

SINGER OF FAME RETURN TO HOME

The home of Mrs. Mary E. Case, of Gladstone, is in readiness to receive, and the heart and hands of a devoted mother are ready to welcome, the return of a daughter who has won enviable fame in the musical world. Mary Adele Case, daughter of Mr. and Mrs. W. W. Case, returned from New York for a brief vacation from her strenuous life as teacher and contralto soloist in concerts, and in one of the leading churches of the metropolis of America, and for a short visit with her mother and sisters.

Mrs. Case is in excellent voice, and has placed in the hands of Dr. Ford a fine programme which she will give Wednesday evening, July 2, 1913, in the Shively opera house.

This artist, of whom Oregon is proud, has sung in Boston, New York, Chicago, St. Paul, San Francisco, Honolulu, London, and Paris, and wherever she has appeared has aroused unbounded enthusiasm by the charm of her manner, legato singing, and rapturous peels of sweet melody. Competent critics declare that Mrs. Case has the largest contralto voice in America, that her range of three full octaves is unusual, her diction is grand, her enunciation distinct, and her interpretations wonderful. Nature, training and experience have produced in this Oregon girl a great artist.

Tickets for reserved seats are on sale at Huntley Bros., and tickets that may be exchanged for reserved seats are on sale at Jack & Albright's and the Spa confectionary, 7th St., and at the drug store in Gladstone, and may be had of Dr. Ford, or other members of his congregation. Reserve your seats early. Tickets for general admission may be had at the ticket window Wednesday evening.

CLYDE HUGHES HAPPY

The story filled over Bolton Friday and left a ten-pound baby girl at the home of Mr. and Mrs. Clyde Hughes. The youngster and mother are both reported to be doing well.

At the Portland Theatres

LAST CAR LEAVES FOR OREGON CITY AT MIDNIGHT

HARPOONING WHALES

As whaling is rapidly becoming an extinct industry, the reproduction of this adventurous vocation which Lyman H. Howe will present next week at the Heilig theatre, Portland, is invaluable in a historic sense. The films which Mr. Howe shows are mute witnesses of what has always been a most picturesque, as well as a perilous calling. The scene takes the audience on board a typical whaler which proceeds on a cruise in search of the leviathans of the deep. Presently a whale of great size is sighted in the distance wildly plunging through the rolling sea. This is the signal for great activity on board during which the spectators obtain very close views of the harpoon and other equipment. The harpoon is fired and as the formidable weapon finds its mark, the whale, in its furious efforts to escape, lashes the sea into foam. After a fierce combat with his assailants, the huge monster is towed alongside the ship and it is finally landed on shore. Here the interesting processes of dressing the now stiff and rigid mountainous mass for its many commercial uses is shown in detail. A powerful steam winch is pressed into service to peel off the skin thickness of blubber.

An infinite variety of scenes of Paris and its environs, including the historic palace of Versailles, with its beautiful fountains, and a trip along the picturesque river of France—all presented in the myriad hues and tints of nature; a thrilling race between a hydroplane and a fleet of the swiftest motor boats including the 800 horse power Ursula; the bee industry and a ferocious lion making a frenzied leap at a horse which is saved from death only by the dead sure aim of a hunter at the crucial moment, are only a few of the many other big features to be presented.

The Portland engagement is at the Heilig theatre, 11th and Morrison, for one week, seven afternoons and sev-

en nights, beginning Sunday, June 29. All the reproductions are in moving photography and are presented with realism of sound. A company of imitators fit the action of the scenes with dialogue and operate more than two hundred kinds of mechanical apparatus behind the screen.

THE GIRL IN THE TAXI

Famous Farce to be Presented at the Baker All Next Week

The Fourth of July week at the Baker will be duly celebrated by the first stock production here of the well known farce, *The Girl in the Taxi*, which has just been revised and released for stock purposes, and which will open Sunday matinee next. It is not a musical comedy, although the general impression seems to have been gained that it is. Just one of those rollicking mirth provoking farces, written for the purpose of making people laugh. It tells a story of mixups and ridiculous situations difficult to describe, but the kind that sets an audience keyed up to the highest pitch of go and excitement from start to finish, intermingled with roars of laughter.

A foolish youth seized with a sudden desire to learn the ways of the world and particularly of the opposite sex, starts on a giddy career of conquest, which ends in becoming acquainted with the girl in the taxi, who is somewhat of a mild flirt herself. The mix-ups occur principally at a well known dining place in New York, and involve nearly all the characters in the play before the act is over.

Henry Hall, Alice Fleming and in fact all the Baker Players are in the cast and there will be a special Fourth of July matinee Friday. The regular matinees will be given Sunday, Wednesday and Saturday and the popular bargain night Monday. *The Girl in the Taxi* will in all probability close the stock season at the Baker this

MOVE NEGRO UNIVERSITY

NEW ORLEANS, La., June 28.—Bids were opened today for the sale of the New Orleans properties of Southern University, an institution for the education of negroes, which is to be moved to some town in the interior of the state. This marks the end of a long and expensive legal fight to keep the university in New Orleans. The institution is subject to the control of the legislature.

For some years efforts have been made to move it to an agricultural district, where the objects of the school could be worked out to better advantage. When the legislature finally ordered it moved an injunction against the change of location was obtained. The legal fight was ended a week or so ago when the supreme court decided that a citizen had no standing in court when opposing a decree of the legislature unless the decree should be unconstitutional.

GALVESTON, Texas, June 28.—Thousands of persons paid tribute to King Cotton here today. The annual Cotton Carnival was opened under most favorable conditions and will exhibit more numerous and more varied than in any previous year.

The stuff Successful Men Are Made Of

The International Correspondence Schools are NOT a summer. All of our truly ambitious students those who are about the increased salaries their studies will qualify them for each week to their studies all summer.

A student who will only study in cold weather punishes himself. Why? Because he takes two or three times as long, in preparing himself to earn more money, as the student who studies from a half hour to an hour per day all the year round. We have enough letters on file to make several very large books, the general purport of which is: "Oh, if I had only taken up that course when I first wrote you about it! I have just missed a fine position, at largely increased wages, because I wasn't prepared to fill it. I lacked just the special knowledge I could have had from the Course." The writers of these letters never have to be coaxed to study in summer NOW. They know what delay costs. Why not profit by THEIR experience, instead of taking the same bitter medicine yourself?

Persons that suffer most from the heat are those that have nothing else to occupy their thoughts. A man who is interested in his studies doesn't know how hot it is. He has no time to fret about the weather. He is looking ahead a few months to the time when he can demand advancement in position and salary, because his special education will have made his services of value to his employer. It is no harder to read an instruction paper in summer than to read a newspaper. How many summer days are hot enough to prevent you from reading the daily news?

The man who promises himself that he will enroll next fall is only trying to deceive his conscience. He may not know it but he is weakening his will-power. It is will-power—power to do what one knows he must do to succeed—that makes the man. A man of weak will—one who will study some day, but not now—will always be down in the world; always in "hard luck," frequently out of work, and when employed it will always be at low wages. He knows that a knowledge of certain subjects will fit him to earn more; yet he stills his conscience by promising to start later. Such a man isn't truly ambitious. He is one of the kind that always does the hard, menial work, and draws small pay all his life. Are YOU one of that kind. Are YOU truly ambitious to earn more and make something of yourself? If you won't study in summer you are NOT, if you prefer to fret about weather, rather than forget it by studying, you are NOT.

The dangerous habit of "putting off" has ruined the lives of promising young men than drunkenness. It is so easy to say "it's what I need; I'll start tomorrow—next week—some other time." The difference between the man that makes a failure of life and the man that succeeds is simply this: The future is going to begin "tomorrow" the success begins today.

The men who "get there" are those that study for self-improvement in summer, or whenever they have time. They don't let the weather keep them in inferior positions, at small wages. They don't make excuses to themselves when they ought to be up and doing. They don't work for wages barely enough to keep soul and body together either.

Which Kind of a Man Are You?

We will be pleased to mail our new Catalog from our new address, 505 McKay Building, Portland, Oregon.
H. H. HARRIS, Local Mgr.

Backing Up the Retailer

It seems to us that it is a guarantee of quality when a manufacturer places his product in good retail shops of the country and then helps the retailer advertise it to the public in the daily newspapers—the one avenue of reaching everybody everywhere. First of all it means that the manufacturer has perfected something worth while—worth advertising; then what he is enterprising in wishing to distribute his merchandise through the leading dealers in a community; and finally, that those same dealers in leading their approval and their reputations to this plan of distribution believe in the goodness of the article itself.

It also means that the public is thus doubly insured, and may fore depend upon merchandise advertised jointly by both manufacturer and retailer.

Manufacturers who want to help their retail dealers are gradually learning that the daily newspaper offers the best avenue through the daily newspaper the manufacturer can create a direct demand upon his dealers. No other medium will do this so effectively.

NEWS FROM THE COUNTRY

INTERESTING ITEMS FROM ALL PARTS OF CLACKAMAS COUNTY

ESTACADA.

A young man employed in the Otto Kretsch saw mill, by the name of Arthur Howard, was painfully injured one day last week while hauling logs. The team he was driving commenced to run and in some manner during the mixup his leg was crushed so badly that Dr. Adix, who was called, thought it necessary to take the young man to a hospital in Portland.

Mrs. Anna Hunt, mother of Ed Hunt, of this place, who died last Tuesday evening, was buried Saturday in the cemetery near Estacada. Rev. Mr. Jones preached the funeral services being held at the house south of town. Deceased was born in Indiana in 1835. She came to Estacada in 1893 and is well and favorably known. She was the mother of seven children, four of whom survive her, Ed Hunt and Mrs. Oliver Shook of this place and two sons who reside in Iowa.

The wagon road across the river is being improved by removing the old plank and replacing with crushed rock and gravel. A new road is also being laid out south of the railroad track and this too, will be a great improvement over the old plank formerly used. Let the good work continue.

Mrs. A. K. Morton spent Sunday with her sister in Portland, returning Monday.

Victor Adix returned Saturday from Portland where he had been visiting for a week with relatives.

Prof. and Mrs. Ford returned Friday from an extended visit with relatives in Portland.

A Rod and Gun club was partially organized in Estacada last Friday afternoon. Quite an interest is being taken and a permanent organization is expected to be organized soon.

The strawberry and ice cream and cake social had to be held in a vacant building on Main street Saturday evening on account of inclement weather. A fairly good crowd was in attendance and the proceeds amounted to \$14. The proceeds were for the purpose of helping to defray expenses of the Fourth of July parade.

The Mail Carriers' picnic in the Estacada Park, which was to have been held last Sunday, was spoiled on account of rain. We understand that 2700 tickets were sold for this event. Editor Boyce returned the latter part of last week from Montana.

Neal Bronson and family have moved into their own residence in the east part of town.

Russel Reed went to Corvallis last week to take a two weeks' agricultural course.

Estacada is to have a lecture course, the first number coming about October 10.

Charles Sparks is making some much needed improvements on his residence on Terurs' Hill.

J. W. Reed transacted business at Portland Tuesday.

G. F. Follenwider, deputy dairy and food commissioner, of Portland, spent several days in this locality.

WILLAMETTE.

Miss Kate Bowland and Mr. Robert Carey left for their homes in Ohio Tuesday after an extended visit with Miss Kate's brothers in this town and Oregon City.

Mr. Joseph Hunt had the misfortune to fall and cripple himself up badly, but is getting on nicely.

Dr. Mount was called to Willamette Wednesday to attend Mrs. Mars, who is visiting her daughter, Mrs. S. A. Cobb.

The Girl Cadets of Willamette, met at Miss Audrey Tour's Friday evening for a jolly party. Refreshments were served.

Miss Helen Fromong returned Wednesday from a visit to her uncle's at Gladstone.

At the recent school election Mr. Thompson was elected director in place of L. Snidow whose term was up and Mrs. Jesse Hyatt succeeded Mr. Rodgers as clerk.

Mrs. Chas. Swift has been prostrated over the death of a dear brother at St. Louis, Mo., Tuesday evening. He was a railroad engineer and was mortally hurt in a railway accident. It had been only six months since her mother died.

Mrs. Chas. Waldron and her aunt, Mrs. Dent, were at Vancouver, Wash., the last of the week.

There has been a number of marriages among the Willamette young folks recently, but all kept very quiet. Miss Lucy Rice wedded Walter Walling at Rockaway Beach; Miss Jessie Hall became the bride of Mr. Wilkinson; Ernest Young married a fair young lady, and Everett Downey and Miss Frances Curran were married.

The excessive rains hurt the late strawberry crop and the cherries. Dr. Ford will preach at Willamette Sunday, June 29, and issues a cordial invitation for all to be present. Sunday, June 15, he preached an interesting sermon on the nature and ordinances of Baptism and baptized Mrs. Viola Bennett and son Frank, the Misses Meta Higginbotham and Frances Waldron.

A lucky chap is Grover Grandquist, who won a fine camera and a \$5.00 box of choice candy in recent chance contests at H. Leitman's.

People, especially the ladies, are busy registering for the coming city election June 28.
