MADERO, DEPOSED, HELD AS SLAYER

MEXICO'S EX-PRESIDENT PROBABLY WILL BE SENT TO EXILE

HUERTA NEW GOVERNMENT HEAD

Brother of Former Executive Made To Run Gauntlet and Is Shot Down In Cold Blood

MEXICO CITY, Feb. 19.—Events followed each other rapidly in Mexico City again today.

General Victoriano Huerta was elected Provisional President by Congress at a special secret session tonight.

Already forced to face plots, the new administration caused the arrest tonight of General Francisco Romero who is accused of complicity with Francisco Coiso Robelo in a new revolt. The plot involves a group of rurales.

Gustavo Madero, brother of the deposed president and regarded by many as the instigator of most of the objectionable features of Francisco Madero's administration, was taken from prison this morning, compelled to "run the gauntlet" under the notorious "fugitive law," and shot to death as he ran. He was riddled by the bullets of the guard.

Tentative preparations were made for exiling ex-President Madero together with his family, but it is said late tonight they may not be carried out. Instead, at the instigation of the new government, Madero has been held formally responsible for the death of Colonel Riveroll, which occurred at the place at the time of Madero's arrest.

Conflicting stories are in circulation regarding the slayer of Riveroll, but it is said officially that Madero shot him with a pistol.

WOMEN ACCUSED OF SETTING BOMB

HOME OF LLOYD-GEORGE, BRITISH CHANCELLOR, IS WRECKED

SUFFRAGETTE APPROVES EXPLOSION

Charge That Women, Who Seek Votes, Set Infernal Machine Is Not Denied by Members of Order

LONDON, Feb. 19.—The country residence of Chancellor of the Exchequer David Lloyd-George, at Watton Heath, was practically destroyed this morning by a bomb which the police say was placed there either by militant suffragettes or by male sympathizers.

The infernal machine was so powerful that the brick walls of the house split in all directions and most of the rooms were wrecked. Two seven-pound cans of black powder also had been placed among heaps of wood shavings which had been saturated with oil and in the center of which burning candles had been fixed.

The police found two broken kettles in the wreckage. It is declared by neighbors that an automobile containing several women passed through the village in the early hours.

Lloyd-George himself is on a motor trip in France. Nobody was injured, as the residence had not yet been occupied.

An official of the Woman's Social and Political Union told the police that the society had no knowledge of the perpetrators. "General" Mrs. Flora Drummond, however, declared that the explosion was "undoubtedly the work of women." She exclaimed enthusiastically: "I think it is grand. It was a fine act, successfully carried out and shows the determination of the women. I say 'all power to all kinds of militancy in the direction of harassing Cabinet ministers, short of taking life.'"

This is the second time within a year that violent methods have been used against the residences of Cabinet Ministers, the first being an attempt to burn the house of Lewis Harcourt, secretary for the Colonies, at Nuneham.

William Wells, charged with being intoxicated, was sentenced by Recorder Stipp to serve five days in jail. Wells was arrested by Chief of Police Shaw.

TEN-HOUR BILL IS NEAR DEFEAT

MEASURE CALLED BACK IN SENATE AND HARD FIGHT MADE AGAINST IT

ACT HAD BEEN SIGNED BY WEST

Dimick and Schuebel Play Shrewd Game in Protecting Measure—Farrell Loses Stubborn Battle

SALEM, Feb. 19.—(Special.)—In an endeavor to whip Senator Dimick into line on a bill opposed by the organization members of that body today all but called back and defeated the Schuebel ten-hour bill. On the final vote on the motion of Senator Farrell to recall the measure from the House and "reconsider" it Dimick won out by 15 to 14. Rising to explain his vote, Dimick declared that he had said that Farrell's vote of the ten-hour bill cost him \$50,000 for the paper mills and they would take their business away from him. Farrell is a Portland commission man. He has been making a hard fight to defeat the Carlin bill which would put commission houses under the Public Utilities Commission. Senator Dimick declared it was an endeavor to gain his opposition to the Carlin bill that Farrell had tried to recall the ten-hour bill. This afternoon Farrell moved that the vote on the ten-hour bill be reconsidered. His and one more vote would have killed it. The motion was carried by a bare majority, and Dimick was defeated in the first round. It was then discovered that the bill had gone to the House for that body to concur in the Senate amendment and the vote on reconsideration was declared invalid. Then Farrell moved to have the bill recalled from the House. This motion was not debatable, only when his name was called could Dimick get in a word. Then he rose and made the sensational charge that Farrell had declared his vote on the ten-hour bill had cost him \$50,000 in business from the paper mills. In the last minute, Joseph, usually an enemy of Dimick on the floor, changed his vote to no and the bill was left to go its course.

Governor West, however, has now signed the bill. Getting wind of the fact that the Senate was trying to recall the measure, Schuebel took the bill to the Governor and it was signed even before the final vote on the recall had been announced. In case the Senate vote had carried it would have been invalid, for the two Oregon City men, working together, had been playing a successful game of hide and seek with the bill. Had Senator Farrell discovered that the bill had been taken from the House to the Governor's office it would have required a separate motion to recall it from there even if the chief executive had signed it. The Senate might have recalled it from the Secretary of State's office, but the bill's opponents did not know where it was and the bill is now safe, signed by the Governor, and no doubt will remain. But it will go into effect with the provision for time and a half for all over ten hours a day.

COMMITTEE NAMED TO CARE FOR PARKS

COUNCIL PLANS MAKING CITY PLEASURE GROUNDS MORE BEAUTIFUL

SEVENTH STREET WORK IS ORDERED

School Board Asks Survey of Property at Eastham School—Streets to be Improved

The city council Wednesday considered the proposed improvement of the city parks and upon the motion of Mr. Toose, the mayor appointed a committee which will in the future have the governing of the parks and which will bring the coming summer work for the beautifying of the parks. Mr. Toose in bringing the matter to the attention of the council, stated that he believed that the city should set a mark in civic beauty, at least as high as the private citizens and that the city could be made much more attractive to outside visitors and prospective citizens if its parks were improved. He also stated that he believed a man should be employed who understood parking and floriculture to care for the parks. The mayor appointed Councilmen Toose, Beard and Albright on the committee.

The city engineer was instructed to draw up estimates and specifications for the improvement of Seventh Street from the West side of High Street Eastward to the intersection of Division Street. This improvement calls for the use of macadam and not hard surface. The matter of the hardsurfacing of Main Street from the Basin to Moss Street was also considered and all property owners along the street are urged to be present at the next meeting of the council which will be held Wednesday evening, February 26.

At the request of O. D. Ely, acting for the school board, the council ordered that the city engineer survey the extension of Division Street behind the Eastham school and that if the property owners' fences were found to be encroaching on the street, order that they be removed, and if this was not done the fences should be razed.

The city attorney was authorized to draw up an ordinance to cover the cost of the new concrete fire house near the bell tower. An appraisal of High Street was ordered by the council and the following were appointed a committee: J. W. Swafford, O. D. Ely, and Mr. Lewellyn. The council will go to Monroe Street Friday afternoon at 3 o'clock to decide whether the street be accepted. The city engineer will take up the proposed steps behind the Hawley mill and determine what rights the city has in this locality. Considerable discussion took place about the grade on High Street, but nothing was done on the matter. March 12 was designated as the last day on which remonstrances against the acceptance of lower Main Street will be heard.

The city recorder and attorney were instructed to see what steps can be taken to compel those persons who secured an injunction against the improvement of lower Main Street to pay the assessment. An architect will be engaged some time in the future to draw up plans for the erection of a new fire house for Company No. 4 at Mountain View. The first reading of the ordinance permitting electric signs about the city was passed. The first reading of the acceptance of the paving work of the Montague-O'Riley Company on Main Street passed its first reading. (Continued on page 3)

BUSINESS MEN ASKED TO HONOR FIELDS

The funeral of E. T. Fields, for more than 20 years station agent in this city, will be held at 2 o'clock this afternoon at the Elks' Club, Rev. C. W. Robinson, rector of St. Paul's Episcopal Church officiating. Mayor Jones has issued a request to the merchants that they close their places of business from 2 to 3 o'clock out of respect to the memory of Mr. Fields, who virtually spent all his life in this city and was for years identified with business interests here.

PYTHIAN INSURANCE SUSTAINED BY ORDER

INDIANAPOLIS, Ind., Feb. 19.—The board of control of the Supreme Lodge of the Knights of Pythias acted with its power when it established in 1907 a fifth class of insurance, using money from the fund of the fourth class for the purpose, held Edward Daniels, master of chancery, in an opinion rendered here yesterday. The decision was in the case of Fritz Heimsoth, representing the policy holders in the fourth class, who asked the court to grant a mandate forcing the lodge officials to repay more than \$800,000 from the general fund to the mortuary fund of the fourth class, and also to maintain a separate expense account for that division.

Daniels found that in 1907, when the fifth class of insurance was organized along old line plans, the fourth division rates had been found insufficient. He held that the action of the board of control was best for the policy holders in that all fourth-class policy holders not wishing to enter the fifth division were provided for.

The opinion ends a six-year controversy in the ranks of the order.

CLUB ARRANGES CHECKER GAMES

C. C. Babcock, Dr. G. F. Andresen, and J. J. Cooke, at a meeting of the Commercial Club Wednesday evening, arranged a big checker tournament. A series of games will be started next Friday evening. Among the players so far entered are A. M. Mason, Dr. G. F. Andresen, Thomas B. Fairclough and John Fairclough. It is probable that Judge Thomas F. Ryan, probably the best player in Oregon, will become a contestant. Wilson & Cooke, the hardware dealers, have offered a \$3 knife as first prize. A booby prize also will be given.

MRS. LANSING STOUT, MOTHER OF TWINS

Mrs. Lansing Stout, formerly Miss Antoinette Walden, of this city, and a niece of Mrs. Lena Charman, is the mother of twins. The babies, a boy and a girl, were born Wednesday. The Stouts live in Raven's View, Portland Heights. Mr. Stout is cashier of the Hibernia Savings Bank. Mrs. Stout taught school in this city several years and was prominent in local society. The Stouts also are prominent in Portland society.

GRANGE TO DEBATE HOME PATRONIZE

Maple Lane Grange will have an important meeting at noon Saturday, the question to be discussed being, "Are the Farmers Under Moral Obligations to Patronize Home Merchants?" A. J. Lewis, lecturer, will preside at the meeting and short addresses will be made by G. W. Dimick, master, and William Beard, secretary. The question for debate is one that vitally affects Oregon City merchants and there is no doubt that several of them will be present.

Clackamas Southern Railway Company

The capital stock in this company is a first class

INVESTMENT

No capital stock has ever been given away for promotion purposes, or sold for less than

FIFTY DOLLARS Per Share

Take from One to Twenty shares of this stock and you will be making a good investment, and the Company will take you out over the line on its construction train each week so that all stockholders may be able to keep in close touch with the progress made on the road.

All of the steel has been procured and the Company is selling stock to lay and ballast the track.

The books of this Company are open to inspection at all times by any stockholder so that they may see for themselves how the business of the Company is conducted.

In a short time the road will be in operation between Oregon City and Beaver Creek and all stock will greatly enhance in value.

The Directors of this Company are all known to the people of Clackamas County and most of them have been residents of this county for more than a quarter of a century, and they will take pride in seeing that the affairs of the Company are faithfully and honestly administered.

We ask you to call at the office of the Secretary and subscribe for from One to Twenty shares of this stock at the same price per share as the stock was sold for when the work was commenced in March, 1911.

Let each citizen who can afford the investment call and take One share, Five shares, Ten shares or Twenty shares, as their finances will permit, and they will get good returns on their investment in addition to opening up and developing the interior of one of the richest counties in the State.

The Company will give terms on the payment for stock, one-half down and the remainder on or before sixty days.

Respectfully submitted,
G. B. DIMICK,
Secretary, Room 3 Andresen Bldg., Oregon City, Oregon.

RISLEY GOES TO AUTO CONVENTION

Charles W. Risley, of Risley Station, started for Washington, D. C., Wednesday to attend a meeting of the National Automobile Association. He will be gone several months. The object of the meeting is to try to improve the roads of the country, and the roads of Oregon will be given special attention. Mr. Risley is firmly convinced that Clackamas County will benefit as a result of the meeting.

MORGAN TO HAVE BEST BUILDING FOR BANK

NEW YORK, Feb. 19.—Plans for "the finest banking house in the world," according to the announcement of the architects have been approved by J. P. Morgan & Co., to replace the structure occupied by that firm in the financial district. The estimated cost of the new building is between \$1,500,000 and \$2,000,000, and this, added to the value of the plot upon which it is to be built—a little over \$4,000,000, will make it one of the most valuable pieces of property in the city.

The new building will be severely plain, only four stories high, and constructed of Tennessee marble. The three top floors will be suspended from great trusses just below the roof instead of resting on pillars, as in ordinary buildings. The main banking department will occupy the first floor and will contain 15,000 square feet of floor space, the greatest of any private banking firm in the world, without pillar or post. Besides the private office rooms on the upper floors, there will be private sleeping and bath rooms, and on a level with the top floor a terrace for the recreation of members of the firm. Work on the building will start about May 1.
