Pope Pius X. as He Appears In Latest and Best Picture

HIS is one of the latest and best pictures of Pope Pins X. His holiness has been in such poor health at times within the past year that his recent stretch of well being has been a source of gratification to his church people the world over This shows the pope in his robes of office and indicates that he was still in possession of his vigorous physical and mental attainments at the time it was taken. The hand of advancing age has apparently dealt kindly with the holy father.

The report declares that the charges of Schuebel and Gill were merely matters of opinion and not supported by expert testimony.

The big general appropriation bill passed both the House and the Senate today, and went to the Governor for his signature. This measure car ries more than \$1,200,000. Individual items were fought hard in both the House and the Senate. Dimick in the Senate tried to have the \$7,500 appropriation for the Forest Service cut out as did Howard in the House, on the grounds that no benefit was derived from the money so expended, and that the timber industry should support itself. The \$24,000 item for the Naval Militia also came in for a great deal of scoring, and in both houses the fight over this institution was renewed with bitterness.

Representatives Lewelling and Smith of the Special Investigating Committee for the penitentiary, today presented to the House a minority report charging that the administration had not used to the best ad vantage some of the funds at the penitentiary and that the trusties were allowed to enter and leave the institution without being searched. Senators Barrett and Ragsdale refused to sign the report as did Representative Laughlin. These three will present a majority report tomorrow, which will declare the penitentiary to be well handled.

A large delegation from Oregon City arrived tonight and when the county division bill comes up for final passage at 2 o'clock tomorrow afternoon a vigorous protest will be made. Roseburg and Eugene will also send crowds to protest against the bill. After a hot debate, led by Dimick and Neuner, in the Senate today the minority report of Senator Wood was adopted in place of the majority report by Dimick and Kiddler and the bill made a special order of business for 2 o'clock Saturday. The Wood report recommended the bill for passage and the majority report was adverse. The bill numbered 307 on the House calendar was introduced in the House by Parsons of Lane, at the request of citizens of Cottage Grove who are trying to form Nesmith Coun- D. C. LATOURETTE, President. ty out of a portion of Lane. It would practically allow any portion of a county to secede and form a new county by petition, and is offered as an amendment to the Wood bill of the 1911 session, which was passed over the veto of the Governor early in the present session. The fight in

Senate today at times bordered on bitterness. Joseph led the faction in favor of the bill.
"This bill" declared Dimick, "is

unfair in that it gives the dissenting party all the voice that is to be had. It was before the people and defeated. The Legislature has turned it down repeatedly."

Neuner of Dauglass, part of whose county is also trying to secede, at-tacked the measure on the grounds of unfairness. Although admitting it will be a hard fight, both Neuner and Dimick are confident of defeating the measure tomorrow afternoon.
