BILL REGULATING THE HOUSE, WITH LOBBYING GOOD ONE

The House, with lobbying good one... President Ripley asserts that the railroads are still in their infancy. The farmers claim that farming is in its infancy. When these two youngsters attain their growth there will be something doing.

Utah is the first state to select a woman to carry the electoral vote to Washington, after helping by her ballot to decide it. There has been in Utah a wide departure from the views of Joseph Smith and Brigham Young on the status of American women.

Dangers of Flying Growing Less and Less

By GLENN CURTISS, Aviator

Of course it would be folly, in view of the list of accidents, fatal and otherwise, that the newspapers print and reprint every time a noted aviator falls, to assert that there is no danger in flying.

I doubt if the American man, especially the American young man, would take to the aeroplane so enthusiastically if the sport were as SAFE AS PARLOR CROQUET.

NEVERTHELESS THE DANGERS OF FLIGHT ARE GROWING LESS AND LESS EVERY YEAR AS THE MACHINE IS IMPROVED AND AS THE AVIATOR BECOMES MORE SKILLFUL AND MORE EXPERIENCED IN AIR CONDITIONS.

The report of the French government for 1911 shows that there has been ONLY ONE-TENTH AS MANY FATAL ACCIDENTS in proportion to the number of flights made as in the first year of aviation.

BARGAINS

TEACHER RESIGNS, SUCCESSOR NAMED

Miss Beulah E. Stewart has resigned her position as teacher of the fourth grade in the Barclay school, to take effect March 15. Her resignation was presented to the Board of Directors Monday night and accepted. Her successor has not yet been chosen. She is the fourth teacher to resign in the last two months, the others being Hilda Toose, Katherine Montgomery and Jessie Bowland. Miss Elizabeth Vick was elected to fill the vacancy caused by Miss Montgomery's resignation. She recently came to Oregon from the East.

CIVIC COMMITTEE STARTS ACTIVE WORK

The Live Wires on Civic Improvements held a meeting in the Commercial parlors Monday evening to make plans for the future work involving an active campaign toward obtaining improvements which will bring the city a reputation for its health, cleanliness and beauty. The committee believes that Oregon City's natural advantages are such that it can easily be made the most attractive city in the valley. Several sub-committees were appointed to consider difficult phases of the work and to report at future meetings. The committee on city parks expects to cooperate with the Woman's Club in a progressive movement for utilizing the possibilities of further development of the park system. The committee invites suggestions on civic betterment from organizations and individuals.

BILL WOULD INJURE CLACKAMAS SOUTHERN

SALEM, Feb. 10.—(Special)—Senate Bill No. 156, which might put a crimp in the ultimate fate of the Clackamas Southern and other local-construction railroads will come up in the Senate Tuesday on third reading and final passage. The bill was introduced by Senator Smith, of Coos, and received an unfavorable report from the committee on railroads. The bill and the report were both laid on the table last Friday, but today a minority report was submitted favoring the bill and it was adopted by a vote of 16 to 13, Dimick of Clackamas voting for the minority report.

While the bill is aimed to prevent the absorption of the Home Telephone Company by the Pacific Telephone & Telegraph Company, it is far-reaching and would prevent the sale of any public utility, including railroads, to a competing line. Inasmuch as it is the practice of local capitalists to construct railroads where the transcontinental systems have declined to give service, and afterwards sell these lines to the big companies for operating, the bill would probably prevent development in many sections of the state. The bill carries an emergency clause, and provides a penalty of not less than \$100 nor more than \$10,000 for violation of the act.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

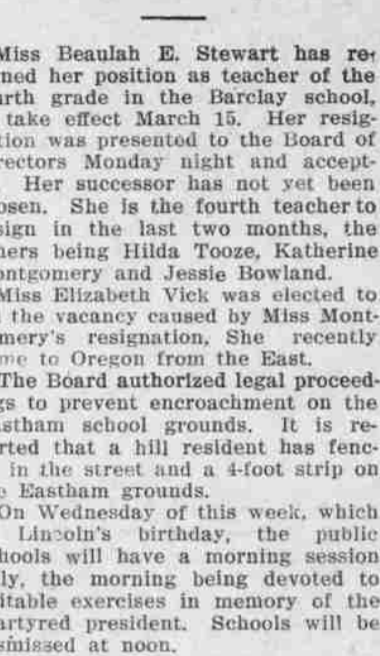

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn. I thought I had to suffer this way as long as I lived, but when I began to take Theodor's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress."

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned. I speak a good word for Theodor's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Theodor's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c. FOR SALE BY THE JONES DRUG COMPANY

NEW SUBMARINE DIVER'S SLED AND INDEPENDENT DIVER'S SUIT

Photos by American Press Association.

A SUBMARINE sled and independent diving suit may revolutionize the work of divers. It is a German invention, and the outfit is entirely self-contained. The only necessary connection with the surface is a telephone cable by which the diver and his surface attendant can keep in touch. The diver carries on his back in a knapsack a couple of metal cylinders within which are stored pure oxygen under high pressure, and also a vessel containing caustic soda. The sled is pulled along the bottom of the water by a surface motorboat. The diver's vehicle moves as easily in this element and operates with quite as much facility as an aeroplane in flight, and because of its comparative lightness it bounds from contact with a rigid body with the relative immunity of a rubber ball. Nor will the sled turn turtle and spill its occupant out, because it is so ballasted that it always maintains an upright position, no matter what occurs.

WRITE IDEAS FOR MOVING PICTURE PLAYS!

YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "lowery language" is wanted. The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever-increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

We have received many letters from the film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, GOMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it as directed by us, and it sells for only \$25, a low figure, YOU WILL EARN \$100 MONTHLY FOR SPARE TIME WORK.

Free! SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE COPY OF OUR ILLUSTRATED BOOK, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't argue. Write now and learn just what this new profession may mean for you and your future.

60-HOUR WEEK BILL TO SUPPLANT DIMICK'S

SALEM, Feb. 11.—(Special)—Representative Schuebel's 60-hour week labor bill may be reported in the Senate next Thursday, and will be substituted for Dimick's 8-hour bill, which will, in all probability, be killed. The Schuebel bill passed the House some time ago by a large majority, but a bitter fight is being made against it in the Senate in the committee on industries, which will have another hearing next Wednesday night, at which time it is understood several Oregon City men will be in Salem to testify that their positions were jeopardized two years ago when they lobbied against the Dimick bill.
