## TURKS WORKING DEFENSIVE GAME

PROLONGED DEFENSE OF ADRIANOPLE EXPECTED BY EXPERTS

## ALLIES HAVE FORCE OF 100,000

Official Forces in Constantinople Declare that New Regime Will Have no Trouble in Winning

LONDON, Feb. 4.—The Turks remain on the defensive at Tchatalja and Adrianople. The Adrianople fortress replies only feebly to the Bulgarian bombardment, and apparently no attempt has been made in the way of a sortie.

A bombardment of Adrianople, described as terrific, was begun last night, the Bulgarians and Serbian troops investing the place being estimated to number 100,000. Military men who know something about the several lines of forts which form the defense of Adrianople look for a prolonged defense. This opinion apparently prevails within Adrianople itself.

Shurki Pasha, the Turkish commander, who is defending Adrianople, has declared that he will not surrender the fortress until the last of his soldiers has been killed.

The Turkish newspaper Tanin asserts that Adrianople has sufficient provisions for four months, and other Turkish reports declare that the fortress certainly will be able to hold out for several weeks.

Official quarters in Constantinople indicate a spirit of great confidence in the new regime and declare that the conditions of the country and the wintry weather preclude serious operations along the Tchatalja lines for the present.

Meanwhile, diplomacy has made no step forward since the resumption of hostilities and the Porte has made no further communication, either to the powers or the allies. Should it turn out that Adrianople can resist for any considerable time, diplomatic negotiations are likely to remain at a standstill, although in the European capitals a settlement by diplomacy rather than by arms is hoped for.

The new Grand Vizier, Mahmoud Shekret Pasha, is already showing an organizing qualities which won him renown and gives many hours a day to superintending in person the military arrangements.

Although no serious fighting has occurred along the Tchatalja lines, the Bulgarian troops are not idle. The siege of Tchatalja, which has hitherto marked the limit of the Bulgarian lines, is in flames. Its destruction was apparently decided on for tactical reasons.

## YPHOID SUFFERERS AIDED BY EAGLES

Oregon City Aeris No. 993, Fraternal Order of Eagles, initiated five candidates Tuesday evening and at a close of the meeting a banquet was tendered to the new members. The Eagles like the rest of the beneficiary societies in this city, during the typhoid epidemic that is now a matter that has "passed into history," has had a large sick list but has had its members.

## WEST'S AMBITION IS SENATORSHIP

PLAN TO MAKE CHAMBERLAIN MEMBER OF CABINET SEEMS REASONABLE

## RECESS WOULD HELP CONDITIONS

President Would Satisfy Southern Constituents by Choosing Oregon Senator for Cabinet

SALEM, Or., Feb. 4.—Placing entire credence in the report, said to have emanated directly from Washington, that President Wilson intends to name United States Senator George E. Chamberlain as a member of his cabinet, and that this will lead to the resignation of West as Governor, and his appointment to wear the Chamberlain toga by Secretary Olcott, who will succeed to the Governor's chair.

Republican leaders of both Legislative branches are in a quandary. The situation in all its aspects has been freely discussed and little else has been the topic of conversation since the report became widely disseminated yesterday morning. It is evident that the Republican members of this Legislative Assembly, however, are at a distinct disadvantage, and there is no method by which they can balk the suspected plans of the Democratic forces without damaging their own party.

The first step considered was to adjourn the Legislature until April 1, by which time President Wilson will have been inaugurated and will have assumed the reins of government and named his cabinet. It was argued that, as a United States Senator serving by gubernatorial appointment, holds office only until the next session of the Legislature of the state from which he shall have received appointment, West's successor could be elected from Republican ranks and his tenure would be no longer than a month.

This solution of the problem which Republican leaders believe confronts them, has distinct disadvantages. In the first place, it is asserted, the election of one Republican to the United States Senate would give the balance of power to that party. That the President realizes this and would never name Chamberlain as a cabinet officer should the Oregon Legislature adjourn only to April 1, is generally conceded.

In reprisal, it is believed, the President then would refuse to name a Western man as Secretary of the Interior. That this is the position for which Chamberlain himself is slated is suspected by many, who feel that it would be better for the state to have such representation than to try to keep West out of the United States Senate. A few believe that Chamberlain is billed for a portfolio other than that of the Secretary of the Interior. Taking either horn of the dilemma, however, the politicians holding sway during this session feel that not much is to be gained now by action striking at West's political aspirations.

The consensus of opinion is that one of the reasons causing President Wilson to observe strict secrecy regarding the personnel of his cabinet is the situation which might develop in Oregon from premature publicity. There is none but admits that "Our George" is always "there with bells" when it comes to reaching for a plum and that his motive is never unselfish. So far as he is concerned, they are not. ## THE OUTLET

PERPETRATED BY WALT McDOUGALL

John Schrank, who shot Colonel Roosevelt.

Boost your city by boosting your daily paper. The Enterprise should be in every home.

## \$750 VERDICT IS GIVEN ALEX DOUTHIT

Alex Douthit was Tuesday awarded a verdict of \$750 against Henry W. Trembath. Douthit, who is a fisherman, was shot June 2, 1911, by Trembath, who then was a water bailiff. Trembath was on guard in a house near the falls when he saw two men in a skiff pass. He says he ordered them to halt, but they did not, and he fired at the skiff to mark it for identification. The ball struck Douthit in the right arm. Trembath declared at the trial that he believed the men were violating the fish laws. Douthit denied that he was violating the law and said that he did not hear the water bailiff order him to halt. Soon after the shooting Douthit's brother, John, attacked Trembath in a barber shop, beating him severely. Trembath and John Douthit were indicted, the former on a charge of shooting Alex Trembath and the latter on a charge of assault and battery. The water bailiff was fined \$75 and the other man \$50. The case has caused much bitterness between the families.

Col. George W. Goethals, the army engineer who has made the Panama Canal a reality. His stupendous work is now nearly completed.

## CREAMERY MAN HELD ON FRAUD CHARGE

J. C. Kanpsich, a creamery merchant of Canby, was held in \$100 bond to answer to the grand jury Tuesday by County Judge Beatie on a charge of selling butter at short weight. The complaining witness is G. H. Fuller. Kanpsich denies the charge and says he will be able to prove that he has always given correct weight. The arrest is one of the first on the charge that has been made in this city.

## 2 HUSBANDS AND 2 WIVES WIN DECREES

Lizzie Hirsch filed suit Tuesday for a divorce from Max O. Hirsch. They were married in Redland, Cal., March 8, 1911. The plaintiff says that her husband deserted her in July, 1911. She asks that her maiden name, Lizzie Sample, be restored. She is represented by Brownell & Stone. Circuit Judge Campbell granted divorces in the following cases: Durand B. Fox against Florence M. Fox; Lydia E. Coyle against James B. Coyle; Louise Neeland against Stanley Neeland; Nancy Morton Houghton against Samuel N. Houghton and Milton F. Vaa Horn against Lizzie Van Horn.

## MAN ACCUSED OF STEALING WOOD ARRESTED

Thomas Kellond, accused of stealing two cords of wood, and a saw was taken to the county court Tuesday for hearing. Judge Beatie postponed the trial until next Monday morning at 10 o'clock. The wood and saw are alleged to have been stolen from a man living in Twilight.

## HATCHERY PROBE IS LIVE WIRES FIND ASKED BY GILL CITY IS NOT CLEAN

MASTER FISH WARDEN URGED TO MAKE COMPLETE INVESTIGATION

## CLANTON WON'T MAKE STATEMENT

Schuebel and Dimick Bills Regulating Hours of Work of Labor Reported by Committees

SALEM, Feb. 4.—(Special)—The chief interest of the session for today came from Representatives Gill and Schuebel of the Clackamas County delegation, when they introduced a resolution directed at the master fish warden and demanding an investigation of conditions at the Bonville Central hatchery and other hatcheries of the state. They declared in the resolution that large expenditures of money on concrete fish ponds at the central hatchery had been rendered through cracks and defects which have made the ponds useless and have also made it necessary to practically reconstruct them. They further alleged that Fish Warden Clanton had ordered 2000 thousand dead fish to be buried in the sands to cover up delinquencies and that other charges could be lodged. Fish Warden Clanton refused to make a complete statement owing to the fact that his work is subordinated to that of the State Fish and Game Commission but did say that an investigation is courted, that the fish ponds are not rendered worthless as charged, that he never ordered any one to bury dead fish and that what dead fish may have been found were killed by heavy storms.

Representative Gill said that the complaints which have been lodged do not come from Oregon City fishermen. Both the 10-hour bill of Schuebel and the eight-hour bill of Dimick will be reported out next Wednesday into the Senate according to a statement of Chairman Smith of the Industries committee before which there has been a red hot hearing on the 10-hour bill. The Schuebel bill has been introduced in the House and passed there but the eight-hour bill has so far never got out of the committee in the House in which it was introduced.

Representatives of some of the milling interests of Oregon City appeared, among them B. T. McBain, resident manager of the Willamette Pulp & Paper Company, Franklin T. Griffith, Charles H. Carey, foreman of millwrights, Frank Burdon, James Nichols, of the Willamette Pulp & Paper Company; Charles D. Latour, etc., general counsel and Theodore Osmund, Secretary of the Hawley mill were also there.

COMMITTEE URGES THAT CONDITIONS BE CHANGED AT ONCE

## ARRESTS THREATENED IMMEDIATELY

Councilman Tooze Sharply Criticizes Persons for Taking Advantage of Legal Technicalities

The Civic Improvement Committee of the Live Wires threw a bomb shell into that organization Tuesday after the regular weekly luncheon, when it presented its report anent the unsanitary conditions prevailing here. Dr. van Brakle, chairman of the committee that was appointed one week ago, read a report that is startling in itself and gives promise of no little excitement in the future. The committee has in its possession no less than 121 specific violations of reasonable cleanliness.

The presentation of the report was received with warm applause, indicating that the Live Wires are a unit in demanding better observance of the rules of sanitation in Oregon City. One of the members of the committee intimated that unless the city was cleaned up in reasonable time that complaints would be issued and arrests made.

L. Stipp, a member of the committee and City Recorder, made a clear statement of the aims of the committee and said:

"When this committee is through, Oregon City will be a pretty clean town." Dr. van Brakle said the committee desires to find out just how much public opinion is back of the movement for a betterment of civic conditions, and Councilman Tooze told of the difficulties encountered in inducing property owners to keep their premises clean and he sharply criticized people for taking advantage of trifling legal technicalities.

Speaking for the committee, Dr. van Brakle referred to the H. E. Cross property on the hill, about which complaint has been made. He said the committee, after having made an investigation, sympathized with Mr. Cross, who is the Math Trunk Line of the Live Wires and he volunteered the information Mr. Cross had agreed to clean up around his premises as soon as the bad weather ceases. The committee's report follows:

"Immediately after appointment the committee met and organized, electing Dr. J. A. van Brakle Chairman and F. A. Olmsted Secretary. Considering good health to be the chief asset of a city the committee determined to first investigate the possibilities of improving that all important subject.

## Silverware Cleaned Free Wednesday, Feb. 12, 1913

BRING IN A FEW PIECES OF TARNISHED SILVERWARE TO BE CLEANED—NO CHARGE—ONLY A PLEASURE TO SHOW YOU THERE IS NOTHING TOO HARD FOR US TO CLEAN

- SAFE**  
Absolutely harmless—no poison.
- CLEAN**  
No powder to get on hands or clothes.
- EASY**  
No rubbing—Just washing.
- ANTISEPTIC**  
Sterilizes and polishes.
- INEXPENSIVE**  
No costly powder used.
- DURABLE**  
Will last for years.
- DIRECTIONS FOLLOWED**  
Results guaranteed.
- SALT**  
One spoonful.
- BAKING SODA**  
One spoonful.
- WARM WATER**  
One quart and the
- SILVER CLEAN PAN**  
Will clean all your silverware in three minutes. It is an electro-magnetic process that removes all oxides and sulphides, and does not attack the silver. Leaves the silver bright as a dollar, including every recess or beading.

THIS MAGIC PAN HAS BEEN ADOPTED BY LEADING HOTELS, RESTAURANTS AND SILVERWARE MANUFACTURERS, INCLUDING THE COMMUNITY AND 1847 ROGER BROS. FACTORIES, ALL OVER THE WORLD.
