

### TAX GAIN PAYS CRUISE; PROFIT

(Continued from Page 1.)

assessment, will also gain about a third more in taxes. Also the estimates so far made show that the Weyerhaeuser cruise, which the county has accepted, and which it has obtained "free," has been grossly under the actual amount of timber. In only one instance was the value of timber in a section found more according to the Weyerhaeuser cruise than according to the county estimate. In all other cases the county estimate has been far in excess of that furnished by the timber people. Often times the county cruiser has found timber in a certain section ten times as valuable as the estimate given by the Weyerhaeuser people.

Following are some of the values by the Weyerhaeuser cruise and the values for the same areas of timber as furnished Assessor Jack by the county cruiser now at work. The difference is startling—in fact it is shown that the timber company's estimate, as given the county, is just about a sixth of the value as estimated by the county itself:

Weyerhaeuser Figures	County Figures
\$6,000	\$18,295
2,000	1,550
8,800	13,515
2,000	7,155
1,500	5,275
3,000	5,845
3,000	3,775
6,000	36,225
3,000	33,285
4,000	36,720
4,000	29,360
2,000	2,375
1,500	6,469
5,000	26,020
2,000	7,170
5,000	6,380

\$48,900                      \$241,315

The gain in assessed valuation under the county cruise is \$92,415, and the 16-mill tax alone on this gain will amount to \$1,478.54. Deducting from this the \$590.80 which the cruising of the 7,335 acres covered by these figures has cost, the county's direct gain is seen to be \$877.74.

#### MARRIAGE LICENSES

County Clerk Mulvey has issued marriage licenses to the following: Edith Ida Follansbee and C. Roy Toban, of Powell River, B. C.; Ruth Carlson and Glenn Munner, of Portland.

### GLADSTONE GAINS \$5 IN ONE NIGHT

Gladstone, for various reasons, has had no chief of police for some weeks. As the principal duty of the chief in this quiet and peaceful, though progressive, city consists in keeping the livestock straightened out, his loss has not been greatly felt. However, as every well-managed community ought to have a police force, Gladstone could not long go without such a department, and Monday evening the council confirmed Mayor Cross's appointments of W. H. Miller as chief and Percy Cross as force.

Tuesday morning the new department found its hands full, and mostly because of the activity of Ben Hayhurst, the manager of the Home Telephone company's outfit in Oregon City. Mr. Hayhurst has observed the manner in which higher officers of his company have been assisted by and have assisted officers in the cases growing out of the Oswego strike riot, and Monday, after council meeting, he determined to provide a little work for Gladstone's new police department.

Mr. Hayhurst has, during the interim of no-police-chief, been bothered somewhat by cows browsing on his lawn at night. Monday evening he went out and corralled ten bovines and drove them down to the Gladstone city pound. Then he slumbered peacefully. Bright and early Tuesday morning the owners of the ten cows went out to gather the breakfast milk, and discovered that all their bovines had been captured. Promptly they fell upon the new police force, Chief Miller was somewhat surprised, and called up the balance of his department to know why he had been so active. The force itself said it had slept quietly all night, and supposed the chief had gathered in the bovines. Finally the real busy party was discovered.

It then occurred to the new police force that as long as the cows were legally and regularly in the pound they might as well be treated as city captures, and owners were informed that their animals would be restored upon payment of the 50 cents pound charges provided by the ordinances. This is why Gladstone is now five dollars richer than it was. Mr. Hayhurst is quite popular with the new police force, but is not such a favorite with the owners of domesticated livestock.

#### WILSONS CELEBRATE WEDDING ANNIVERSARY

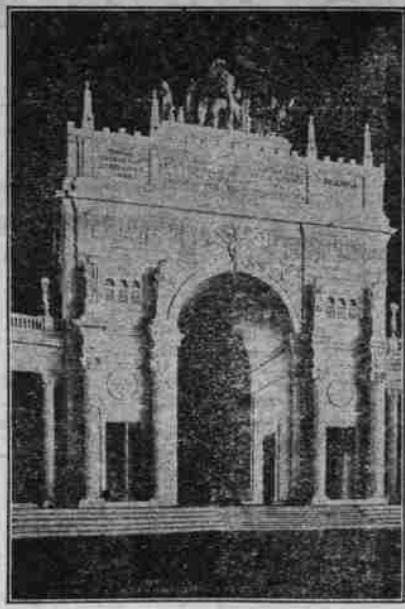

WASHINGTON, D. C., June 24.—The President and Mrs. Wilson today celebrated their twenty-eighth wedding anniversary with several relatives and intimate friends as their guests. They were married in Savannah, Ga., June 25, 1885. Before her marriage Mrs. Wilson was Miss Ellen Louise Axson. Her home was in Rome, Ga. The year of the Wilsons' union synchronized with Mr. Wilson's acceptance of a professorship at Bryn Mawr college where, as the wife of the young educator, Mrs. Wilson attracted much attention by reason of her ready wit and agreeable manners.

#### HELPFUL TALK PLANNED

The Rev. E. A. Smith will preach Wednesday evening at Willamette, taking as his thought "A Helpful Subject for Helping People." Before the meeting he will call upon as many of his friends in the district as possible. Sunday he will preach at Logan, where his subject will be "My Country." The theme will be patriotic, and national airs will enter largely into the music.

### PANAMA CANAL'S WONDERS TO BE DESCRIBED

CANAL ARCH AT 1915 FAIR

For the reason that every citizen of the Northwest is vitally interested in the completion of the Panama Canal, the management of the coming Chautauqua has secured a special lecturer to tell of that most interesting engineering feat of the age. Frederick Vining Fisher, for a long time intimately connected with canal work, is to deliver this lecture on the evening of July 11th.

Mr. Fisher is a well-known lecturer and will illustrate his talk with over 250 magnificent views of the work on the canal. Mr. Fisher will also tell of the plans for the coming fair at San Francisco, to be held in celebration of the completion of the canal.

The above picture is that of the Canal Triumphant Arch, which will mark the gateway to the exposition. Not only people interested in the canal should hear this lecture, but also those planning on attending the fair in 1915. The lecture will treat both subjects in an able manner.

Aside from the almost superhuman effort in the construction of the canal, the place it will fill in the commercial relations of the world will be of utmost importance. To the people of California, Washington and Oregon will come the quickest and most beneficial results. Tuesday evening, July 11th will therefore be a special "western" evening.

### ADDITION NEEDED AT BARCLAY SCHOOL

Within a few days a call for a special meeting of the taxpayers of the Oregon City school district will be made for the purpose of authorizing a special tax levy to cover the cost of the construction of a 2-room addition to the Barclay school building. The meeting will probably be held Monday evening, July 7, at the courthouse.

Increase in the number of pupils of the Oregon City public schools makes it advisable, if not altogether necessary, to construct an addition to the Barclay building, and the board of education will ask the people of the district to authorize a special tax levy for the purpose of covering the cost of construction. The expense is roughly estimated at \$3,000, which would include a heating system to care for the addition as the present heating system at the Barclay building is no more than adequate to heat the main structure.

For many years the overflow of grade pupils from the Barclay and Eastham buildings has been placed in a make-shift room in the gymnasium on the Barclay grounds, but the gymnasium is out of repair and considerable expense would have to be incurred in placing the old structure in anything like first class condition, and then, at best, it would be no more than a temporary affair, never having been designed nor intended for use as a school building.

About five years ago a 4-room addition was added to the Eastham building, and it was thought this would care for the grades for many years, but the increase has exceeded the expectations of the directors who are now right up against the problem of providing adequate and suitable quarters for the grade pupils. If the authorities would attempt to send pupils from the down town sections to the Eastham building, located near the head of the Seventh street hill, there would probably be a righteous howl of indignation.

The members of the board of education spent nearly four hours Sunday morning in the driving rain making an inspection of the three school buildings to determine what repairs will have to be made during the summer vacation. They found most of the repairs needed to be of a minor character, entailing little expense, except the new toilets that are to be installed at both the Eastham and Barclay buildings.

The board of directors Tuesday night elected Mrs. Florence R. Brewer, of Vancouver, Wash., a teacher in the primary grades. Her election completes the corps of grade teachers, leaving vacant only the position of instructor in languages at the high school.

### MILLSBURG PEOPLE TO HOLD MEETING

The residents of the proposed new city of Millsburg, on the west side, will hold a meeting in Willamette hall on Main street, Oregon City, Friday evening, June 27th. The meeting will be called at eight o'clock, and it is expected that all legal voters, both men and women, will be present.

A petition has been received by the committee in charge of incorporation, signed by 129 residents of the proposed city asking that the name be changed. A two-thirds vote of those present will be necessary to reconsider the matter, and only legal resident voters will be allowed to vote on re-consideration.

At the last session of the legislature a law was passed making it necessary for people to reside ninety days in the district proposed to be incorporated before they have the right of franchise therein.

Matter of boundary lines will finally be decided upon and the incorporation papers signed, that all may be in readiness to present to the county court at meeting of July 2nd.

**Plan Purity Parade.**  
LIMA, O., June 24.—With a service of praise and welcome the Christian Endeavor societies of Ohio begin their annual convention here tonight. The convention will be in session until Saturday, the programme providing numerous addresses in addition to the reports and other routine business. Thursday, which has been designated as Citizenship day, will be the big day of the convention. The feature of the day will be a "purity" parade of 5,000 young men and women workers dressed in immaculate white.

### STRAWBERRY DAYS ARE ABOUT GONE

Good strawberries are now being quoted as high as \$1.35 a crate, and berries that are not so good are to had as low as 60 cents a crate. In between these figures there are some very eatable grades to be picked up by lucky buyers, but the strawberry season is about over for the present, and the luscious fruit will not be a feature of the market until the second crop comes out. Berries will probably be on the local market for ten days or two weeks more, but their quality will be doubtful, and luck will figure largely in the buying.

Puget Sound is offering in Oregon markets a fine grade of celery that is being quoted at \$1.25 per dozen bunches. Together with an ample supply of home grown lettuce, radishes and green onions, all of them to be had at low prices, lovers of salad should be happy.

String beans are being offered as low as five cents a pound, owing to the over supply of offerings. Green peas are plentiful, reasonable in price and good in quality. New potatoes are still holding at medium prices, ranging between two and three cents a pound.

The egg market is holding firm in the neighborhood of 25 cents for selected stock. Good eggs can be had at 22 cents.

#### Livestock, Meats.

BEEF—(Live weight) steers 7 and 8c; cows 6 and 7c; bulls 4 to 6c.  
MUTTON—Sheep 5 to 6½; lambs 6 to 6½c.

VEAL—Calves 12c to 13c dressed, according to grade.  
WENIENES—15c lb; sausage, 15c lb.  
PORK—9½ and 10c.

Poultry—(buying) Hens 11 to 12c; stage slow at 10c; old roosters 8c; broilers 20 to 21c.

#### Fruits.

APPLES—50c and \$1.  
DRIED FRUITS—(buying)—Prunes on basis 4 for 35 to 40c.  
ONIONS—\$1.00 per sack.

POTATOES—Nothing doing.  
BUTTER—(buying)—Ordinary country butter, 29 to 22½c.  
EGGS—Oregon ranch, case count 17½c; Oregon ranch candied 18½c.

Prevailing Oregon City prices are as follows:  
CORN—Whole corn, \$2.  
HIDES—(buying)—Green sealed, 9c to 10c; sheep pelts 75c to \$1.50 each.  
WOOL—15 to 16c.  
MOHAIR—28c.

FEED—(Selling)—Shorts \$28; barn \$26; process barley, \$30.50 to \$31.50 per ton.  
FLOUR—\$4.50 to \$5.

OATS—(buying)—\$28; wheat 93c; oil meal selling \$38; Shay Brook dairy feed \$1.30 per hundred pounds.  
HAY—(buying)—Clover at \$8 and \$9; oat hay best \$11 and \$12; mixed \$9 to \$11; Idaho and Eastern Oregon timothy selling \$20.50 to \$23; valley timothy, \$12 to \$15.

#### HAYNES DODGES COURT

Fred Haynes, who was to have appeared in Justice Sievers' court Monday to allow his attorney, Howard M. Bruynell, explain how it was that he did not pay Nellie Gallinger \$20 for board and room, apparently determined not to run the chances of conviction at the hands of a jury of his peers, and when the time set for his hearing arrived, failed to appear. Justice Sievers issued a bench warrant for the young man, and Constable Frost is looking for him.

### CANBY TO BECOME BIG HONEY MART?

The first carload of honey bees ever shipped into Oregon has just reached Canby and will be taken to an apiary in the foothills west of Molalla. The bees are the property of M. J. and G. K. Lee, of Canby, and comprise 1000 stands of the Caucasian variety, the honey gatherers that date their lineage back to the land of Caanan.

Orchardists believe that bees are the best aids to pollination, therefore the Lee Brothers have planned a traveling apiary for the Spring of River and other portions of the state are in bloom the bees will be shipped to various points and set to work making a crop of honey and aiding in loading the trees with fruit.

M. J. Lee figures on shipping 50 tons of honey next season, or three carloads.

#### Big Turnfest at Denver

DENVER, Colo., June 24.—Delegations representing German Turner societies in every part of the country are pouring into Denver for the quadrennial festival and tournament of the North American Gymnastic Union. The gathering will have its formal opening tomorrow and will continue until Monday.

Enterprise advertising pays.

### IF YOU HAVE GREY HAIR YOUR ABILITY IS DOUBTED

Young Looking People Are In Constant Demand Everywhere

Competition is keen. You can't hold down the Big Jobs if you are suspected of being a "Back Number." You can't expect to be a successful wage-earner, man or woman, if you are old looking, but whether you work or not, you owe it today to yourself and family to keep looking young. Get a bottle of Hay's Hair Health today. It solves the grey hair problem for every man and woman, young or old. It brings back the full, rich, natural color of the hair—restores it to its natural color immediately.

Don't waste time with substitutes, there's only one, Hay's Hair Health, used by thousands with absolute satisfaction for twenty years. Druggists have sold Hay's Hair Health so long to so many satisfied people everywhere who come back again for it and won't use any other, that they are perfectly willing to guarantee it and give your money back if it's not satisfactory after a fair trial.

Free: Sign this adv. and take it to the following druggists and get a 50c. bottle of Hay's Hair Health and a 25c. cake of Hartina Soap, for 50c.; or \$1.00 bottle of Hay's Hair Health and two 25c. cakes of Hartina Soap Free, for \$1.

CHICAGO, Ill., June 24.—A convention held in the United States, assembled press of alienists and neurologists, in Chicago today for a three days' session—the first large gathering of its kind since.

### The Stuff Successful Men Are Made of

The International Correspondence Schools are NOT closed in summer. All of our truly ambitious students those who think more about the increased salaries their studies will qualify them to earn, than of the imaginary discomforts of summer study—devote a part of each week to their studies all summer.

A student who will only study in cold weather punishes himself. Why? Because he takes two or three times as long, in preparing himself to earn more money, as the student who studies from a half hour to an hour per day all the year round. We have enough letters on file to make several very large books, the general purport of which is: "Oh, if I had only taken up that course when I first wrote you about it! I have just missed a fine position, at largely increased wages, because I wasn't prepared to fill it. I lacked just the special knowledge I could have had from the Course." The writers of these letters never have to be content to study in summer NOW. They knew what delay costs. Why not profit by THEIR experience, instead of taking the same bitter medicine yourself?

Persons that suffer most from the heat are those that have nothing else to occupy their thoughts. A man who is interested in his studies doesn't know how hot it is. He has no time to fret about the weather. He is looking ahead a few months to the time when he can demand advancement in position and salary, because his special education will have made his services of more value to his employer. It is no harder to read an instruction Paper in summer than to read a newspaper. How many summer days are hot enough to prevent you from reading the daily news?

The man who promises himself that he will enroll next fall is only trying to deceive his conscience. He may not know it, but he is weakening his will-power, and it is will-power—power to do what one knows he must do to succeed—that makes the man. A man of weak will—one who will study some day, but not now—will always be down in the world; always in "hard luck," frequently out of work, and when employed, it will always be at low wages. He knows that a knowledge of certain subjects will fit him to earn more; yet he stills his conscience by promising to start later. Such a man isn't truly ambitious. He is one of the kind that always does the hard, menial work, and draws small pay all his life. Are YOU one of that kind. Are YOU truly ambitious to earn more and make something of yourself? If you want study in summer you are NOT. If you prefer to fret about hot weather, rather than forget it by studying, you are NOT.

The dangerous habit of "putting off" has ruined the lives of more promising young men than drunkenness. It is so easy to say "yes, it's what I need; I'll start tomorrow—next week—some other time." The difference between the man that makes a failure of life and the man that succeeds is simply this: The failure is going to begin "tomorrow"; the success begins today.

The men who "get there" are those that study for self-improvement in summer, or whenever they have time. They don't let the weather keep them in inferior positions, at small wages. They don't make excuses to themselves when they ought to be up and doing. They don't work for wages barely enough to keep soul and body together either.

#### Which Kind of a Man Are You?

We will be pleased to mail our new Catalog from our new address, 505 McKay Building, Portland, Oregon.
