Battle Ends When Federal Commander Gives Order to Cease Firing—Americans in City Protected

MEXICO CITY, Feb. 14.—The resignation of Francisco I. Madero from the Presidency is believed to be in the hands of the Mexican Ministers. It was authoritatively declared that Madero had agreed to resign if the Senate so wished. The Senate was called into session about 8 o'clock tonight to take action on this important phase of the situation.

At the British legation, where Senator De la Barra took refuge Thursday, it was said that Madero's resignation practically had been arranged for, and that De la Barra probably would succeed him in the Presidency today.

Later, Senator De la Barra, while proceeding through the streets in an automobile, stopped and made a brief address, assuring the crowds that a peace settlement was certain and probably would be reached before morning. De la Barra seemed to be in consultation with both Madero and Diaz regarding a quick settlement in order to avoid intervention.

At 6 o'clock tonight General Huerta, the federal commander, gave the order to cease firing. Soon detachments of federals were seen marching from their positions to the government base near the palace, their guns slung on their backs.

WASHINGTON, Feb. 14.—Dispatches from Ambassador Wilson today say Americans are not in haste to flee the danger zone in Mexico City, even when they have the opportunity. Foreigners have determined to remain to watch the fighting, although Mr. Wilson reports that at every interval between engagements he has sent notes through the city to bring all noncombatants into the neighborhood.

## 10-HOUR BILL WINS IN BITTER FIGHT

AMENDMENT PROVIDING FOR SEVEN DAY'S WORK WEEKLY APPROVED

## DIMICK IS SARCASTIC IN ATTACK

Governor, it is Believed, Will Sign Measure—Joseph Forced to Give His Support

SALEM, Feb. 14. (Special).—Fighting there was no chance to have his favorable report of the Schuebel ten-hour bill adopted, Senator Dimick put his shoulder behind the Smith amendment and succeeded after a hard fight in having it adopted in place of the majority report. The measure now goes on third reading with nineteen votes expressed in its favor in the adoption of the Smith report. The Smith amendment provides for a ten-hour day seven days in the week. For more than ten hours double time must be paid. The fight in the Senate occupied most of the morning. First the Dimick report was killed by a large majority. Then the Smith amendment was taken up and the Oregon City man threw all his forces behind that report. At times he grew bitter in his appeals to the Senators to support the substitute.

"Just imagine that you are legislating for dumb brutes," he cried. "If you were you would do this thing to ask in a minute with a clear conscience."

Joseph, of Portland, was one of the nineteen who voted with Dimick. He and Dimick have always been bitter enemies on the floor of the Senate. The Oregon City Senator, however, produced a copy of the progressive platform which declared in favor of an eight-hour day, and forced Joseph to agree with him.

To all intention the bill is now passed unless later developments influence the votes of some of the Senators. Nineteen of them have declared for the ten-hour day, and the votes should remain the same on final passage of the bill. Little doubt is entertained but the Governor will sign it.

## ACT WILL REACH SENATE IN TIME

House Approves Measure Providing Tax of One Twentieth of Mill to Support County Fairs

SALEM, Feb. 14. (Special).—Schuebel's bill taking from the Fish and Game Commission authority over fishing at the Willamette Falls passed the House after a hard fight today by a bare majority. As the Clackamas representative described it, it was a fight between the commercial fishermen of Oregon City and the Portland Rod and Gun Club.

For the purpose of amending the bill the House went into committee of the whole, and Olson of Portland offered an amendment to strike out the words "North of the Falls on the Willamette, and West of the Cascade Locks on the Columbia." In other words, he wanted to pull the teeth out of the bill.

On final roll call the Schuebel bill received 34 votes and will get into the Senate in time. That body has refused to accept any House bills sent to it later than midnight on Saturday. As a result a great many of the (Continued on page 2)

PROPOSITION IS TO CLOSE PLACES IN OREGON CITY ON SUNDAY

## ALBRIGHT FIGHTS DISCRIMINATION

Councilman Insists That Clubs Must Be Closed Too and That Laborers Have Rights Same as Rich

Declaring that the finished parts of Monroe Street are not in a condition so that the city can accept them, the city council Friday night accepted the report of the City Engineer, Charles Noble, per G. C. Yale, assistant City Engineer. In his report of the City Engineer states that portions of the street had not been rolled properly and that the macadam was in a loose and unbound condition. He also stated that there was a mistake in the estimate of rock, but on this there seemed to be some difference of opinion. The cost of sidewalks was also larger than it should have been, he said.

The matter of closing poolrooms of the city on Sunday and raising the age limit from 18 to 21 years of age was brought before the council in the form of a new ordinance to govern such places after some discussion and was laid on the table until the first regular meeting in March. **GOVERNOR WEST AND REPORTER HAVE FIGHT**

SALEM, Feb. 14.—(Special).—Governor West and Frank Perkins, a reporter of a Portland evening paper, came to blows in the state house tonight, and physical injury to one or the other was averted only by the intervention of several legislators. Although the men grappled and went to the floor fighting like wildcats neither was injured when bystanders pulled them apart. Antagonism between the two has existed for some time because of articles in the newspaper which is a political enemy of the chief executive. Perkins had just entered the building and stopped to talk to Senator Bean of Eugene. The Governor came out of an office, and hearing something the reporter said, asked if the remark was addressed to him. The reporter answered in the negative, and before the bystanders knew it the two were at each other's throats, cursing, kicking and striking. They went to the floor, the chief executive on top. Then friends pulled them apart and kept them at a safe distance. The Governor would make no statement tonight.

William H. Thompson, Senator-elect from Kansas, succeeding Charles Curtis.
