Business in the wool trade continues at low ebb. From all centers the word comes that there is little indication of any decided improvement in the buying during the present week. Mill interests continue to hold down the lid and even a further improvement in all foreign wool markets has failed to move them.

MRS. A. H. ADAMS IS HURT IN SOUTH

Friends of Mrs. A. H. Adams, formerly of this city, and mother of Louis and John Adams, will regret to hear of the serious accident with which she met in Los Angeles Saturday evening. Mrs. Adams who was visiting in that city, had just returned from a trip with friends to Long Beach, and was starting across a street. The street being dark she did not notice the approach of a motorcycle, and the motorcyclist did not see her. The result was that she was thrown to the ground and received severe injuries about her body, and a fracture of the skull. The motorcyclist, John Strangeland, was but little hurt.

Doctors say that Mrs. Adams will recover, but friends fear that the accident may prove fatal on account of her advanced age. A telegram received in this city Monday morning stated that Mrs. Adams was resting easily. Louis Adams left Sunday evening on the Shasta Limited for Los Angeles.

POSTAL SAVINGS GOOD FOR BONDS

The United States Postal authorities have sent out circulars containing valuable information in regard to the manner in which postal savings banks deposits may be invested in government bonds. An summary of the circular follows:

By applying on or before June 2, 1913, depositors of the Postal Savings the rate of 2 1/2 per cent per annum, a part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100 and \$500, bearing interest from July 1, 1913, at payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable 20 years from that date in United States gold coin.

Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under state, municipal, or local authority.

Postal savings deposits converted into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation on the amount of available postal savings bonds which may be acquired finally by a depositor.
On the application of any holder the board of trustees will purchase postal-savings bonds at par.

COUNCIL MEETS
Members of the city council met in special session Monday afternoon and passed two ordinances legalizing the sale of \$75,000 worth of bonds which are shortly to be purchased by Morris Brothers. The bonds are for municipal improvements.

The council also passed an ordinance providing for the laying of a sidewalk from Seventh and Sixth streets along the top of the bluff, to the proposed site of the municipal elevator, bids for which were advertised last week.

After handling these purely technical matters, the council adjourned. The meeting was called by Mayor Jones at short notice, so as to get the details outlined above in order.

PRIZE LIST CORRECTED

The Enterprise wishes to correct two misstatements which appeared Sunday morning concerning the Booster Day celebration. The mistakes being caused by misinformation. The machine driven by Ralph

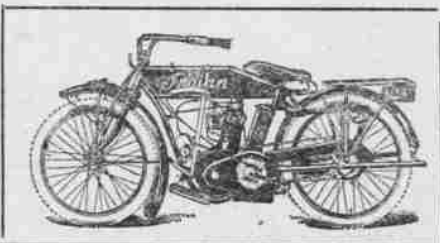

Parher, which was reported in the paper to have been driven by Charles Parker, was from the Miller-Parker company. It was decorated by Mrs. C. G. Miller, and won the first prize. The team of Williams Brothers, which was awarded the third prize in the horse pulling contest, weighed 2300 pounds instead of 2390. Considering its weight, it made a very creditable showing.
In Saturday morning's parade the Macabees received another award, this being the second first prize this organization secured. The order has about 239 members in town.

If it happened it is in the Enterprise.
