WILLAMETTE CLUB DANCE GREAT SUCCESS

The most successful dance ever given by the Willamette Club was that held Tuesday evening in Busch's Hall. About fifty couples spent a pleasant evening in the beautiful hall which was decorated with greens in large Indian baskets placed at intervals around the walls. Many beautiful gowns were worn by the women. A novel feature of the evening was the old-fashioned lancers, which ended in a Paul Jones. The music was furnished by Fox's Orchestra of Portland. The club's next dance will not be held until after Lent.

Among those present were the following:

Bothwell Avison, Miss Irene Hannay, Edward Busch, Miss Lela Morland, John Busch, Percy P. Caulfield, Miss Dolie Pratt, Mr. and Mrs. John F. HOP DEALERS SAY MARKET IS BETTER

Hop traders report but little business passing and that for the most part between dealers, and the markets of the Coast country generally are said to have eased off to some extent within the past week or two. In California there has been some considerable trade since the first of the year, and the quality of the goods considered, the prices paid were said to have been a little above the Oregon basis, but the Southern market this week shows a little quieter tone and something of a decline in values there also is noted.

In California, as in this state, the urgent demand of a few weeks back appears to have been measurably satisfied. That done, the buyers seem to have withdrawn to some extent, at least they are not now disposed to pay the prices offered in January. There is still a demand for hops of course, and there is little doubt that were the growers ready to unload at the figures now obtainable a cleanup would be effected in short order.

The producers who have a remnant of the 1912 crop still on hand, however, are still inclined for the most part to hold for better figures. In some cases they are reported to be willing to make slight concessions, especially on medium grade stock, which comprises the bulk of the holdings now remaining in the state. A general weakening on the part of the growers now—and this is counted among the possibilities—would be a stimulus to trade.

Prevailing Oregon City prices are as follows:

HIDES—(Buying) Green salted, 7c to 8c; sheep pelts 75c to \$1.50 each.

FEED—(Selling) Shorts, \$26; bran \$24; process barley \$27 to \$28 per ton.

HAY—(Buying) Clover at \$9 and \$10; oat hay best \$11 and \$12; mixed \$10 to \$12; alfalfa \$13 to \$16.50; Idaho timothy \$25 and \$26.

OATS—\$25.00 to \$26.00; wheat \$5; oil meal selling \$42.00; Shay Brook dairy feed \$1.30 per hundred pounds. Whole corn \$30.

Livestock, Meats.

BEEF—(Live weight) steers 7 and 8c; caws 6 and 7c; bulls 4 to 12c.

MUTTON—Sheep 4c to 5c; lambs 6 to 6 1/2c.

VEAL—Calves 12c to 13c dressed, according to grade.

SALEM, Or., Feb. 4.—By procuring the introduction of a bill in the Senate by Joseph, striking directly at the office of State Treasurer Kay yesterday afternoon, Governor West has caused an open breach between the two departments and laid his own official record open to attack. The material necessary for the attack was gathered from the records of the State Land Board under West's order, and his action taken without previous knowledge, either by Treasurer Kay or Secretary of State Olcott, the other two members of the State Board.

The bill causing the friction provides for reimbursement of the school fund from the general fund in the amount of \$25,260.00, "salaries of employees of the State Treasurer's office," and \$622.30 "equipment for said office." The unfairness of West is admitted even by Joseph, author of the bill, who announces his intention of having the measure amended so as to include the traveling expenses of the Governor himself while State Land Agent, amounting to \$939.58.

WEST'S ATTACK ON KAY MAKES BREACH

and the salaries of three other clerks paid out of the same fund. The haste with which the act was drafted is shown by the total amount to be transferred from one fund to another being given as \$25,322.30, instead of \$25,822.90, the accurate figure.

For a great many years it has been customary for the State Land Board to conduct matters of business pertaining to the school fund and to pay the cost of such work out of the interest accruing from the school fund. For many years, also, the Legislature has refused to make appropriations to bear such expense on the ground that, while the school fund itself, amounting to about \$6,000,000 is irreducible, the fund should pay for its own operation and be self-supporting entirely. Good lawyers have taken this view and it is doubtful if West's scheme for revenge will have any tangible results as a consequence. The board now employs four persons—George H. Brown, the clerk; two stenographers, and J. D. Sutherland, who is kept in the State Treasurer's office for the reason that such official has charge of the funds of the board.

The irreducible school fund is loaned over the state, being secured by more than 7000 notes. The interest is collected twice a year and receipts issued in triplicate for each payment. The State Treasurer's office also has to examine and pass on the notes and mortgages securing new loans. One clerk has been kept busy in that office by the State Land Board and Governor West, as chairman of the board, has taken part in the affair and subscribed to everything done.

JANITOR SAYS HE SENT DEADLY BOMBS

NEW YORK, Feb. 4.—John Paul Farrell, a janitor, confessed today that he sent Bernard Herrera last Sunday the bomb which resulted in the death of Mrs. Herrera and serious injury to Herrera and Miss Fugitman, a boarder.

Farrell astonished the police by calmly reciting that he sent the bomb which killed Mrs. Helen Taylor a year ago, adding that Mrs. Taylor was his daughter. Next Farrell told the mystery surrounding the mystery of a bomb last year to Judge Otto Rosalsky. Finally he explained the death of "Kid" Walker, slain in 1887.

Farrell said he said, because she was his daughter and had gone wrong. "Kid" Walker was killed, he declared, by a man named Lestrangle because Walker had caused Mrs. Taylor's downfall.

The attempt on Judge Rosalsky's life, he added, was made because the Judge had sentenced a criminal, unnamed, to 20 years' imprisonment.

The bomb was sent to the judge by a man known to Farrell only as "Tony."

Herrera's life was sought, Farrell said, because he recently had said he would discharge him from his job as janitor.

Farrell was employed at the apartment-house where Herrera is superintendent.

Before the astonished detectives, the janitor of deadly bombs confessed to a variety of infernal machine experiments he made it, what he put into it, how it operated and what the damage would be to the person who should open it. The Taylor and Rosalsky bombs, he said, were entrusted to the men.

WEST'S AMBITION IS SENATORSHIP

In the case of Herrera, Farrell said he had crept upstairs when Herrera was away and had placed the bomb, wrapped in a pasteboard box, on the landing outside his door. He insisted, however, that he intended only to scare the family.

Arrested yesterday as a material witness, Farrell confessed only after an all-night grilling. He held out till dawn. Then the detectives sent for Deputy Police Commissioner Dougherty and the prisoner went over with him what he had told the others. The construction of the dummy bomb followed.

argue, neither J. N. Neal nor Will R. King need expect anything but the satisfaction of knowing that they were "mentioned" for the office of Secretary of the Interior.

By choosing Chamberlain for a cabinet position, it is admitted, President Wilson will satisfy his Southern constituencies, as Chamberlain came from Mississippi and has always been loyal to that section of the country in word and deed—when "loyalty" did not conflict with his own personal interests. This would also eliminate from the field a radical, many of whom are clamoring for recognition from the Sunny South. If the conjectures of political leaders shall prove accurate, it is deemed unlikely that the President will name the members of his cabinet until the last minute, and probably not until March 4. Unless he should see fit for any reason to do otherwise. It is apparent that the state of unrest and anxiety among the ranks of the Republican stalwarts in Oregon will not be relieved for some time.
