FORUM OF THE PEOPLE

DANCE CRITICIZED. OREGON CITY, April 1 .- (Editor of

the Enterprise.)-If it is possible, the writer would like to sqeeze through your columns his sentiments regarding the dance given by a local organization in Busch's Hall last Saturday

Considering, as I do, that the organization which gave the dance, is ie of the best in town, I was considerably surprised to see the character of some of the dancing permitted at the affair. To say that much of it was of the sort commonly called on the "tabooed" list would be putting it mildly. It was not enough to allow free license in all the regular dances, but a "moonlight" dance was tripped off in total darkness, except for a few flashes of light. Such dancing as this, it seems to me, is not in demand by the better element of dancers, and those who insist on so indulging should not be allowed to practice their art in good society. There were many present who, of course, did not approve of it; and in behalf of such, and of others who would like to have a nice dance in a clean environment, I bring this protest.

I cannot believe that such "far illiar" glides bear the stamp of approval of the lodge giving the affair, but think the public of Oregon City should demand that all so called "respectable" dances be more rigidly supervised. Set a high standard for our best ball room, and preserve the
