WHY CONNIE MACK IS SUCCESSFUL

Athletics' Leader Always Ready to Plug Weak Spot.

POSSESSES GOOD FORESIGHT

He Always Can Tell When Player is Beginning to Slow Up—Case of Catcher Livingston Is Good Example of His Methods.

Connie Mack, the thin tactician who guides the Philadelphia American league team, has set high records in the matter of preparing material for future use whenever any of his regulars give indications of weakening. An instance of Connie's foresight in this regard came in the sale of Paddy Livingston to the Cleveland club. Six months before Paddy was let out by Connie that clever manager, in a signed magazine article, declared that the coming season would be the last for

CHARACTERISTIC STUDY OF CONNIE MACK. one of his capable catchers—that this player was gradually losing his throwing power. And when Livingston was let out Jack Lapp had been so well trained in the Mack school of baseball that he stepped right into Paddy's shoes. As a matter of fact, Lapp had really displaced Livingston as second Philadelphia catcher the previous fall. Of the 1911 world's championship winners Mack has cut loose from the following: Outfielders Hartzel and Bris Lord, Catcher Livingston, Pitchers Morgan, Danforth, Long, Martin, Krause and Russell and Utility Infielder Derrick. Hartzel, after long years of service under Connie, is now managing the Toledo club. Lord drifted to the minors and is now back in the majors for his fourth chance at big league ball. This time he is with the Boston Nationals. Paddy Livingston is catching occasionally for Toledo. Cy Morgan, whose good work did much in winning two flags for Connie, is now pitching for the Kansas City club; Krause is with the Portland club of the Pacific Coast league; Danforth is hurling for Jack Dunn's Baltimore club and Derrick, after a season in the minors, is now with the New York Highlanders. How many of those now making up the Philadelphia regulars will drop out after this season? And will Connie Mack have the men to take their places? All past dope indicates that every man forced out by the nerve racking pace of American league baseball will be replaced by one just as good. It's a habit Connie has.

COBB'S THROWING ARM WEAK.

Runners Now Take Big Chances on Balls Hit into His Territory. Notwithstanding the fact that Ty Cobb is just as great a ball player today as he ever was, it is also true that his weak throwing arm is going to prove a handicap to his team. Any ball hit into his territory entitles the runner to take desperate chances on the bases, for Cobb is unable to throw the ball any distance. But he is a wonderful man on the inside, as he demonstrated recently when he went all the way from first to third when Gandil dropped Johnson's assist and then followed this sprinting feat by successfully stealing home.

Shanks Improving as Hitter. Manager Griffith has forced Howard Shanks to crowd the plate instead of drawing back as he used to, and as a result the young Senator outfielder is said to be a much improved hitter. Athletics at Marquette. Marquette University Athletic association expects to include 1,500 members by next fall. Say Magee Made Record Single. Quakers are claiming that in a recent game with the Pirates Sherwood Magee made the longest single on record. His hit was a cannon ball liner that hit one yard below the top of the right field wall at the Phillies' park. The ball bounded directly toward first base faster than any man can throw one; and the slugger had to hustle to be safe at all. Outfielder Graney Once a Pitcher. Graney, who is playing in the outfield for Cleveland, used to be a pitcher. He is playing fine baseball this year and seems certain to hold on to his position.

MACKSBURG.

In Sunday's ball game the Macksburg Browns took the Molalla Stars into camp on the Molalla grounds, to the tune of 7 to 1. The star playing of the game was done by Smokey Simpson, Macksburg's third baseman, who had three hits, four broken bats and several sensational catches of difficult fouls to his credit. Pitcher Vick, of Molalla, won the distinction of four strike-outs in one inning. Batteries, Macksburg, Norris and Gribble; Molalla, the Vick brothers; Umpires, Gribble and Cox. Macksburg has won the last four games played and their percentage is .714 for the season.

The rain of Saturday and Sunday has imparted the freshness of early spring to the Macksburg landscape. Indeed there is little except the advanced state of the grain and of vegetation generally to remind us that we are no longer in the vernal season.
