## WOMAN, LEADING REBELS, IS KILLED

ATTACKING PARTY IS ROUTED  
BY CHARGE OF FEDERAL  
SOLDIERS

### REINFORCEMENTS ARE AWAITED

Gallant Leader of Men Is Felled by  
Bullets as She Leads Charge  
Against Army of Gov-  
ernment

LAREDO, Texas, March 17.—Rebels, led by a woman waving a red flag, who shouted encouragement to her men as they charged on Nuevo Laredo, were defeated today by a larger force of federal defenders. The woman was killed as she led the little band of Carranzistas in a final charge on the breakfast table.

Defeated in their last attempt to capture Nuevo Laredo, the little band of Carranzistas, who surprised the federal garrison of the Mexican border town early today, encamped in the hills several miles to the south tonight evidently to await the arrival of reinforcements before attacking again.

It is reported that more troops are hurrying to the aid of both forces and possibly will arrive late tonight. In this event a renewal of the battle will be expected at daybreak. Machine guns and ammunition are being hurried to the federals, it is reported.

The woman who was killed was identified as a relative of Carranza, a rebel leader.

Twenty rebels and 15 federals are known to have been killed. About 40 wounded have been cared for at an improvised hospital by American physicians and with women from Laredo, who crossed the border immediately after firing ceased and volunteered their services, acting as nurses.

The rebels, numbering about 200, followed Carranza, entered the city last night and opened the battle at daybreak with a fusillade fired from a factory building. The federal garrison of 350 men was in action within a few minutes and the battle continued for an hour and a half, the rebels finally being driven to the hills.

A number of rebel wounded were shot to death by the federals, it is said, and an accurate estimate of the casualties will not be possible until a more complete exploitation of the streets and alleys through which the battle raged is made.

Apparently it was a fight without quarter. One rebel soldier was seen to fall, as if dead, but when the charging federals reached him, he raised his head. A federal leveled a rifle, blowing off part of the wounded man's head, whereupon several of the federals kicked the body out of the way until it rolled down an embankment. It was reported that the federals received orders to exterminate the Carranzistas.

If it happened it is in the Enterprise.

## CHRISTIAN SCIENCE LECTURE PLEASURES

WILLIAM R. RATHVON, OF DEN-  
VER, ADDRESSES BIG  
AUDIENCE

### LAWS AND STATEMENTS ARE PROVED

"Science and Health With Key to  
Scriptures" Only Text Book  
Besides Holy  
Bible

"In the opening statement of our textbook, Science and Health, with Key to the Scriptures, the words are written: To those leaning on the sustaining infinite, today is big with blessings."

"After forty years experience of study and demonstration, there are thousands and thousands of men and women in all walks of life, testifying to the truth of that statement."

"When Jesus of Nazareth stood before Pilate, he was asked a question, a question which has been asked unnumbered times. 'What is truth?' For three years he had been teaching, and proving the truth about man, and always, when asked for proof of his teachings he referred to his works, and he made these statements, which have equal bearing on all men. 'By their fruits ye shall know them.' 'He that believeth in me, the works that I do he shall do also.'"

"In my own experience, I can testify to the healing power of the truth as taught by Christian Science; a member of my family who had been a great sufferer for many years was restored to health by its teachings."

"We have with us this evening an authorized lecturer and member of the board of lecturers of the First Church of Christ, Scientist in Boston, Mass., who does not come seeking converts to the Christian Science faith, but rather does he come to give us authentic information in regard to its teachings."

"I have the pleasure to introduce to you Ladies and Gentlemen, William R. Rathvon, who will now address you."

"W. T. HISLOP, 'Meldrum Place.' Mr. Rathvon spoke as follows in Oregon City Monday night at the Shively Opera House, the big auditorium being crowded."

"The intelligent study of any science should proceed by the orderly use of its text-books. Its laws and its statements thus learned are to be proved in the class room, in the laboratory, or in the field, as the case may be."

"Christian Science, universal in its usefulness and in its availability is likewise to be learned from its text-book and then proved and demonstrated in all the various avenues and activities of everyday life, wherever man mingles with man or his interests touch those of his fellows. Besides the Bible."

"Christian Science has but one text-book, 'Science and Health with Key to the Scriptures' by Mary Baker Eddy. It is not a book to be quickly read or hastily thumbed over as one would a shallow novel. Nor is it to be approached with bias or prejudice if one would share its riches; but its truths may be proved and in turn imparted by child or sage who turns its leaves with an open mind. Only the power of it is that catches the dew and yields its honey to the bee."

"Saint and sinner meet on common ground, in the pages of this remarkable book and though it starts all alike at the bottom of the ladder it always lifts up never drags down. Time and again its covers have been rudely torn even by unfriendly hands in search of phrases to wrench from their context and with which to smite men of straw, yet neither force nor deceit, the blundering of the bear or the sunning of the fox can avail to divert or suppress its tidings of comfort and joy."

"It has been asserted that Christian Scientists place their text-book above the Bible as the guide to righteousness. No one can honestly make this allegation who has read the book carefully, for on page 497 of Science and Health are printed these words, the first of a series of tenets of our religion."

"As adherents of Truth we take the inspired Word of the Bible as our sufficient guide to eternal life."

What more emphatic and explicit negation of such a charge could be demanded?"

"The truths of Christian Science do not originate in the book Science and Health. They find expression there but their origin is in God. They have always existed and will forever exist. What effect, then, it may be asked, does the study of this book have upon those who have previously been Bible students? Does it supplant the Bible in their reverence and admiration? Is the Book of books less precious to them than before? The answer is, 'No.' On the other hand Science and Health harmonizes many seeming incongruities in the Bible which have long perplexed layman and theologian; it explains apparent contradictions; it discloses unexpected riches; it gives new significance to favorite passages, and brings neglected ones into favor."

"The study and application of its teachings by those who have had little or no familiarity with the Scriptures has made them Bible students and Bible lovers. The one time atheist, the scoffer and the blasphemer are finding the Gospel a treasure house of joy and consolation whose untold riches had been barred against them until unlocked by the Key forged by the hands of a gentle woman who loved all mankind. No other book in modern times has made so many Bible readers."

"The text-book of Christian Sci-

## JOSEPH PETTY DIES IN N. Y. HOSPITAL

James Petty received a telegram Monday announcing the death of his brother, Joseph Petty, at the Home for Incapables in New York City. Mr. Petty was paralyzed about 16 years ago and has lived at the home ever since. He was born and reared in Oregon and 25 years ago was the champion heavyweight pugilist of the Pacific Coast. He won distinction in the ring by knocking down Charles Mitchell, the English champion, in an exhibition contest in Portland and subsequently went to San Francisco where he had phenomenal success. Mr. Petty was a circus performer for many years, being a ground and lofty tumbler. He was one of the few men on the coast who could turn a triple somersault from an incline run over the backs of horses and elephants. He lived in Portland a number of years and has many friends there. Soon after he was stricken Mr. Petty inherited about \$100,000 from an uncle who had large real-estate holdings in the Bronx, New York City, and during his long illness he received the best of attention. The funeral will be held in New York.

## CIVIL WAR VETERAN DIES AT SON'S HOME

The death of Atwell Martin occurred in this city Sunday morning at the home of his son, H. E. Martin. Mr. Martin, who was 75 years of age, had been suffering for about three weeks from an attack of paralysis and was unable to regain his strength. Mr. Martin was born in Kentucky September 2, 1838. He moved to Tacoma, Wash., many years ago and two years ago he came to Oregon City to live with his son, H. E. Martin, and has since lived in this city. He served three years in the Union Army during the civil war and was a member of the Grand Army of the Republic. He had many friends in this city. Besides his son in this city, there are six other children: F. W. Martin, Van Martin, and Charles Martin, of Cle Elum, Wash.; Robert Martin, of Spokane; Lee Martin, of Seattle; and Mrs. J. N. Tracey, of Seattle. All of the children were in this city during Mr. Martin's illness.

The funeral services will be held at the Portland Crematorium this afternoon at 3 o'clock. Friends and members of the G. A. R. are requested to meet at the Martin home at Eleventh and Washington Streets at 2 o'clock. A special car has been engaged to take the party to the crematorium.

## PROFESSOR SISSON TO BE BANQUET ORATOR

Professor E. A. Sisson, of Reed College, will be the principal speaker at a banquet of the Congregational Brotherhood this evening. The banquet will start at 6:30 o'clock. Professor Sisson formerly was connected with the University of Washington. He is a speaker of national reputation and an authority on education in the Northwest. In order that the public may have an opportunity to hear the address the brotherhood has decided to have the big meeting of the evening in the audience room of the church. His subject will be, "Men's Work in Education." Professor Sisson believes in the broadest conception of education and that popular education should be closely related to civic welfare. It is believed that the auditorium will be crowded, for it is seldom that a speaker of the reputation of Professor Sisson lectures in this city. No charge will be made to hear the address.

## MRS. JEREMIAH HOSTESS OF CHURCH SOCIETY

Mrs. C. H. Jeremiah entertained the members of the Intermediate Society of the Baptist Church at her home at the Cliff House on Main Street Saturday evening. The evening was pleasantly spent in conversation, games and music, after which refreshments were served by the hostess. Mrs. Jeremiah was assisted in entertaining by Miss Daisy Colston and Mrs. Charles Oslesby. A large number of persons enjoyed Mrs. Jeremiah's hospitality.

## BROWNELL PAYS MEED OP PRAISE TO SAMSON

The funeral of the late W. W. H. Sampson was held at the Congregational Church Sunday afternoon at 2:30 o'clock. The building was crowded with friends of the deceased, who listened with marked interest to the splendid story of Mr. Sampson's life, told by George C. Brownell, a lifelong friend of Mr. Sampson. Mr. Brownell told of his early meeting with Mr. Sampson and of the splendid reputation that Mr. Sampson had in the community and of the many positions of trust that he had filled. Rev. G. N. Edwards opened and closed the services with prayer. Music was furnished by the Congregational Church choir. At the cemetery the services were brief and without music according to the wishes of Mr. Sampson. The pall bearers were F. A. Miles, D. E. Frost, H. E. Cross, William Stone, S. Walker and J. E. Jack.

## FROST AND EDWARDS TO GIVE BOOSTER DAY DANCE

Jack Frost and Henry Edwards will give a big Booster Day dance at Busch's Hall April 26. The dance will be one of the biggest ever given in the city. Messrs. Frost and Edwards have given many dances in this city and all of them have been big successes.

## How Advertising Reduces Your Cost Of Living

By John P. Fallon

Advertising is the means by which merchants of manufacturers may tell a great number of people about the superior quality of their goods, the desirability of their merchandise and the reason it will be to your advantage to patronize them.

Advertising enables merchants to bring hundreds and thousands of customers to their stores. It enables them to do a large volume of business at minimum expense.

Advertising establishes the confidence of the community, makes new friends, keeps old customers interested and brings the news of the store right into the customer's home.

The merchant who advertises continuously appeals to all the people in town, while the merchant who does not advertise sits within his door and waits for the people to find him out or accidentally drop in as they are passing by.

Advertising is such a powerful selling force and business builder that merchants who use it are enabled to sell better goods at the lowest prices. Read the advertisements in THE MORNING ENTERPRISE closely and constantly every morning for proof.

## WIFE SAYS HUSBAND MADE HER LABOR

Alleging that her husband has continuously found fault with her and compelled her to earn a living for herself and him, Edith Tucker Monday filed suit for divorce from Hiram Tucker. They were married in Hammond, Wis., January 24, 1898. The plaintiff left her husband in September 1909 and remained away from him for three years. She avers that she had a chance meeting with him on a Portland street and that he induced her to return to him. In a few weeks, according to the plaintiff, her husband "hired her out to a family of 10" and she says her health soon failed. Circuit Judge Campbell has granted decrees of divorce in the following cases: Marion D. Lindsey against Josias A. Lindsey; Nora Blanch Baker against Nick B. Baker; Julie Egis alias Julie Sarlandt against Edward Egis, alias Edward Sarlandt, plaintiff's maiden name, Julie Elst, being restored and Amelia Schultz against Carl Schultz, plaintiff's maiden name, Amelia Prater, being restored.

## METHODIST SERVICE IS WELL ATTENDED

The revival services at the Methodist Episcopal Church are being well attended. The family service Sunday was one of the finest services held in the church for a long time. The afternoon meeting was one of the best that has been held. The young peoples meeting at 6:30 was conducted by Miss Ada Mass and was well attended and enthusiastic. The concluding service of the day was, Dr. T. B. Ford thinks, one of the most important held. More than twenty men in response to an appeal by the pastor stood up, and while admitting that they were not Christians, declared that they believed in Christianity. Dr. Ford preached Monday evening to a large audience. His subject was, "The Power of a Mighty Conviction." Services will be held this afternoon at 2 o'clock and at 7:30 tonight, Dr. Ford being in charge.

## M'LOUGHLIN MUSICAL IS GREAT SUCCESS

The entertainment given Saturday evening in the McLoughlin Institute was a marked success in more ways than one. The large crowd which attended the exercises was enthusiastic in its praise and the receipts were much larger than were expected. An address on an Irish theme was delivered by J. F. O'Hara of Portland. Mr. and Mrs. Burke, of Gladstone, gave several duets. A cornet solo, which was played by Frank Champion, was pleasing and showed that the young man has much ability. The Oregon City High School Glee Club were encored several times.

## PURE WATER LECTURE TO BE GIVEN NEXT WEEK

Councilman Toose, chairman of the special committee of the council authorized to provide a pure water supply, said Monday evening that Professor Stafford, of the Oregon Agricultural College, would probably not be able to lecture here until next week. His subject will be, "Sources of Pure Water Supply." J. H. Brewster, sanitary engineer of Portland, will lecture at the same time on, "Spread of Typhoid."

Couple Gets License.  
A license to marry was issued Monday to Margie Pluard and Walter J. Roberts, of Oregon City.

## WILSON IN DOUBT ABOUT SUFFRAGE

PRESIDENT ASKS WOMEN TO  
WAIT UNTIL QUESTIONS  
ARE SETTLED

### REFUSES TO COMMIT HIMSELF NOW

Advocates Tell Chief Executive That  
He Has Advanced Best Argu-  
ments for Cause They  
Advocate

WASHINGTON, March 17.—Suffrage for the women of the United States by a constitutional amendment, was formally presented to President Wilson today by a committee of national leaders in the movement. Wilson was urged to recommend to the special session of Congress action on such an amendment, but he told his visitors he had not made up his mind on the woman suffrage question.

"The President was courteous and sympathetic throughout," said Mrs. Ida Husted Harper, of New York, and prominent in the National Woman's Suffrage Association. He said there were many pressing questions to come up at the extra session and that if he did not recommend action on woman suffrage, he did not want it to be taken as an indication of his general attitude, as he was not committing himself yet.

Other members of the party said the President viewed woman suffrage as a question of great importance. There were indications, they said, that the President was open minded on the subject.

Harvey A. Wiley, of the House-keepers' Alliance, set forth the value of suffrage from the viewpoint of the mother influencing society.

Mrs. Claude V. Stone, wife of Representative Stone, of Illinois, argued that only amendment to the federal constitution could there be immediate general action.

Mrs. Bartlett Dixon and Miss Alice Paul, chairman of the Congressional Committee seeking woman suffrage, said the question was equivalent in (Continued on Page 2.)

## GIRLS LOCKED IN COURTHOUSE

YOUNG WOMEN EMPLOYED BY  
SHERIFF JUMP FROM  
WINDOW

### PASSERSBY THINKS THEM ROBBERS

Janitor, Not Knowing Girls are in  
Building, Locks Door and  
Goes to His  
Home

Pedestrians on Eighth Street were given a mild sensation Sunday evening when peculiar sounds were heard coming from the court house. Several of the pedestrians stopped, and, in a few minutes one of the rear windows was slowly raised and a shadowy figure peered into the fast growing darkness and scanned the court house yard in all directions.

About this time one man became excited at the thought that he might become a hero and was about to make a rush for the chief of police and announce that housebreakers were in the Temple of Justice. As he was catching his breath he heard a girl's voice from the court house say: "Come on girls, the coast is clear."

Recovering his composure, he saw several young women slowly crawl out of a window and jump to the ground. Upon investigation he found that about six of the young women employed in the sheriff's office had been working upon the tax roll Sunday and had become so interested in their work that when 5:30 o'clock came, the janitor went out the building and, not noticing that the girls were still at work, locked the door. At half past six they found this out and as a result were forced to climb out of the window and jump six feet to the ground.
