COUNCIL REFUSES SPECIAL LICENSE

(Continued from page 1)

Councilman F. J. Tooze declared that Mr. Kern had seen liquor served to minors in a certain saloon in town, and had made no protest at it. Mr. Eby wanted to know who had seen this, and Mr. Tooze replied an officer of the law had seen it. "Who was the officer, asked Mr. Eby. Mr. Tooze said he didn't care to say, whereupon Mr. Eby insisted that he ought to be told. A moment later he added:

"Will you, Mr. Tooze, then say that liquor was sold to minors with Mr. Kern's knowledge, and without his protest?" "No," said Mr. Tooze, and subsided. After some further bickering with Mr. Tooze, the matter was dropped. Councilman John Albright believed that the men should be allowed to sell their present stocks, and did not believe the council should try to put the town dry. He said if the people had wanted the town dry, they would have voted it so. He added: "I believe the property owners should have the greatest weight in such affairs as this, as they are the ones who have to pay the taxes for the upkeep of the city. I do not care what Tom, Dick, or Harry have to say about the matter, when they do not own a cent's worth of property in the city and pay no taxes."

Other speakers were William Stone, Rev. G. N. Edwards, Rev. J. R. Landsborough and Rev. W. T. Milliken. Upon motion of Councilman Horton, the matter was laid upon the table indefinitely. The vote was as follows: Yes—Horton, Tooze, Meyers and Beard; No—Albright, Metzner and Long. The matter of allowing the decorations on the streets on Booster Day was referred to the street committee with power to act. A sum of \$75 was appropriated as prizes to the firemen for their races on Booster Day, providing they should raise a like amount.

SENATE MILITANT IN ITS ATTITUDE

(Continued from page 1)

It was announced last night, in connection with the California alien law situation, that should the state enact, as is now proposed, legislation directed specifically against the Japanese, that the federal government might take a hand in the proceedings and insist that California repeal such legislation were it to pass.

A Calendar. To the modern world a calendar is merely a harmless necessary reminder of weeks and days to be bung up on New Year's day and consulted in dating letters throughout the year. It has no such mournful sound as "calendarium" had for the ancient Romans. The original calendar of their times was the money lender's account book, so called because interest was due from the debtor on the calendars, or first day of each month. Seneca speaks of calendar as a word invented on account of human greed.

SPORTSMEN MEET TO DISCUSS LAWS

The Clackamas County Rod & Gun club will hold its regular meeting Tuesday night in the Commercial club assembly room. Several matters of special interest to all sportsmen will come up for action. The new laws passed by the recent legislature pertaining to game and fish will be discussed in full, and possibly some action will be taken in reference to assisting the Brownsville Rod & Gun club in their efforts to invoke the referendum on some of the statutes. If possible E. C. Greeman, for years in charge of the Bonneville fish hatchery, will be present and will give a talk on fish culture. Final arrangements will be made for the first shoot of the season, which is planned for the first Sunday in May, at the club's grounds, just west of the end of the suspension bridge. Representatives of eastern powder manufacturers are expected to be present and will give exhibitions of fancy shooting. The club now has over 100 members in this county, and is constantly increasing in membership. Meeting Trouble. When Trouble has made up his mind to come and see you it's no use to bar the door, but in case he tries to come down the chimney you'd best have a fire there to give him a warm welcome.—Atlanta Constitution.

SKILLED TRAINER FOR LOCAL BOXERS

JACK LEWIS

Lightweight zoxer who will train local amateurs

Jack Lewis, a local lightweight boxer who has attained considerable renown in California sparring circles, has been engaged as coach for the Oregon City Athletic club, and will train members of that organization for bouts which are to be held at a smaker in the Armory May 2. At this time there will be half a dozen or so mills between local boxers, and two weeks later the winners in the first batch of bouts will meet aspirants from Portland who want to try out the local talent. Lewis was formerly a member of the Multnomah Athletic club, and while in California won decision over a number of boxers of high standing. He has looked over the material in the local club, and proclaims it to be first class, with some particularly promising sparring men among the members. Training under his instruction will be daily until the night of the smaker, after which he will polish up the winners for the contests with the Portland amateurs.

Bright and Lively. An organist with a sense of humor is still chuckling about an announcement that was made on a Sunday morning by his pastor in a Fifth avenue church. The pastor said: "I hope that every one will come to our lively, bright and inspiring service this evening; subject, 'Watching a man die.'"—New York Sun.

STOCK-AT-LARGE LAW KNOCKED OUT

The "double negative that means a positive" was the basis of a decision by Circuit Judge Campbell Monday that knocks out for the time being the county provisions as to livestock running at large. Judge Campbell based his action upon the wording of the ballot when the matter was voted upon at the last election. The instruction on the ballot at that time read:

"For stock running at large—Yes" "Against stock running at large—No." The form, as prescribed by the legislative law of 1907, indicates that the same title for the matter to be voted upon shall precede both the words "Yes" and "No." In ruling the present vote inadequate to express popular opinion in the matter, the judge after reviewing the statement printed on the ballot, says:

"No fair interpretation can be given the words as they appeared upon the ballot, using their ordinary meaning, save that every elector who voted, was in favor of stock running at large."

COLONEL HOFER'S BROTHER IS DEAD

SALEM, Or., April 21.—While apparently in his usual health, A. F. Hofer was stricken with heart failure at 2 o'clock yesterday afternoon and died within a few minutes. He had been out in the garden with Mrs. Hofer and when he returned to the house he lay down on a couch and without warning passed away.

Mr. Hofer, who was 53 years old, came to Salem with his brother, Colonel E. Hofer, in 1889 and since that time had been prominently connected with the business interests of the city. He and his brother purchased the Capital Journal, of which he was business manager until four years ago, when he disposed of his interests and became secretary and publicity manager for the Salem Board of Trade. A few months ago he resigned his office and at the time of his death was one of the active leaders in the Willamette university endowment campaign. He was also a member of the state immigration board.

Besides his widow he leaves three children, Marie and Paul, who are students at the O. A. C., and Dorothy, who is at home. A Curious Notice. This curious official notice was once published in Germany: "At the request of Herr Wilhelm Leigson of Innsbruck the seaman, Johan Leigson, who was drowned in May, 1869, on a journey from Stockholm to Hamburg in the Kaiser Friedrich, is hereby called upon by the courts to appear and report himself on or before April 1, 1881, under pain of being declared dead."
