**MARRIAGE LICENSES**

Marriage licenses have been issued by County Clerk Mulvey to Miss Marguerite Conklin and Samuel C. Roake, of Clackamas, and to Miss Agnes M. Page and Ralph Gribble, of Oregon City.

**The Skin and Not the Blood.**

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin, the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy. Jones Drug Co. sole agents.

**The 'stuff Successful Men Are Made of**

The International Correspondence Schools are NOT closed in summer. All of our truly ambitious students those who think more about the increased salaries their studies will qualify them to earn, than of the imaginary discomforts of summer study—devote a part of each week to their studies all summer.

A student who will only study in cold weather punishes himself. Why? Because he takes two or three times as long in preparing himself to earn more money, as the student who studies from a half hour to an hour per day all the year round. We have enough letters on file to make several very large books. The general purport of which is: "Oh, if I had only taken up that Course when I first wrote you about it! I have just missed a fine position, at largely increased wages, because I wasn't prepared to fill it. I lacked just the special knowledge I could have had from the Course." The writers of these letters never have to be coaxed to study in summer NOW. They knew what delay costs. Why not profit by THEIR experience, instead of taking the same bitter medicine yourself?

Persons that suffer most from the heat are those that have nothing else to occupy their thoughts. A man who is interested in his studies doesn't know how hot it is. He has no time to fret about the weather. He is looking ahead a few months to the time when he can demand advancement in position and salary, because his special education will have made his services of more value to his employer. It is no harder to read an instruction Paper in summer than to read a newspaper. How many summer days are hot enough to prevent you from reading the daily news?

The man who promises himself that he will enroll next fall is only trying to deceive his conscience. He may not know it, but he is weakening his will-power, and it is will-power—power to do what one knows he must do to succeed—that makes the man. A man of weak will—one who will study some day, but not now—will always be down in the world; always in "hard luck," frequently out of work, and when employed, it will always be at low wages. He knows that a knowledge of certain subjects will fit him to earn more; yet he stills his conscience by promising to start later. Such a man isn't truly ambitious. He is one of the kind that always does the hard, menial work, and draws small pay all his life. Are YOU one of that kind. Are YOU truly ambitious to earn more and make something of yourself? If you want study in summer you are NOT. If you prefer to fret about hot weather, rather than forget it by studying, you are NOT.

The dangerous habit of "putting off" has ruined the lives of more promising young men than drunkenness. It is so easy to say "yes, it's what I need; I'll start tomorrow—next week—some other time." The difference between the man that makes a failure of life and the man that succeeds is simply this: The failure is going to begin "tomorrow;" the success begins today.

The men who "get there" are those that study for self-improvement in summer, or whenever they have time. They don't let the weather keep them in inferior positions, at small wages. They don't make excuses to themselves when they ought to be up and doing. They don't work for wages barely enough to keep soul and body together either.

We will be pleased to mail our new Catalog from our new address, 505 McKay Building, Portland, Oregon.

H. H. HARR IS, Local Mgr.

**RAINY WEATHER BAD FOR CROPS**

Farmers have come to the conclusion that there has been rain enough for the good of crops, and are now declaring that it is time for summer. If the rain continues the hay crop will be all shot to pieces, and while prices will go soaring, there will be no hay with which to meet them. The rains have held back Willamette valley crops as much as is good for them, and ranchers generally are now declaring that if a change does not soon come in meteorological conditions there chances of profits will be ruined.

Hop contracts have advanced to 15 1/2 cents per pound, mainly because of the continued rain. Much more rain will ruin the hop vines, and then contracts wont interest growers at all.

The berry crop has lasted through the wet spell pretty well, but is now beginning to show signs of distress. Logan's are being quoted at \$1.50, and are tasteless; raspberries are at the same price and are apt to be mildewed; and strawberries are still in the market at catch-as-catch-can prices and quality.

Currants and gooseberries are thriving, but continued rain will effect them, also. As for the cherry crop, fruit is ripening and being rain-split

**WHAT SAVED HER LIFE**

**Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.**

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night. The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardul. Now, I am entirely well. I am sure Cardul saved my life. I will never be without Cardul in my home. I recommend it to my friends." For fifty years, Cardul has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause. If you suffer from any symptoms of womanly trouble, take Cardul. Your druggist sells and recommends it. Get a bottle from him today.

**TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR**

**Mixed With Sulphur Makes Hair Soft and Luxuriant and Removes Dandruff**

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grandmother's treatment, and hundreds of women, and men, too, are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears, and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft luster and appearance of abundance which is so attractive; besides prevents dandruff, itching scalp and falling hair. Here, you see, gray-haired folks, get busy; look years younger.

**The Superiority of Electric Toast**

to the charred, or brittle, or soggy kind made in the tedious old-fashioned way, is relatively the same as the superiority of grilled steak to fried steak.

For one-tenth of a cent a slice the General Electric Radiant Toaster makes Perfect Toast faster than you can eat it. It is Perfect Toast because the radiant heat forces the necessary chemical change in the bread. This insures delicious golden Toast that fairly melts in your mouth.

You can operate the General Electric Radiant Toaster on the finest damask table cloth. Its neat porcelain base and cheerful glowing coils add grace and charm to any table.

This little toaster is on display at our store in the Beaver Building on Main Street.
