

Now's the time to buy your Moyer \$15 Suit--

Spring patterns are all in and they were never better; drop into any of the Moyer stores and see them.

There's more to Moyer \$15 suits than the low price--there's good appearance and long service that would cost you \$20 to \$25 anywhere else than at Moyer's

That's the reason so many careful men buy Moyer \$15 Suits--the combination of good quality and low price makes an appeal that cannot be resisted.

rapidly, that the road can now be said to be in real good condition.

STAFFORD.

April fooled us by coming in smiling and all who could do so were busy out of doors. There is but little more seeding to do, so farmers feel they are on easy street.
Mrs. Brink, who fell and sprained her knee is feeling easier and can walk some.
We want to take this opportunity of thanking the readers of the Enterprise who responded so heartily to the man asking those who would to send Grandma Tiedeman Easter cards. She received about forty, and was very much pleased, and they help to pass the time while she is still confined to the house.
The parent-teachers' club met last Friday at the school house, and although every one in the district had received a card reminding them of the day only about a dozen came, but quite an interesting meeting was held, and the president appointed a committee of three to interview the board, and ask permission to have a dinner on Arbor Day, the 11th of April, as the teachers had decided to avail themselves of the liberty given them by law and have exercises appropriate to the day, and a flag pole raising, and maybe plant a few additional trees, etc., and hope all will feel enough interest in the school to come and encourage both children and the teachers.
A number of our young men have ordered patent telescope fish poles, and expect great sport in the near future.
Mrs. Schatz and daughter, Christina Loy, spent the afternoon of April 1, at Mr. Aden's.
Mrs. Weddle, Mrs. Nussbaum and Mrs. Gage will visit Mrs. Keller on Thursday and as her husband is chairman of the school board, they will solicit his consent to the dinner on Arbor Day, which he will undoubtedly accord, therefore let the wives and mothers appear at high noon with well filled baskets, cold chicken, cakes, sandwiches and all that makes for a good picnic dinner, after which the teachers will have charge of the afternoon exercises, and hope to see a good turn-out of the patrons of the district.
The Willamette butcher was buying calves for veal this week in this neighborhood.

LOGAN.

Agents and flies are making their appearance.
Rudolph Johnson and Bruno Freidrich left for Hay Creek, Crook county to work on a large stock farm this summer.
The entertainment at the hall last Saturday night, given by the Lower Logan school was not as well attended as would have been had the weather been more favorable. About twenty dollars was realized by the school. The program was good and well rendered.

Big Cyanide Plant Is To Be Installed Soon Work To Commence Immediately

Construction work is to begin on the 100-ton cyanide plant on the property of the Ogle Mountain Mining Company early in April. Mr. Charles F. Spaulding, Engineer and expert, will be here by April 1 to take charge of the construction work and the orders for machinery will be placed immediately.
Stop and think what the above statement means to Clackamas County and the state at large. Have you helped finance the proposition? Are you going to let the chance go by? Or are you going to get in and help us along? Now is the time a little help will be appreciated, for when the plant is completed it will do the rest. If you don't want to help, just keep your eye on Ogle Mountain and watch the gold bricks come out, and console yourself by the old saying, "The chance has gone by."
This is one of the many recommendations that we have of the Engineer, Mr. Charles F. Spaulding, who is to take charge of the work at the mine. Copy Gilbert Wilks & Co., Inc., Electrical Engineers and General Contractors, Denver, Col.
To whom it may concern--The bearer, Mr. Charles F. Spaulding, has been known to me for a considerable time past and I consider him one of the best mining and concentration engineers of the West. He is painstaking, and being possessed of great natural ability, has brought several hard propositions to a successful termination, and I have no hesitation in strongly recommending him to any one needing high grade services in his line.
Signed, WILLIAM H. GREY, M. & E. E.
Under the management of Mr. Spaulding we feel sure we are going to get all there is coming to us, and the best of treatment for he has the name of doing things right.
Where can you place a few dollars with the chance of winning larger profits? There is no easier money made than there is in mining. Why do we say we have a mine? Because we have our property developed, the veins are of true fissure origin, there are many in number and range in width from four to seventeen feet; are located from surface to thirteen hundred feet in depth and all carry values in payable quantities. What more can you ask, as these are facts and the property is located right here at home and owned by home people.
Gentlemen, what more can we do to prove to you that we have one of the best investments for big returns on the Pacific Coast? Our display of ore is credited among mining men as being the best on the coast. Call at our office, Tenth and Main Streets, and learn all particulars or fill out the following contract:

The Superiority of Electric Toast

to the charred, or brittle, or soggy kind made in the tedious old-fashioned way, is relatively the same as the superiority of grilled steak to fried steak.

For one-tenth of a cent a slice the General Electric Radiant Toaster makes Perfect Toast faster than you can eat it. It is Perfect Toast because the radiant heat forces the necessary chemical change in the bread. This insures delicious golden Toast that fairly melts in your mouth.

You can operate the General Electric Radiant Toaster on the finest damask table cloth. Its neat porcelain base and cheerful glowing coils add grace and charm to any table.

This little toaster is on display at our store in the Beaver Building on Main Street.

Modern Living Causes Sickness

The stomach is the most important organ of the body. The entire system depends upon its action. The stomach of a man or woman living a shut-in life from day to day, riding to and from business and taking little or no exercise in the fresh air, cannot digest the amount of food that is forced upon it. The stomach gradually grows weaker under these conditions and nervousness, kidney and liver troubles, rheumatism and other ailments are the result.

COOPER'S NEW DISCOVERY tones up the stomach, cleanses the system, regulates the digestive organs and gives nature a chance--that is the secret of health.

Cooper's New Discovery drives away that tired, lazy, half-sick feeling, and makes you more cheerful, lively and buoyant. It is a pure, vegetable product, compounded after a thoroughly tested and successful formula.

Many thousands of persons testify to the merit of COOPER'S NEW DISCOVERY

in the treatment of stomach trouble, indigestion, loss of appetite, lack of strength, rheumatism, catarrh and kidney and liver troubles.
