STAFFORD.

A hook was caught in some way in the nose of one of Mr. Weddle's horses. A veterinary surgeon was called, who sewed the wound up, but it is very sore yet, and the horse is unable to work.

On Friday last, Henry Baker and Louisa Schieve went to Oregon City, armed with a paper from the mother of the girl, who is but sixteen, to the effect that the mother gave her consent, and obtained a license and on Sunday they were quietly married at the home of the mother, Mrs. P. A. Baker, who is invalid. The pastor of the Baptist church, of which the bride and mother are members, Rev. Lucas, officiating. The groom is the eldest son of P. A. Baker, a highly respected young man, and the bride is the youngest daughter of Mrs. P. A. Baker and John Schieve, her first husband who died a number of years ago. The young bride is well liked by all who know her and in common with all their friends we predict for them a happy future. We heard that the neighboring boys were well provided for, as it was feared the din of a charivari would be bad for the sick mother.

Joe Nemeec has been repairing the barn where the horses kicked their stalls to pieces.

Stafford had quite an exodus on Tuesday. Mr. and Mrs. Ellegson, Mr. and Mrs. Claus Peters, Mr. and Mrs. Kruse, Mrs. Powell and Mrs. Gage were among those seen on the streets of Oregon City, while Mr. Nussbaum and Mr. Powell went to Portland with a load of potatoes and hogs.

Hogs are quite a profitable crop late years. Last week Mr. Schatz sold a load alive at his door, which brought him the neat sum of \$113.05 and he said the sum was pretty near all gain.

Mr. Gage has a few white seed oats to sell.

Mr. Powell returned from Portland Sunday night at 9 o'clock, having been in Portland since the previous Friday on business, and walked from Willamette, which indicates he is better in health than for some time.

It looks quite as if the "powers that be" in Oregon City were trying to drive the outside community away from that little burg, in the first place banishing the hitching posts, then arresting one of his horses are hitched outside a livery barn over two hours. We sometimes go to town upon business of our own, and prefer to have our team in the open, where it gets pure air and is ready to start when we have attended to business, but by this short-sighted ruling we stay away from Oregon City except when obliged to go to our county seat to pay our taxes. It looks like the interest of the livery stables is paramount to all others.

A lady living two miles out said she would like to drive into town, but there was no place to tie her horse, and she didn't feel like paying 15c for her horse while she stopped for an hour or so, and she therefore takes a car or boat for other places. Farmers go to Portland and other places with their produce, and do their heavy buying at other towns for the same reason. A word to the wise ought to be sufficient.

REDLAND.

We are pleased to be able to report Mrs. Chas. Jenkins much improved. She was very low for a few days. Dr.

Mr. and Mrs. Conklin returned home from California last Saturday. She had enjoyed good health while there, but the first night at home she could not sleep on account of the asthma. We sorry she is troubled that way again.
