### Suggestive in Questions Sunday School Lessons

(37) Concerning the Suggestive Questions on the Sunday school lesson, which the Morning Enterprise is publishing an enthusiastic presiding elder of the M. E. church writes, "I am always glad to recommend a good thing and especially that which aims to get the Word of God into the hearts and minds of the people. I am they are to the point and calculated to awaken interest." This is in substance what everybody says who read the stirring questions. We expect that every reader of the Morning Enterprise will ere long be enrolled as a student of these questions.

### Your Questions Answered

If you would like to have answered any particular question each or any week from "The Suggestive Questions on the Sunday School Lesson" by Rev. Dr. Linscott, send in your request to this office giving the date of the lesson and the number of the question you wish answered. You may select any question except the one indicated that it may be answered in writing by members of the club. Dr. Linscott will answer the questions either in these columns or by mail through this office. Don't forget to state what benefit these "Suggestive Questions" are to you. ### DINNER FOR FEB. 22.

Delightful Washington Birthday Affair Entailing Slight Expense.  
The grownups on Feb. 22 may have a few friends in for an informal dinner, and with an attractively decorated table, reading or telling a few Washington tales and singing one or two national songs their Washington birthday celebration will be remembered.  
The menu should be simple, including the old colonial succotash and a sugared Washington pie for dessert.  
The table decorations are half the affair. One attractive arrangement is a centerpiece of greenery and small flags and several paper or ribbon streamers from this to the edge of the table. A box of homemade candy tied with striped ribbon should be at each place, and the candle shades will give a gay note of color if made of red paper.  
Each guest should wear a bow of red, white and blue ribbon or a paper cap. One of the essentials of the decorations is the place cards, and as these are rather expensive little affairs to buy the woman who is clever with her brushes makes her own. The place cards are easy to make whether one is used to color work or not.  
Select appropriate designs and carry them out in washes of color, the simplest way of working.  
First trace the cards on water color cards or paper, using carbon paper, with the black side next the water color or surface. Lay the design over the carbon paper and go over every line carefully with a stiletto or very sharp hard lead pencil.  
Remove the carbon paper and if necessary go over the lines with a sharp pencil so that they will be clear and sharp before putting on the color. Any ordinary water color paints may be used. Even the twenty-five cent school boxes give excellent results for this work. For those who have not done any color work before it may be well to say that best results are gained in coloring cards by using the paint sparingly and having enough water so that the paint goes on in a smooth, even wash.  
**Women Admitted to Army League.**  
Suffragettes receive a word of encouragement from the Army League of the United States, which has decided that its membership may include "all citizens of good repute, both men and women." The organization, while only recently formed, already includes in its membership such names as Theodore Roosevelt, Granville Dodge, Robert Bacon, Curtis Guild, William C. Endicott, August Belmont, Henry A. du Pont and the adjutants general and prominent militia officers of many of the states. The league is nonpolitical.  
**French Hat Museum.**  
The French government is planning to establish a museum of head coverings at Marseilles. It will be amusing to see with what atrocities and discomforts men and women have at different times sought to protect their heads from the elements.  
**Hawaiian Islands.**  
The total area of the Sandwich or Hawaiian Islands is about the same as New Jersey.
