(From OREGON CITY PUBLICITY) agencies are at work trying to dem. will then be what they are in other be raised in the East with the added fully developed. advantages of the best markets in the country right at their very doors. Mrs. Bertha Douglas has a fine played until a late hour, when dainty Why, then, they say, should men go FAIRS AND from the East to buy Oregon fruit lands at big prices, when they must trust to the East for their markets and pay the freight across the continent to get them. "As I say," the rather under a cloud, and the present lack of representation and propaganda is something that should not be allands, but the possibilities are so great, and the country is so inviting, correct information is a matter of the first importance."

It is only natural that an onslaught should be made on Oregon.. Its apples and pears had gotten into a class by themselves. Backing them was the highest kind of intelligence, in could produce and that those who wanted the best were willing to pay and pears. Most of the people in the pany: West have come from the East; they there was nothing like it-except the ing cash prizes: Oregon fruit, of course. But when these people returned to their native were surprised to discover that what had filled them with delight in their youth fell far below the standard which our local fruit had established

for them. Eastern fruit raisers and more pardispose of their lands, are now preaching the doctrine that it is possible to selling at from \$3 to \$3.50, depending do in the East what is being done forget is that every section of the country has some specialty which it can produce better than any other section. Oregon is in a class by itself in the raising of small fruits and pears and apples. It is likewise in a class by itself in other respects, but that is another story. It is not alone that its soil is peculiarly adapted to fruit-growing, but there is the further fact of the very highest grade of intelligence being put into the pro-MUTTON-Sheep 5 to 6 1-2; lambs duction of the fruit itself, supplemented by a care that perhaps cannot be VEAL-Calves 12c to 13c dressed, equalled elsewhere except in France. On the top of this there is honesty WEINIES-15c lb; sausage, 15c lb. in the packing and marketing. When people buy they know what they are going to get. The grade is the same from top to bettom, and in every individual case. This is the combination which has won for Oregon and will continue to win, which will bring the fancy price in the best markets of the world.

At the same time, Oregon should not sit idly by and allow itself to be misrepresented.-Editorial Evening

Telegram. The question of high priced land for fruit growing in Clackamas County is not an issue, for there are hundreds of acres of the rich red soil in which fruit does wonderfully wellin fact the soil which was made exof fruit, which may be had at prices which are reasonable. The contour is rolling and of sufficient elevation to be practically out of the frost lines. Men of wide experience in farming OATS-\$28.59; wheat, 93 cents Mrs. Herrington entertained the oil meal selling \$38.00; Shay Brook in the East, when fruit land is menplussed and ask if " all land is not fruit land," which goes to show that
