We do not build MONUMENTS-though this might be regarded as one form of punishment-to men in America who have amassed vast fortunes. Nobody of great wealth nor any lawyer representing great corporate interests has ever been elected president.

American inquisitiveness I prefer to think of as divine curiosity leading our people, as it does, over oceans and across continents in search of something they wish to see or know. A GUIDEBOOK WOULD NOT BE A BAD NATIONAL EMBLEM. It would not appeal to any one afraid to venture far from the town pump. It speaks of a desire to visit places where great deeds have been done and galleries where great pictures hang. HISTORY AND ART AT-TRACT AMERICANS FAR MORE THAN DO THE SHOPS AND BOULEVARDS.

We often hear of a hustling, expansive and even shrewd American, but seldom of the ARTISTIC AMERICAN OR ARTISTIC AMERICA.
