Tillman and Overman Say Report Made by Commissioner on Labor in South is Not Fair

WASHINGTON, March 11.—A hint of opposition to President Wilson's appointments came in an executive session of the Senate today, when Republican senators insisted that appointments be acted upon by the senate committee before being taken up for confirmation. As a result, no appointments were confirmed, although those of Daniel C. Roper, Alexander N. Dockery and James I. Blakeslee, appointed, respectively, as first, third and fourth Assistant Postmaster-Generals, were ready for action.

Opposition also developed among Democratic senators to the confirmation of Dr. C. P. Neill, who was reappointed by President Wilson as commissioner of labor statistics. Neill's chief opponents were Senators Tillman, of South Carolina, and Overman, of North Carolina, who took umbrage at a report Neill made in 1911 on the conditions of labor and the character of women and child laborers in the Southern cotton manufacturing states.

A meeting of the committee on education and labor to consider the appointment of Dr. Neill has been called for Thursday by Chairman Borah. Several Democratic senators have asked that no action be taken on the Neill appointment until the senate has been reorganized and the new committee named. Senator Borah said today that he would not take the responsibility for such action, but would submit Dr. Neill's appointment to the committee as it now exists.

Work will be commenced in a few days on the concrete building to be erected for the Molalla State Bank. Dr. Derby and the Molalla Pioneer are both preparing to erect buildings on the lots bought by them from Mr. Beck. Mr. Beck states that the growth of that busy little town is remarkable.

COUNTY COURT URGED TO APPROPRIATE MONEY FOR DEMONSTRATION WORK

GARY PLEADS FOR JUVENILE FAIRS

State Grange Master Spence Tells of Bills Passed by Legislature that Will Aid Farmers

The granges of this county at a meeting in the county court room Tuesday elected J. L. Jones and Mrs. J. L. Jones, Abernethy Grange, Parkplace; R. A. Wright, No. 40, Molalla; Mrs. Hannah Mudgett, Highland Grange, No. 261; M. B. Thomas, No. 392, Sandy and Mrs. O. A. Swallow, No. 263, Maple Lane delegates to the state convention to be held in Albany the second Tuesday in May. The meeting was presided over by J. D. Chilwood, M. J. Lazelle being the secretary. Seventeen of the 18 granges in the county were represented.

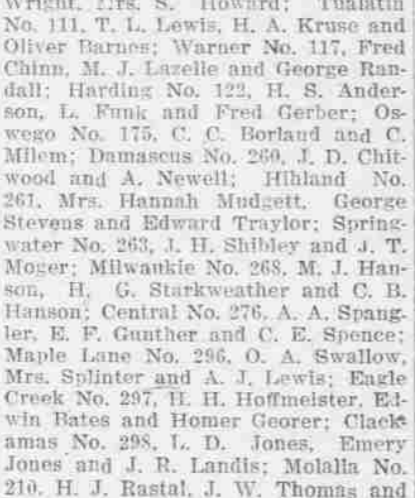

A resolution, urging the county court to appropriate funds for agricultural demonstration work in this county as provided in a bill passed at the last session of the legislature, was adopted. The state will give a sum equal to that appropriated by the county for the work. A demonstration farm will be provided and experts from the Oregon Agricultural College will be in charge.

T. J. Gary, superintendent of county schools, spoke upon the juvenile fairs and urged that they be given more consideration. C. E. Spence, state grange master, said that among the bills passed by the legislature which would be of great benefit were the compensation, minimum wage, widows' pension and agricultural college extension measures. George Randall said the agricultural extension work would be of great advantage to the farmers.

A. J. Lewis, of Maple Lane, said the farmers were in more need of a better system of marketing their products than of demonstration work. Mrs. Mary S. Howard, of Mulino, state secretary, and C. C. Borland, state gatekeeper, were in attendance.

The meeting was attended by the following: Molalla—No. 40, R. A. Wright, Mrs. S. Howard, Tualatin No. 111, T. L. Lewis, H. A. Kruse and Oliver Barnes; Warner No. 117, Fred Chalm, M. J. WIFE, IF SHE WINS, WILL BE BIGAMIST

MRS. NORMILE SEEKS TO HAVE DECREE GRANTED 20 YEARS AGO, SET ASIDE

EX-SEATTLE MAYOR LAWYER IN CASE

Plaintiff and Defendant Have Remarried Since Divorce Was Granted—He Is Worth Quarter Million

Hiram Gill, former mayor of Seattle, was counsel for defendant Tuesday in a suit to set aside a divorce granted in the Clackamas County Circuit Court 20 years ago. Mary Normile, through Attorneys Mark O'Neill, of Portland, and J. E. Hodges, of this city, is the plaintiff and Simon Normile, a wealthy contractor of Seattle is the defendant. The evidence, which was heard by Circuit Judge Campbell, showed that both plaintiff and defendant had remarried since the divorce was granted.

The plaintiff alleges that the defendant left her in Leadville, Col., 20 years ago to go to Seattle, promising to send for her and her daughter as soon as he was financially able. She avers that soon after he filed suit for divorce, he purposely and fraudulently sent the paper containing the summons to a wrong address. The plaintiff declared that she knew nothing of the action for divorce until several years after the decree was granted and her former husband had remarried. Soon after she remarried.

Normile prospered in business and is now said to be worth in the neighborhood of \$300,000. The plaintiff declared that after her husband left her she was forced to make a living for herself and child, her husband not sending her any money.

In the case the decision is in favor of the plaintiff she will have been the wife of the defendant ever since he left her, despite the fact that she now has another wife and she another husband for several years. A victory for her would not only convict her of the crime of bigamy but would convict the defendant of the same crime. C. D. Latourette, of this city, is associated with Mr. Gill for the defense.

CORONER WILSON IS QUARANTINE VICTIM

Clackamas County is virtually without an official coroner, for although W. J. Wilson, the county coroner, is in Oregon City and in good health, he is quarantined. Mr. Wilson's small son, Ballard, became ill the latter part of last week and Sunday a physician was summoned. He promptly pronounced the child suffering from smallpox and quarantined the house and its occupants. Mr. Wilson being in the house and exposed to the disease was quarantined and will be for several weeks. The only one of the family who was not exposed to the disease was Mr. Wilson's oldest son, Kent, who has not been at the house since his brother became ill. The case is of a very light nature as the boy has been vaccinated.

There are about ten cases of the disease in this city and the immediate neighborhood, but all of the cases can be traced to the one or two original cases of the disease. With two exceptions all the cases are mild or moderately mild. Edward Bailey has had a rather severe case of the fever but he is now much improved.

PUBLIC DOCK IS URGED BY CLUB

COUNCIL WILL BE ASKED TO MAKE ARRANGEMENTS FOR ONE AT ONCE

MERCHANTS MEET WITH COMMITTEE

Consensus of Opinion Is That Dock Should be Located in North End of City

The city council will be asked to take immediate action looking to the establishment of a free public dock in Oregon City, following a meeting of merchants Tuesday night at the Commercial Club. The council will be asked to take into consideration the urgent need for a public dock and to proceed to arrange for its construction and maintenance.

The meeting Tuesday night was held at the instance of the free dock committee of the Live Wires, the members of which are B. T. McBain, M. J. Brown and E. E. Brodie, and at the conference many expressions of the inadequacy of the city's present shipping facilities were forcibly commented upon.

The point was brought out that the city will be the gainer through the increased trade of the farmers, who would come here in large numbers if better shipping facilities were afforded them.

There will be no suggestion made to the council as to where the proposed dock should be located, although the consensus of opinion favors the North end of the city, between Eleventh and Thirteenth Streets, because of the fact that the natural advantages lie at these points.

The following were present at the meeting: Councilman L. P. Horton, James Roake, Oregon City Foundry; Theodore Osmond, Hawley Pulp & Paper Co.; C. C. Babcock, superintendent of streets; Dr. J. A. Van Brakle, chairman of the civic improvement committee of the Live Wires; Frank Busch, M. J. Brown, Oregon City Courier; F. C. Burk, R. L. Shepherd, Portland Railway, Light & Power Co.; Edward Schwab, Oregon City Manufacturing Co.; C. S. Noble, city engineer; Jesse Hazel, Northwestern Association; B. T. McBain, Willamette Pulp & Paper Co.; E. E. Brodie, Morning Enterprise; A. L. Beatie, Oregon Commission Co.; D. C. Williams, Willamette Bros. Transfer Co.; Adams, A. C. Howland, Dillman & Howland.

M. D.'S CHAUFFEUR FINED FOR SPEEDING

Edward Reed, chauffeur for Dr. A. E. Rockey, a specialist of Portland, was fined \$25 Tuesday by Recorder Stipp for auto speeding. The young man came to this city to take several friends riding. He went through Main Street at a rapid rate of speed, Chief of Police Shaw declaring at least 25 miles an hour, and soon found himself under arrest. He was taken at once to the recorder's court where he entered a plea of not guilty. Several witnesses, however, testified that the young man had broken the speed limit and Recorder Stipp said he would fine him at the rate of \$1 for every mile he was supposed to have covered with his machine an hour. Chief Shaw said he was confident the chauffeur was going at a rate of 25 miles an hour so the fine was fixed at \$25 although the young man only traversed about four miles of the city's main thoroughfare.

BOYS FOUND GUILTY OF BEATING MEN WITH ROCKS

Mitchell Story, Frank Sargon, Arthur Frees and Paul Rotter, all under 17 years of age, accused of throwing rocks at Joseph and Antoine Babich last Friday at Twelfth and Washington Streets, were given a hearing by County Judge Beatie Tuesday. The charges against Story and Sargon were dismissed. The others were found guilty and sentence was suspended during good behavior. Evidence introduced showing that the men threw rocks at the boys. Judge Beatie said he was unable to determine which side started the trouble. The boys were arrested by Policeman Griffith on warrants sworn out by the men.

"WATER IS VILE," SAYS SCHUEBEL

VICTIM OF TYPHOID DECLARES THAT IT IS NOT FIT TO DRINK

PURER SUPPLY IS BEING SOUGHT

Civic Improvement Committee Reports that Work of Cleaning City Is Being Pushed Rapidly

George Randall, one of the heaviest property owners in Oregon City, started something at the weekly luncheon of the Live Wires Tuesday when he declared the city water was not responsible for the recent epidemic of typhoid fever. Within a few feet of him were C. Schuebel and R. L. Shepherd, both of whom nearly lost their lives during the epidemic and neither has made a complete recovery. Mr. Schuebel was on his feet in a twinkling and roasted the city water supply to a brown turn.

"The water furnished the people of Oregon City is vile," declared Mr. Schuebel. "It is not fit to drink and I do not believe it can be filtered into purity. Its source is a great sewer, carrying the refuse from one of the largest valleys in the country. There was a time, 25 years ago, before the Willamette Valley was so thickly populated, that it was safe to drink this water in its unfiltered state, as the none of the towns above Oregon City had sewer systems, but now almost every city along the banks of the stream has its sewers running into the river and what was a beautiful mountain stream is now a mass of pollution."

"The water is dangerous to health. I had samples taken from my own faucets and analyzed, and I am of the opinion that some of the water sent away from here for analysis was boiled before it left Oregon City."

"The time to act is now, so that we may have pure water and take no chances on another epidemic next fall."

F. J. Tooz, chairman of the pure water committee of the city, and B. T. McBain, chairman of the Live Wires committee on pure water, explained that the engineer employed by the city has been working for some time, seeking new sources of supply and that he will have a report ready in a short time. Mr. McBain stated that the committee was looking forward to obtaining a permanent water supply that would be sufficient for the city's needs.

The civic improvement committee presented the following report:

"Friday evening, March 7, a joint meeting of the police and health committee of the council and the civic improvement committee of the Live Wires was held in the council chamber. It was decided that Oregon City could and should be cleaned up and that all legitimate means would be used in securing this result. Public sentiment is already being aroused to the fact that epidemic illness is largely spread and maintained by unsanitary conditions and we are sure that no individual owner will long persist in refusing to remedy conditions which are recognized as a menace to community health. The committee will hold joint meetings of each month. Mr. John Albright on the Wednesday following the 15th was elected to serve as chairman and Mr. F. A. Olmsted to serve as secretary."

"The county court has reported favorably on the plan for a weekly cleaning of the bridge across the Willamette and are now engaged in providing proper equipment for that purpose. The committee's plan for obtaining a better and more efficient lighting system of this same bridge has been turned into the proper department of the lighting company and we hope to have a favorable report at an early date."

Don E. Meldrum was elected to membership in the Live Wires. J. E. Hedega made a brief report on the weights and measures legislation enacted at the recent session of the legislature.

Dr. Milliken to Preach.

The pastor of the First Baptist Church will take as his topic at Prayer Service "How Christ's Death Affects the World" this evening. "Can we not run the attendance to one hundred and fifty this week?" asks Dr. Milliken.

The annual banquet was referred to the committee on social runs, with power to act. The committee will probably arrange for the affair to be held at the Portland Automobile Club House in the near future.
