the improvement. That he will fight the action taken by the city is assured.

## HEAVY SEA AIDS WORK ON CANAL

WASHINGTON, Jan. 28.—Instead of being discouraged by the heavy seas that are pounding the Atlantic approach to the Panama Canal, the engineers under Colonel George W. Goethals have harnessed the tides, and are making them aid in advancing the work, according to advices from the canal zone today. The sea is assisting materially in shaping up the giant breakwater that will guard the Atlantic entrance to the canal by beating the seaward slope of the trestle work into the angle desired by the engineers.

## OREGON CITY TO BE MADE SPOTLESS

CITY COUNCIL AND LIVE WIRES TO GET BUSY ON WORK SAME DAY

## MERCHANTS WANT CLUSTER LIGHTS

Suggestion that Brick Pavement on Main Street be Covered With Concrete is Made

Oregon City will be made a Spotless Town in short order. The committee on health and police of the city council, with Councilman Albright at its head, has issued a warning that the ordinance relating to filth will be rigidly enforced. This committee with Chief of Police Shaw will today make an investigation of yards and barns that are supposed to be in an unhealthy condition. If found to be so the owners will be warned to clean them at once, and if they fail to do so, they will be arrested. The ordinance provides a fine of from \$2 to \$50 for the first offense and for a fine of \$100 and imprisonment in the city jail of not more than 50 days for the second offense.

H. E. Cross, Main Trunk of the Live Wires at the luncheon Tuesday, acted upon a suggestion made in a letter to The Enterprise, by Dr. J. A. van Brakel, appointed a committee to work for civic betterment. The committee is composed of Dr. van Brakel, F. A. Olmsted, L. V. Stipp, Dr. L. L. Pickens, Dr. L. A. Morris, Dr. Clyde Mount, E. Kenneth Stanton, Gilbert Hedges and M. D. Latourette. Dr. van Brakel was named chairman of the committee and Mr. Olmsted secretary.

The chairman announced that the committee would make an inspection of the city today and report to the Live Wires at the next luncheon.

A. A. Price, a committee of one, made a report at the Live Wires' luncheon that most of the merchants favored having cluster lights on Main Street. He said the cost of erecting each light would be \$80. The monthly charge for electricity will be about \$3.50.

Mr. Latourette made a report regarding the hardsurfacing of Main Street from the Oregon City Manufacturing Company to Moss Street, where the new concrete pavement starts. It has been suggested that the brick be covered with concrete or some other smooth pavement.

Jesse Hazell recommended that the organization favor the building of escalators to the hill section instead of an elevator. He thought there should be an escalator at Seventh Street and another at Eighth Street.

## Couple Gets License

A license to marry was issued Tuesday to Pearl M. Todd and L. R. Vincent.

## KNIGHTS OF KING ARTHUR HAVE MEETING

The first winter meeting of the Knights of King Arthur was held at the home of Kent Wilson Tuesday night. Officers were elected as follows: King, John Matheson; Secretary, Ray Harris Morris; Treasurer, Charles Beattie. A debate was held the subject being: "Resolved, That Oregon Should have a Lieutenant Governor." The judges decided in favor of the affirmative. Delicious refreshments were served by the host.

## FIRE SOON EXTINGUISHED

The fire department was called to a blaze in the Oregon City Laundry, 301 Main Street, Tuesday afternoon. The fire was soon extinguished, the loss being small.

## SCHOOL SUPERVISOR LAW NOT TO BE REPEALED

SALEM, Or., Jan. 28.—That the law for appointment of county school supervisors will remain as it stands for at least two years was made certain when the Senate indefinitely postponed House substitute bill No. 12, by Howard. This was the second time the Senate has voted on this question. The first time it killed off a bill by Dimick, abolishing the supervisor law. The House tried another tack, adopting the local option principle.
