**LOCAL BRIEFS**

M. D. Latourette was the host at a pleasant theatre party, followed by a long auto ride Saturday evening in honor of Miss Minnie Cline, of Salem. Upon returning from the auto ride an elaborate dinner was served at the cottage of Mr. Latourette on Main Street. A few games of pinocle were enjoyed by the guests. The prize, a handsome stein, was won by Miss Cline.

**CATTLE AND HOG MARKET STEADY**

Receipts for the week have been: Cattle 1501, calves 12, hogs 4286, horses 70.

Cattle trade has been nominally steady, showing little change either way. Packers are not buying any more beef than their immediate needs call for, consequently outlet is more or less limited. Two or three cars of \$8.00 steers appeared in last week's run, but the bulk of the receipts consisted of medium to good heifers at current quotations. Bulls, stags, and calves have sold steady to firm throughout.

Swine market steady to strong with approximate gains of from 10 to 20 cents during the week. Receipts have been fairly liberal especially Monday's run which totaled 2500 head. As hogs are in the market for pork strong, this big shipment and the normal ones following failed to bear prices and nothing could prevent a decline. Bulk of sales averaged \$8.00 to \$8.40, with several loads at \$8.15 and \$8.20.

Mutton demand just steady for prime ewes and wethers. The latter was the only class of offering. Yearling stock sold firm at \$6.25. Lamb demand abated somewhat, due to approaching 1913 season and desirable 1912 lambs with wool on are not being marketed. All the stock on this week's market has been sheared and sold \$6.25 to \$6.40.

Prevailing Oregon City prices are as follows:

statements were recovered in the rear of the penitentiary was explained today by the statement that a second encounter occurred close to the building. It is said that automobiles ran along a wide road and that Madero and Suarez jumped out and were running when they were caught between the fire of the guards and the attacking party, this accounting for wounds being inflicted on them from different directions.

Provisional President Huerta and the other authorities here are earnest in their declarations that the government was acting in good faith and that the death of the prisoners was due solely to unforeseen circumstances.

With the passing of Francisco Madero, the general opinion prevails that the tension of the situation has been relieved. There is a marked tendency on the part of all classes to accept the new order of things. From various parts of the country reports have been received of further declarations of loyalty to the new administration.

The morning newspapers also herald the new era and prophesy immediate peace and the early resumption of prosperous conditions.

Huerta's government, undoubtedly, for the present at least, has the upper hand in the country.

A committee of followers of Zapata arrived today to discuss arrangements to bring about peace in the South. Reports from the state of Oaxaca, indicate that the disaffected Indians there have been placated.

United States Ambassador Henry Lane Wilson early today issued the following announcement concerning the killing of Madero and Suarez: "As nearly as I can ascertain at the present moment, Madero and Suarez' deaths occurred as a result of an attempt to rescue them while they were being transferred from the National Palace to the penitentiary."

"I had recommended their transfer to more comfortable quarters and Saturday morning Mr. De la Barra informed me that they would be transferred to the penitentiary in order that they might remain in security until the passions of the hour had passed.

"Whatever may or may not have been the circumstances of Madero's death, it has not affected the situation in the country."

**SONDER YACHTS NOT COSTLY.**

Racing Small Craft Has Become Popular Since Their Introduction.

The fifth series of international sonder yacht races, to be held next September off Marblehead, Mass., between German and American boats, was announced recently. The international contest between the two countries for this type of boat now stands three American victories to one German.

As in the four previous contests, the races will be sailed under the joint management of the Kaiserlicher Yacht club of Kiel and the Eastern Yacht club of Boston and according to the rules of the International Yacht Racing union. There will be at least five races.

The American trials will be held off Marblehead, beginning Aug. 16, 1913, with the first international race in the same waters on Sept. 1.

Yachts competing in the trials must be designed and built and all sails and fittings made in the country to which they belong. The total cost of construction must not exceed \$2,400. The crews must be amateur members of the yacht clubs which are admitted to the trial races and shall consist of not more than three persons, who must be citizens of the country in which the yacht was built.

The first international sonder boat race was held in this country in 1904, with a cup named for President Roosevelt as the principal incentive. The trophy was won by T. L. Park, owner of the American yacht Vim.

The second series was held at Kiel in 1907, when the Germans successfully defended the cup presented by the German emperor. The third contest was off Marblehead in 1909, and a cup named for President Taft was won by William H. Childs, owner of the American yacht Joyette. The fourth series was at Kiel in 1911, and here the American yacht Biblot, owned by Robert W. Emmons 3d of Boston and Harry Payne Whitney of New York, won the principal trophy, again named for and presented by the German emperor.

The sonder yacht, which is a fin keel craft of 4,025 pounds displacement and the length, beam and draft of which do not total over thirty-two feet, with a sail area limited to 550 square feet, has been a popular type of boat in eastern waters since the first international races off Marblehead six years ago.

**Obsolete Cures.**  
It was formerly believed that epilepsy could be cured by wearing a silver ring made from a rosin nail. Seven drops of blood from the nail of a cat and blood from a recently executed criminal were said to be valuable remedies for epilepsy. To cure a felon of run around hold the finger in a cat's ear for half an hour. For toothache trim your finger nails on Friday or eat bread that a mouse has nibbled or carry in your pocket a tooth from a soldier killed in battle. For ranaula of the tongue spit on a frog. For alcoholism drown an eel in brandy and make the drunkard drink the brandy. To cure warts rub the wart with a potato and feed the potato to a pig.

**"CLEAN-UP" BODY TO MAKE REPORT TODAY**

The Civic Improvement Committee of the Live Wires, at a meeting Monday evening, decided to continue its activity along the line of having the city cleaned and the scope and limitations of the committee were discussed in relation to the committee's work with the civil authorities. The committee decided that the problem could be fully and properly attended to by aggressive action by the proper authorities. A report will be made by the committee at the luncheon of the Live Wires today, when important questions will be discussed. The committee will continue to meet weekly until it is satisfied that the city has been thoroughly cleaned.

**TRAPPER MAKES BEST CATCH OF YEAR**

H. W. Thompson, of Estacada, a forest ranger, holds the record for trapping wildcats in this county for several years. He produced at the county clerk's office Monday skins of 30 wildcats and one coyote, receiving a bounty of \$2 each for the cats and \$1.50 for the coyote. He expects to sell the skins for from \$2 to \$3 each.

"I was out from December 14 to Feb. 7," said Mr. Thompson, "and would have had much better luck had I not been compelled to remain in camp about two weeks on account of a snow storm. One cougar I caught got away and the traps indicated that several wild cats and coyotes escaped."
