Ambassadors Agree that Reply to Powers' Note Affords Poor Basis for Negotiations

LONDON, Feb. 1.—In Turkish and Balkan headquarters the expectation has been intense the whole day of some move by the powers, either collectively or separately, to avert the threatened war. Russia and Austria, the two nations most interested in Near Eastern conditions, and Great Britain, which has peculiar reasons as host of the conference for wishing to see it succeed, are locked to particularly for an effort to bridge the narrow gulf which separates the combatants.

Although the delegates thanked England in glowing terms for her hospitality, some of them think she did not give as much assistance as she might have given. They point out that they came a great distance from the Balkan states to London, which in some ways is not adapted to intercourse between delegations, only because they trusted that British influence in favor of peace would make itself strongly felt. The delegates of this mind oppose the idea of returning to London for the conclusion of peace, if the war is renewed.

The ambassadors of the powers met today and later notified their respective governments that the sense of the meeting was that the Turkish reply to the powers' afforded a poor basis for resuming peace negotiations. They suggested (Continued on page 3)

Constitution and By-Laws are Adopted at Meeting—M. D. Latourette Makes Suggestions

The Clackamas County Medical Society at a meeting Saturday afternoon adopted a constitution and by-laws. Dr. W. C. Schultze, president, presided, and the following members were present: Dr. Schultze, Dr. H. S. Mount, Dr. C. H. Meisner, Dr. M. C. Strickland, Dr. W. E. Hempstead and Dr. J. W. Norris. Dr. Norris explained that Dr. C. A. Stuart had been called from the city on an emergency case, but was in thorough sympathy with the movement. Dr. Barenhard, of Sandy, was enrolled as a member. H. E. Cross, Main Trunk of the Live Wires, who was instrumental in the organization of the society was elected an honorary member. Dr. T. B. Ford, pastor of the First Methodist Church, also was elected an honorary member. M. D. Latourette, secretary of the Commercial Club, attended the meeting and offered some valuable suggestions.

The water supply for Oregon City was discussed and it was unanimously agreed that pure water should be obtained. It was admitted that it would be a difficult matter to obtain water from any other source than the present one, but the physicians insisted that a thorough investigation should be made. They favor finding another source at once. The next meeting will be held March 1 in the Commercial Club rooms.

READY TO PROVE IT.

DIMICK 8-HOUR BILL IS DOOMED

AUTHOR MAY ALLOW IT TO GO BY DEFAULT TO HELP SCHUEBEL MEASURE

GOOD ROADS PUZZLING QUESTION

Measures for Improving Thoroughfares are Many and Solons Cannot Meet on Common Ground

SALEM, Feb. 1. (Special.)—Quiet which reined through the Legislative halls today is but the calm that presages the storm of the coming week. In the Senate Oregon City measures promise to play no mean part in the flurry that is coming. The Dimick eight hour bill should get into the floor in that end of the Legislature and when it does it will probably cause some real excitement. The bill is doomed that is certain. It will meet with defeat in the Senate and never have an opportunity to come to life again during the session, but there will be a strong fight put up for it even with the slim promise that it has before it.

However, the author of the bill may allow it to go by default and devote his energy to the Schuebel 10-hour bill. By some miraculous method that bill was put through the House but in the Senate apparently it will go the way of the Dimick measure. Both of these proposals will reach the Senate this week. Schuebel's bill is already in the committee.

One of the main conflicts of the session will be found in the good road measures. There are numerous bills which have for their purpose the advancement of good road building in the state, but there are numerous conflicting factions which can meet on no common ground. The two main factions are those that are for the state aid and those who are for county good road rule with the county as a unit. Already two county bonding measures have passed but they are both factional measures and there are some to be small chance of the two sides getting together on the provisions of either one. With the one faction on the one hand determined that there shall be no road legislation but county road legislation and this faction split so widely open that there may be no balm to heal and on the other side a determined phalanx lined up strongly against the county proposition and favoring state aid possibility of agreement is remote.

In the event of one of these measures pushing its nose through both houses there is still the factor of the Governor to deal with Senator McCullough, his spokesman in the Senate, has practically stated that the people have taboored road legislation as proposed to a great extent that the Legislature should go slow before attempting to enact measures that have but recently been defeated by the voice of the people. If any underground indications can be gained from this surface offhand expression of the Governor's advance agent there may be some reason to believe that the Executive may have tried to be conferred with the fore any good road measure becomes a law.

State Printer Duniway has completed a lengthy report which he has prepared and printed voluntarily for distribution Monday among the members of the Legislature. This report shows the work of the printing office for the six years that he has been an incumbent; attacks the Governor and Secretary of State bitterly and asserts that State Printing Expert Harris is "a gossip, incompetent and a failure." It accuses the Secretary of State of having taken an advanced stage of the state printer, of having twice paid out a bill amounting to more than \$1,900 for the same matter and calls the Governor "Foxy" and "Sharp" in his methods. This report is the forerunner of the fight which will be waged over the question of whether the 1911 flat salary statute, which is due to become effective in 1915, unless repealed, shall remain on the statute books.

In addition the report accuses State Printing Expert Harris of receiving pay on the approval of the Governor for work which he does not perform and in general furnishes some sly reading for the Legislators after their three day recess.

FAIR ASSOCIATION LIQUIDATING DEBT

DIRECTORS OF CLACKAMAS COUNTY ORGANIZATION ELECTED AT MEETING

\$5,225 RECEIVED AT LAST EXHIBITION

Time of Annual Meeting Changed From First Saturday in February to December

The County Fair Association at a meeting Saturday afternoon in the Commercial Club parlors elected J. W. Smith, W. H. Blair, Charles N. Wait, A. D. Gribble, O. E. Freytag and O. D. Eby members of the board of directors. At a meeting which will be held next Friday afternoon at 3:30 o'clock it is probable that Mr. Smith will be re-elected president. The meeting was called to order at 1 o'clock by Mr. Smith, president. O. E. Freytag, treasurer; O. D. Eby, secretary and W. P. Kercham, vice president, were present. The secretary in his report announced that \$5,225 had been received at the last fair through gate receipts and concessions. He said that \$25 of the indebtedness of the association had been paid, and there was \$325 in the treasury. A resolution changing the time of the annual meeting from the first Saturday in February to the first Saturday in December was adopted by a unanimous vote. It was the opinion of those present that having the meeting immediately after the fair would cause the farmers to take a greater interest.

The report of the president follows: In accordance with the usual custom and by-laws of this corporation, I herewith submit my annual report as your president during the past year.

The 1912 fair was a success from every standpoint and is another addition to the unbroken chain of successes since the organization of this association. All business matters pertaining to the late fair, have been settled and all patrons and exhibitors are well pleased with the efforts put forth by the officers and the complete success of the recent exhibition. The association is in the best financial condition that it has experienced since purchasing the grounds at Canby and the Fair is known of by more people of this county and state than ever before, therefore I predict and am confident that the 1913 Fair will by far surpass any of the previous Fairs in attendance and exhibits.

The improvement upon the grounds during the past year, mainly comprised of lighting the grounds and buildings with electricity. This work included building a substantial line with good cedar poles and copper wire from a point in the city of Canby, one fourth mile south of the Fair grounds and continuing this line past the main pavilion and to the livestock barns. All of the buildings without any exceptions have been wired and supplied with lights. The camp ground is wired and lighted and a string of lights placed along the streets leading from the railroad entrance and the south entrance to the

Henry Lehman, 74 years of age, fireman at the Crown-Columbia Pulp & Paper Company Mills for several years was found dead in bed at his home on Molalla Avenue Saturday afternoon at 4 o'clock by his widow, Mrs. Lehman, who has been an invalid for many years, tried to call her husband who sleeps during the day. When he failed to respond she went to the home of Frank Beard, a neighbor, and informed him that she could awaken her husband. Mr. Beard at once discovered that Mr. Lehman was dead. Coroner Wilson was notified and it was found that death was due to heart trouble.

"There never was a finer case of devotion than that shown by Mr. Lehman to his invalid wife," said William Beard, who has been a neighbor of the Lehman's for years. "Mr. Lehman worshipped his wife and he did everything possible for her. When he finished his work in the mornings he would hurry home and assist her with her work. They were always together when he was not at work."

FOL-DE-ROL CLUB GIVES FINE DANCE

One of the most delightful affairs that has been given for some time in Oregon City was the dance Friday evening given by the members of the Fol-de-Rol Club in Busch's Hall. The dance was largely attended by members of the younger set who danced to the beautiful music rendered by Olsort's Orchestra. The hall was artistically decorated with pennants, Indian blankets and Indian baskets which were filled with greens. The lights were shaded with orange colored tissue paper and the soft amber colored light which filled the space made a very pleasing effect. At one corner of the room punch was served, while in still another the patronesses sat in big easy chairs. They were Mrs. John Lewthwaite, Jr., Mrs. Wallace Cole, Mrs. M. D. Latourette and Mrs. Leonard Pickens. So great was the success of Friday evening's dance that it was decided to give another dance immediately after lent.

PARKPLACE WINS ONE DEBATE, LOSES ONE

Parkplace High school won one debate and lost one at the twin debates that were held with St. John's High school Friday evening. The question at both St. John's and Parkplace was, "Resolved That the Electoral College Should be Abolished and the President of the United States Nominated and Elected by the Direct Vote of the People." The negative team of the Parkplace High school which at that place was represented by Miss Gwendolyn Jones and Miss Ruth Hudson, who won their side of the debate. The affirmative team which went to St. Johns was represented by Miss Edith Lillie and Miss Minnie Hendrick, lost their side of the contest. The judges were, at Parkplace, Rev. J. R. Landsborough, Mr. Bishop of the Portland Y. M. C. A., and Mr. Melendy of the Jefferson High school.

TAFT MISLED, SAYS DETECTIVE BURNS

NEW YORK, Feb. 1.—Congressional investigation of Oregon and California frauds, provided for in a resolution introduced into the House by Representative Ferris, is welcomed by Detective William J. Burns, according to his declaration here today.

"I most earnestly hope and pray that the resolution is passed," said Burns. "Nothing would please me better than for the report furnished by the pardon clerk to the attorney-general in the case of William Jones, recently pardoned, to be carefully investigated. It contained the most outrageous falsehoods regarding myself that were ever uttered. President Taft and Attorney-General Wickersham were outrageously deceived."

"I have incurred the ill will of those who have suffered from the hundreds of important investigations I have made. I welcome any investigation of my official conduct during the many years I was in the government service, and I will gladly submit myself for trial before the United States court."
