## HOT LAKE TO BE BOUGHT BY MOOSE

WALTER M. PIERCE, OF COMPANY, SAYS ARRANGEMENTS ARE ABOUT MADE

## COST TO BE ALMOST HALF A MILLION

Report to Become Home for Indigent Members—Place Soon May be Rival of Hot Springs

W. M. Pierce, who announces that Moose Lodge probably will buy Hot Lake.

Walter M. Pierce, principal owner of Hot Lake, one of the most famous resorts in the United States, who was in Oregon City Thursday night, announced that arrangements had been completed to sell the property to the Moose Lodges of the northwest. The resort is in Union County, 300 miles east of Portland in the O. W. R. & N. Railway. Mr. Pierce said the price would be in the neighborhood of \$450,000.

The plan to buy the property was approved by the Oregon City Lodge at a meeting Thursday evening, which was attended by Mr. Pierce. It has been approved by Portland Lodges and other Oregon Lodges. The plan is to make the resort a home for indigent members of the order, and to conduct the place for the benefit of other persons the same as it has been in the past.

"If the proposition is consummated," said Mr. Pierce, "Hot Lake will soon become as famous as Hot Springs in Arkansas. It is an ideal place for a sanatorium. Three million gallons of boiling water comes from one spring daily."

Mr. Pierce said that the company, of which he is head, had spent about \$500,000 on the property. There are 60,000 members of the Moose order in the Northwest and about 600,000 in the United States.

## MAN IS ACQUITTED OF NON SUPPORT CHARGE

Earl Davenport, arrested by Deputy Sheriff Miles on a charge of non support, was acquitted by a jury in County Judge Beattie's Court Thursday. Davenport, who is a cripple, proved that he had endeavored to obtain work, and had been promised work by E. Kenneth Stanton and William Sheehan, of the Willamette Pulp & Paper Company. Mrs. Davenport testified that she had \$24.50 and her husband said he had 40 cents. Gordon E. Hayes, representing the defendant, made an eloquent plea, declaring that his client had done the best he could under the circumstances. Davenport said that he was willing to return to his wife and child when he obtained employment. Mrs. Davenport and child are living with her parents.

## COMMITTEE OPPOSES ESCALATORS AT HILL

The council committee, which is making preliminary arrangements for an elevator at the hill, authorized by the people at the last city election, has decided not to recommend the installation of escalators. The cost of escalators would not be only larger than that of an elevator, but a representative of the Otis Elevator Company has informed the committee that escalators would not be practicable. The committee will hold a meeting the first of next week and probably will make a report at the council meeting Wednesday evening.

## BIG SUM PLEDGED FOR FAIR BUILDING

LEGISLATURE IS TOLD THAT OREGON SHOULD APPROPRIATE \$500,000

## DELEGATIONS APPEAL TO COMMITTEE

Chairman Announces that Amount Will be as Nearly Adequate as can be Given

SALEM, Or., Jan. 30.—(Special.)—Delegations from Portland and 27 other cities and towns in Oregon tonight took Salem by storm, captured the State House and held it until they had assured the members of joint Senate and House committee on ways and means that the state will support an appropriation of between \$300,000 and \$500,000 for the adequate representation at the Panama-Pacific Exposition.

Unbounded enthusiasm prevailed from the time the various delegations from the state reached Salem until the speakers presented the different sections and said their sections of the state would stand by the Legislature in an adequate appropriation and had taken their night trains for home.

The largest delegation was that from Portland, but it was by no means more in earnest or more enthusiastic than the others. Every one present seemed filled with the desire to have Oregon represented at the great exposition in San Francisco in 1915 and all were outspoken in the belief that anything in the way of so-called economy at this time undoubtedly would mean a very poor idea being conveyed to the world as to the interest of Oregon people in what was declared to be a celebration of one of the greatest achievements in history, the completion of the big canal that is to bind the Pacific to the Atlantic and bring the Coast into its own.

At the conclusion of the meeting which was held in the House chamber, and at which State Senator Perkins, of Multnomah County, presided, he pledged himself and the members of the committee on ways and means to an appropriation as nearly adequate as can consistently be made, taking into consideration the many things for which funds will be asked this session. Great cheers greeted his statements, and the various delegations left amid enthusiasm.

He was released under \$5 bail and ordered to appear Thursday afternoon which he failed to do, forfeiting his bail.

## TURKS TOLD WAR IS TO BE RESUMED

PROPOSALS TO BALKAN ALLIES REJECTED BY COMMISSION

## HOSTILITIES BEGIN MONDAY NIGHT

Ottoman Government Agrees to Demand for Dismantling Fortifications in Adrianople

CONSTANTINOPLE, Jan. 30.—The Balkan allies gave notice today of the termination of the armistice, the period of grace of four days starting at 7 o'clock this evening.

The Turkish government displayed a spirit of compromise in its reply, which was promptly rejected by the head of the Bulgarian delegation at London. The reply was made to the note of the powers of January 17.

The response was presented by Mamoud Sheket Pasha, the Grand Vizier, to Margrave Johann von Palavicini, dean of the diplomatic corps in the Turkish capital.

The Porte stipulated for retention by Turkey of those quarters of the fortress of Adrianople in which the holy shrines are situated. It proposed to leave in the hands of the powers the disposal of the land on the right bank of the Maritza River which runs through Adrianople. At the same time the Ottoman government acceded to the dismantling of the fortifications of that city.

In reference to the Turkish islands in the Aegean Sea, the document insisted on the maintenance of Turkish sovereignty.

## ANNEXATION OF MILLS OPPOSED

MAJORITY COMMITTEE REPORT AGAINST MEASURE OFFERED BY DIMICK

## SENATOR SCORES ELECTRIC CHAIR

Schuebel 10-Hour Law Is Considered by Senate Committee—Eight-Hour Bill Thought Doomed

C. Schuebel, Clackamas County Representative, whose bill making 10 hours maximum for work in mills and factories may be substituted for Senator Dimick's eight-hour bill.

SALEM, Jan. 30.—(Special.)—When Senator Dimick's bill relating to changing the boundaries of incorporated cities and towns is reported out of the Senate committee, it will receive an unfavorable report from Senators Joseph and Lester and Senator Kellarer will submit a minority report. The bill has for its purpose, in substance the proposition that the mills across the river from Oregon City may be taken into the city limits of Oregon City. This would mean that these mills would be taxed as a part of the city property.

The majority of the committee will report unfavorably on the bill. Kellarer, however, intends to present a strong minority report which will mean that the bill will be fought out in the Senate on the proposition that the minority report be substituted for the majority report.

Dimick today also took a central position in fighting the move to change the noose for the electric chair in carrying out capital punishment. He declared strongly in favor of hanging and against the expense of installing an electric chair. Incidentally he took a sting at Governor West for commuting the sentence of Jesse Webb, asserted that crime has been fostered because of Webb's sentence was commuted and "advised that the only deterrent to capital crime is to carry out the punishment which is prescribed by law."

The Schuebel 10-hour law which passed the house Wednesday was subjected to a severe grilling at the hands of the Senate committee tonight. Many of the delegation which appeared here before the committee which was considering the Dimick eight-hour bill were here tonight. It is probable that the Dimick bill will be defeated in the Senate and an effort will be made to carry the 10-hour bill in place of the eight-hour bill.

## HOME RULE BILL LOST

LONDON, Jan. 30.—After a four days' discussion the House of Lords rejected the home rule bill tonight 325 to 69. The speeches aroused little interest because, as the Earl of Halsbury pathetically observed, the position of the House was now that of an ordinary debating club—the peers could express their views and reject the bill, but they could not prevent it from passing.
