## POPE RALLIES; DOCTORS HOPEFUL

TEMPERATURE NORMAL AND DANGER POINT BELIEVED TO BE PASSED

### NOURISHMENT TAKEN BY PONTIFF

Patient Sleeps Easily and Pains in Chest are Abating—Newspaper Joins Head of Vatican

ROME, April 15.—(Tuesday, 2 A. M.)—The Pope has rallied in a wonderful manner from the serious attack from which he suffered Sunday. He appeared to be on the point of death Sunday night, but the physicians' report late last night indicate that the danger point, for the present at least, has been passed.

Dr. Amici paid a visit to the sick-room shortly after midnight. Although the Pope's temperature has increased slightly, he found the general condition satisfactory. He administered a heart stimulant, and shortly the Pope went to sleep.

Throughout the day the temperature was normal, the pulse remaining about 85 and the respiration 26. This indicated a considerable amelioration in the bronchial symptoms, which was further shown by easier breathing and freedom for long periods from coughing.

In addition the Pope was able to take some nourishment, and he showed much interest in what was happening about him. When Professor Marchisava allowed the Pontiff's nephew to enter the room there was an affecting scene. The frail and aged Pontiff and the young and robust priest embraced tenderly, the latter being unable to restrain his emotion at finding the Pope so changed physically.

Professor Marchisava repeated to-night his assurance that if Providence were exercised the Pope would recover. He declared that his examination of the chest showed that the inflammation, which yesterday was marked on the left side, has been checked and was diminishing, while the bronchial sounds were less noticeable.

## SCHOOL CHILDREN TO BE IN PARADE

DIRECTORS GIVE PUPILS HOLIDAY SO THAT THEY MAY PARTICIPATE

### MANUAL TRAINING BUILDING NEEDED

Taxpayers May be Asked to Authorize Expenditure of \$1,800 for Structure at Next Election

Pupils and teachers of the Oregon City public schools will be given a half-holiday vacation on Friday afternoon, April 25. This will be Hooster Day, and inasmuch as practically all of the students in the Barclay and Eastham buildings have agreed to march in the school parade on Saturday morning, the half-holiday was extended. The concession was extended by the board of directors at their regular meeting Monday night, and considerable discussion ensued over the entrance of the children into the parade, some fear being expressed over the wisdom of permitting the pupils to participate in a parade in which stock will have a prominent place. City Superintendent Toose gave voice to the thought that the children are the best stock in Oregon City and should lead the parade.

The school board devoted considerable time to a discussion of the drinking of city water at the school buildings. All of the fountains have been shut off for several months, and bottled water is furnished for drinking purposes, but water is running from the faucets in the manual training, domestic and chemical rooms at the high school, and notwithstanding the warning against the consumption of unboiled water for drinking purposes, many of the pupils drink the water from the faucets whenever the desire is present and opportunity offers. The directors finally ordered signs put over the faucets to make the warning against drinking water more emphatic. It was reported that in many instances the boys at the high school had opened pipes with their bicycle wrenches to obtain city water.

It developed at the meeting that the district is up against a difficult problem for space for manual training work, which is handled in one small room at the high school, and it was suggested that a manual training building be erected at the northeast corner of the high school block. This is the plan followed in Portland and a number of manual training buildings have been erected there at a cost of \$1,800 each. The taxpayers may be asked this summer to authorize such an expenditure. There are more than 200 students enrolled in the manual training work, which is one of the most interesting departments in the public schools.

The directors authorized the purchase of two snare drums, one for each of the graded school buildings.

### YOUNG DAMASCUS COUPLE HONORED BY NEIGHBORS

A surprise party was tendered Mr. and Mrs. Ray Dalles at their home in Damascus Saturday in honor of their wedding anniversary. About thirty-eight of the neighbors and friends of the young couple spent the evening at the Dalles' home. Many beautiful and useful gifts were received by the couple. A fine luncheon was served.

## THE COSTLY CATTLE SHORTAGE AND THE CONSUMER'S SHORTAGE.

The explanation by the stockyards chief, of the present high prices of meat—that there is an unusual shortage of live stock—according to Cartoonist King, does little to warm the anxiety of the ultimate consumer. The latter, finds the shortage in meat nothing in comparison with the shortage of funds in his own exchequer, putting meat out of reach.

## LODER CALLED AUTO "SPEEDER," KILLS DOG

John W. Loder, prominent lawyer, will be given a hearing today by Recorder Stipp on a charge of automobile speeding. Michael Long, chief of the fire department, and also a special policeman, has sworn out a warrant against Mr. Loder charging him with speeding on Main street between Twelfth and the Abernethy bridge. He declares the autoist was going at a rate of at least 25 miles an hour on that stretch of the street late Monday afternoon. The speed limit in the city is 10 miles an hour. But the warrant is not the extent of Mr. Loder's troubles. Soon after it was sworn out and while he was on his way home his machine struck a dog on Singer Hill and so mangled it that Chief of Police Shaw killed the animal. The accident to the dog, however, was not due to Mr. Loder violating the speed limit because Singer Hill is steep.

## "CROOKED THUMB LAD" VICTIM OF MEASLES

Howard Mass, 8-year-old son of E. T. Mass, sheriff, who February 7 wrote a "blackhand" letter to Velma Allen, nine years of age, because she refused to reciprocate his affections, is in trouble again. This time, the precocious lad has the measles, and he is firmly convinced that the disease is the result of his having written the threatening letter, and declares that it is severe punishment. The message to the girl was as follows:  
 "Velma Allen: There is going to be a bunch of robbers and they are going to capture you at midnight February 28, 1913, and they have snakes with them."  
 Yours truly,  
 "The Man With the Crooked Thumb."

The boy had drawn a skull and cross bones at the bottom of the sheet of paper and the envelope was sealed with a red cross stamp. Asked why he had used this stamp young Mass replied, "I wanted to convey to Velma that the ambulance would get her."

## OREGON CITY TEAM BEATS MT. PLEASANT

The Oregon City baseball team defeated the Mount Pleasant nine Sunday by a score of 11 to 10 at Cane-mah Park. Mount Pleasant played a good plucky game and the contest was exciting throughout. For the Oregon City team, Calif, who pitched the last part of the game, started. The game was well attended. With a start such as the team got Sunday it should do well during the season. Persons who saw the game say the team is well balanced and predict it will win a majority of the games played.
