NEW YORK SETS CONCERTED ACTION A PACE FOR US

Concerted action on the part of the committee of health and police of the city council and the committee of nine of the Live Wires in cleaning up the city is commendable. In face of opposition the work is not always encouraging, but the joint committee may take courage over the attitude of the biggest city in the United States. Telegraphic information from New York City, under the date of March 9, says: "An effort to give New York a thorough cleaning up will be begun tomorrow under health department auspices. Voluntary assistance of the public is relied upon in a large measure to make a success of the movement."

"Every nook and corner of the city, it is hoped, will be cleaned and swept to rid dwellings, stores, factories, churches, theatres, hotels and all other buildings of whatever filth

and rubbish which may have accumulated through the winter. Elimination, as far as possible, of breeding places for the fly is one of the objects of the crusade."

Molalla may well feel proud of the "Molalla Pioneer" the first edition of which was published Friday, March 7, in that thriving little town. The paper is to be issued every week on Fridays and will publish general news of interest to the people of the Molalla Valley. The first paper which we have on file, is composed of four pages, seven columns wide and containing much news of Clackamas County with a brief of national and international news. The "Molalla Pioneer" is a deserving paper and the "Enterprise" hopes that it will succeed and have a bright future.

Colonel House of Texas has already been picked as "the power behind the throne" in the Wilson administration. Still, Mr. Wilson is sure to find there will be two other houses he will have to deal with, and "on his hands."

Uncle Sam owns some siege guns whose range is fifteen miles. They deserve to be mentioned among the peace preservatives.

GLADSTONE TAKES GAME FROM SELLWOOD

The fastest basket ball game ever witnessed in Oregon City was played in the Armory Saturday evening between the Gladstone and Sellwood teams. Although apparently beaten in the first half the Gladstone aggregation came back strong and tied the score in the second.

It took just eight minutes extra time for Lensenberger of Gladstone to throw the winning basket. Final score 19 to 17. This was Sellwood's first defeat of the season, having won 10 consecutive games. The lineup was as follows:

PUPIL, BEATEN BY MATES, RECOVERING

Reinhardt Kell, Jr., the 11-year old son of Mr. and Mrs. Reinhardt Kell, of New Era, who was severely beaten by schoolmates last Wednesday, which was his birthday, was much improved Monday and Dr. H. S. Mount, his physician, says he will recover. Kell was caught in the school yard by older boys and given a birthday spanking after part of his clothing had been removed. It is said the boys struck their younger schoolmate with their fists, and did not desist until their victim was on the verge of exhaustion. Young Kell was covered with bruises, according to his parents, when he reached home, and was chilled from having been exposed to the weather in a nude state. He was unconscious Thursday.

DR. MILLIKEN TO SPEAK AT METHODIST REVIVAL

Sunday was the great day in the revival meeting now being held in the Methodist Episcopal Church by Dr. T. B. Ford, the pastor, with the assistance of friends. At the meeting for men held in Woodman Hall Sunday afternoon Dr. Ford spoke on "An Appeal to Reason," and seven men knelt at the altar for prayer, expressing a desire to lead the christian life. The Sunday evening service was attended by a large congregation and all were enthusiastic. Dr. W. T. Milliken will preach this evening and the Baptists have accepted an invitation from Dr. Ford to attend the services and he expects a large attendance. Everybody is invited to be present. At the meeting Monday evening many christians told of their conversions.

Madero, Diaz and Palace, Storm Center of Rebellion

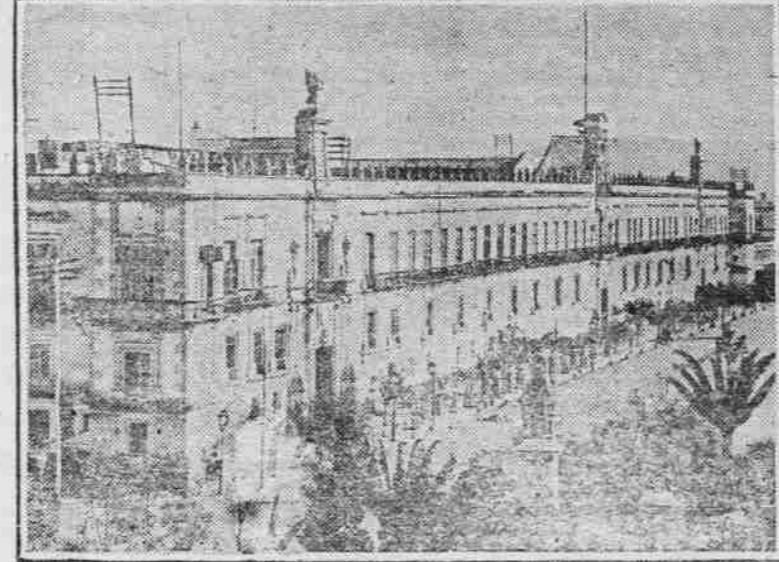

Photo of palace by American Press Association

In the recent Mexican rebellion—perhaps it would be better to say the latest one—there were two central figures and one main point of interest. The figures were President Madero and General Felix Diaz, the rebel leader, who struggled for supremacy with shot and shell in the streets of Mexico City. The principal building affected was the national palace, where the Maderists were garrisoned. The Diaz followers, with headquarters in the arsenal, fought to capture the palace, while Madero's troops battled to retain their seat of government. In the illustration Madero, who was deposed by General Huerta, is on the left.

officials of the line decided to send her on to Odessa, several hundred miles farther. "This is the first time in the history of the industry that a ship has made a special voyage to deliver a cargo of automobiles" said Mr. Bennett, in discussing the shipment. "It is only indicative of the attitude toward the American product in the European countries. We never had a dealer in Odessa before, but the Bank of Commerce asked for a large order to start with, declaring that the demand for Overlands in and about that city was insistent. Since the "Aristea" left with her cargo, the same firm cabled an order for 10 additional cars; so it looks as though they were not too optimistic as to the outlook for business in their section." AUTOMOBILES. The demand of Europeans for popular-priced American automobiles continues to increase, according to G. W. Bennett, vice-president of the Willys Overland Co. of Toledo, Ohio. Every day several Overland cars leave the Toledo plant, consigned to foreign dealers, and on February 23 a whole shipment started from New York City for Odessa, Russia.

The Odessaer Kommerzbank, which, in English means the Bank of Commerce for Odessa, recently asked for 35 Overlands, as the initial order in the Russian city. The cars were shipped from the factory in New York City at various times, the last of the consignment reaching there February 23. It was found advisable to not ship the cars on several boats, because of uncertainty of delivery, and finally the Steamship "Aristea" of the Gans line, solicited the shipment, agreeing to make a special trip to Odessa. The remainder of the "Aristea's" cargo was consigned to Lisbon, Portugal, but the big Overland order was an incentive, and the

All Are Blind Who Can't See Needs of Fellow Men

By HELEN KELLER, Famous Blind and Deaf Girl

NO one of us can do anything alone. We are BOUND TOGETHER. I do not like this world as it is. I am trying to make it a little more as I would like to have it. Perhaps you are thinking how blind I have been. You have your eyes, and you behold the sun, and yet you are MORE BLIND THAN I AM. It was the hands of others that made this miracle in me. Without my teacher I should be nothing. WE LIVE BY AND FOR EACH OTHER. WE ARE ALL BLIND AND DEAF UNTIL OUR EYES ARE OPEN TO OUR FELLOW MEN. IF WE HAD A PENETRATING VISION WE WOULD NOT ENDURE WHAT WE SEE IN THE WORLD TODAY. THE LANDS, THE LIFE, THE MACHINERY BELONG TO THE FEW. ALL THE WORK THEY DO GAINS FOR THE WORKERS A MERE LIVELIHOOD. STRANGE THAT WE DO NOT SEE IT, AND WHEN WE DO WE ACCEPT THE CONDITION IN BLIND CONTENT. The rich are willing to do everything for the poor except give them their rights. They say the workers are not thrifty enough. If the worker is not thrifty enough and does not save it is because the greatest part of what he produces GOES TO SOME ONE ELSE who does the saving.
