Get Ready for Summer

Our Annual June Sale

Starts Saturday, June 7th; Ends Saturday, June 14th

A Sale in this store is not an over-night, hurried or disorganized affair. It is an event for which preparations are made months in advance.

The unmistakable economy of our "Cash Store Policy" is never more pronounced than at a time like this.

"June Sales," "Clearance Sales" and "White Sales" are the order of the day. Self-praise and self-laudation are practices so common with some stores that a buying public becomes sceptical.

It is not for any store to proclaim its commercial sovereignty.

THE PUBLIC AFTER ALL IS THE COURT OF JUDGMENT, and it is to this court that this store submits its **JUNE SALE** for approbation and patronage.

CUT OUT THE COUPON ON THE INSIDE OF THIS PAGE, IT ALLOWS YOU 30 OF THE FAMOUS "S & H" GREEN STAMPS FREE WITH EACH DOLLAR PURCHASE

Why Enthusiasm
Pervades This
Entire Store

BECAUSE nothing is left to chance or sharp practice

BECAUSE we have a definite point in view, our ideal and ambition is to win recognition as the "RELIABLE STORE", the "Store Courteous"

Our strictly cash policy enables us to give you *Better Values, Better Stock* to choose from and *Better Service* than the credit stores find it possible to do. Each and every one of our sales people is thoroughly imbued with the spirit of loyalty, and determination to please you.

Intrenched behind this impregnable armor, everything is possible in commercial achievement.

With counters heaped and shelves abulge with new spring merchandise,—we concentrate our entire energies on *selling*, and the sale prices show the force of our determination. The remarkable and increasing influence of this store, we attribute to the logical effect of a definite cause,

*A Cash Store for All the People
Where All Are Treated Alike*

MILLINERY PRICES Take a Tumble

The big stick played havoc with the prices on Hats

Why? Because we have probably sold you one hat and we are going to give you a chance to buy another for your mid-summer wear. This whole department will be affected—not one reserved.

The head of the department says, "We will make a noise for one week" and see if we can scare up some new customers for hats and bring back others that have already bought from us. There are many new things in millinery that have just come out. You can have something much different from the style you purchased early.

See the Goods Behind this Ad.

Get Ready for Summer
