THE JONES DRUG CO.

We have a large stock of these remedies, just fresh from the laboratory.

BULL RUN PLAN RAISES QUERY

(Continued from Page 1.)

as good as Bull Run, and just as well protected. "A pipeline to Grays Crossing is going to cost considerable. It seems to me that this city, if it is going to bond itself for a pipeline, might just as well go a bit further and build its own line. Maybe it will cost more at the start, but when we get paid for it it will be ours. We can get water out of the south fork of the Clackamas that is just as good as Bull Run, and we can get the water stored in a reservoir, just as Bull Run is, and we can get our own pipeline, and get paid for it just as well as we can get paid for Bull Run. We will have some of it, and it will be our own.

"Personally, I don't like this idea of buying water from Portland, and agreeing to buy it forever. Oregon City will never get anything that way, and the same goes for the water to be used for irrigation. Portland for water just as long as water is used to drink. We will never get out of debt. On the other hand, if we put in our own pipeline, we will have our own water supply system when he get that line paid for. And it will take very long to pay for it. After, for tiers will be other cities that we can sell our water to, just as Portland would sell us hers. There will be West Linn, for instance. They have to get water somewhere, and they can buy it from us.

"With a gravity system we could also utilize our present pumping plant as a municipal electric light plant, and furnish power and light for ourselves. Tacoma has its own light plant, and makes money from it. On the other hand if we get water from Portland, our pumping plant here won't be worth anything, and we'll still be paying for it. I believe that the city ought to own all its public utilities—and I am absolutely opposed to saddling a never-ending debt on future generations, as we will do if we contract to buy water from Portland.

"The situation will be just like the man who lives in a rental house—he is always paying out something, and in the end he has nothing but a bunch of receipts. On the other hand, if a man buys his own house, it may take him a long time to pay for it, but every cent that he puts into the house is money that he is putting in something that is his. And when he sells through, he has his house. It is the same way with water—if we buy water from Portland we never will have anything but receipts from Portland. If we put in our own system, it may take a long time to pay for it; but when it is paid for future generations will have a water system that will produce a revenue, and something that will belong to the city and the taxpayers."

Hand in Hand With the Maker

In years gone by it used to be that a manufacturer's responsibility for the things he made stopped with the sale of them. But that is no longer so. We are living in an age of progressive and efficient business building. Manufacturers no longer consider the selling of their goods from a reputable retailer as the climax of their interest and effort. And, what is more, the progressive merchant does not feel that they are good business men unless they have agreed upon and put into practical effect arrangements whereby both the manufacturer and the retailer unite in the endorsement of the article in question. By this kind of arrangement retailers offer their patrons two-fold evidence of quality and reliability—a double responsibility that spells safety to the prudent buyer. And the manufacturer who wants to help his dealers, uses local newspapers to bring customers to the retail counter to ask for his product. Dealers and manufacturers interested in local advertising for national products are invited to write to the BUREAU OF ADVERTISING, AMERICAN NEWS-PAPER PUBLISHERS ASSOCIATION, World Building, New York.

HOW ONE WOMAN WON

Her Health and Strength Back Again by the Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardui, I did not. Soon I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it." Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health. It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women. In every community, there live some who have benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

The 'stuf Successful Men Are Made of

The International Correspondence Schools are NOT closed in summer. All of our truly ambitious students who think more about the increased salaries their studies will qualify them to earn, than of the imaginary discomforts of summer study—devote a part of each week to their studies all summer. A student who will only study in cold weather punishes himself. Why? Because he takes two or three times as long, in preparing himself to earn more money, as the student who studies from a half hour to an hour per day all the year round. We have enough letters from men to make several very large books, the general purport of which is: "Oh, if I had only taken up that course when I first wrote you about it! I have just missed a fine position, at largely increased wages, because I wasn't prepared to fill it. I lacked just the special knowledge I could have had from the course." The writers of these letters never have to be coaxed to study in summer NOW. They knew what delay costs. Why not profit by THEIR experience, instead of taking the same bitter medicine yourself? Persons that suffer most from the heat are those that have nothing else to occupy their thoughts. A man who is interested in his studies doesn't know how hot it is. He has no time to fret about the weather. He is looking ahead a few months to the time when he can demand advancement in position and salary, because his special education will have made his services of more value to his employer. It is no harder to read an Instruction Paper in summer than to read a newspaper. How many summer days are hot enough to prevent you from reading the daily news? The man who promises himself that he will enroll next fall is only trying to deceive his conscience. He may not know it, but he is weakening his will-power, and it will-power—power to do what he knows he must do to succeed—that makes the man. A man of weak will—one who will study some day, but not now—will always be down in the world; always in "hard luck," frequently out of work, and when employed, it will always be at low wages. He knows that a knowledge of certain subjects will fit him to earn more; yet he stills his conscience by promising to start later. Such a man isn't truly ambitious. He is one of the kind that always does the hard, mental work, and draws no money for it. Are YOU one of that kind. Are YOU truly ambitious to earn more and make something of yourself? If you want study in summer you are NOT. If you prefer to fret about hot weather, rather than forget it by studying, you are NOT. The dangerous habit of "putting off" has ruined the lives of more promising young men than drunkenness. It is so easy to say "yes, it's what I need; I'll start tomorrow—next week—some other time." The difference between the man that makes a failure of life and the man that succeeds is simply this: The failure is going to begin "tomorrow"; the success begins today. The men who "get there" are those that study for self-improvement in summer, or whenever they have time. They don't let the weather keep them in inferior positions, at small wages. They don't make excuses to themselves when they ought to be up and doing. They don't work for wages barely enough to keep soul and body together either.

Which Kind of a Man Are You?

We will be pleased to mail our new Catalog from our new address, 505 McKay Building, Portland, Oregon. H. H. HARR IS, Local Mgr.

"THIS IS MY 68TH BIRTHDAY"

Rear Admiral Brownson.

Rear Admiral Willard H. Brownson, U. S. N., retired, for many years a conspicuous figure in the United States navy, was born in Lyons, N. Y., July 8, 1845. At the age of 20 he graduated from the Annapolis academy with high honors. In his early years in the navy he saw service in many quarters of the world. In 1892 he was aboard the Detroit at Rio de Janeiro, during the exciting days of the revolution which changed Brazil from an empire to a republic. In the war with Spain Captain Brownson commanded the Yacaré. From 1902 to 1906 he served as superintendent of the United States Naval Academy. Later he was commander-in-chief of the Asiatic fleet. In 1907 he was appointed chief of the Bureau of Navigation, which position he continued to fill, by special order of the president, for some time after his statutory retirement on July 8, 1907.

Congratulations to: The Rt. Hon. Joseph Chamberlain, 77 years old today. John D. Rockefeller, 74 years old today. James B. McCreary, governor of Kentucky, 75 years old today. Lee Cruise, governor of Oklahoma, 59 years old today. Frank B. Brandegee, United States senator from Kentucky, 49 years old today.

Enterprise advertising pays.

Folders and full information from any S. P. Agent or at

Southern Pacific City Ticket Office, 80 Sixth Street, Cor. Oak. John M. Scott, General Passenger Agent, Portland, Oregon.

RIOTERS TO FACE COURT ON TUESDAY

The fifteen men who were arrested following the rioting at the paper mills at midnight, last month, will face trial on Tuesday in the circuit court. It is expected that a large number of Socialists and sympathizers will come up from Portland to attend the opening hearing, and local authorities will be out in force to see that there is no disorder. The prisoners, who have been in the county jail since their arrest by Sheriff Miss and deputies on the night of the trouble, long ago ceased their violent tactics in the county jail, and have conducted themselves for the past several weeks as model prisoners. The apparent change of heart will probably be regarded by the court in their favor. Rioting, the charge to which they will have to plead, is a felony, and as such is a state's prison offense. Portland attorneys will appear for the men, while the prosecution will be in the hands of the district attorney's office. Deputy District Attorney Livy Stipp will probably handle the case for the state. The case is on the docket for the morning session of the court.

ELKS FILL ROCHESTER

ROCHESTER, N. Y., July 7.—The week of the forty-ninth annual reunion of the Elks' Grand lodge was ushered in here today under conditions of the most favorable nature. So great was the crowd yesterday that it was almost impossible to get correct registration of the arrivals, but Rochester's hotels are already more than filled and the downtown rooming houses are crowded to their utmost capacity. All the principal streets are flaring with purple and white decorations. The gathering formally opens in Convention hall tonight with prayer, songs and the exchange of greetings. The regular business of the convention will be taken up tomorrow morning. Edward Leach, of New York city, a candidate for grand exalted ruler, seems to lead for that high honor and his election is freely predicted. New Orleans and several other cities are contesting for the 1914 convention.

NEW TEACHER ELECTED

Miss Lulu Heist has been elected by the city school directors as instructor in languages at the high school, taking the place of Miss Alena Wolf. Miss Heist graduated from Willamette university this year with a degree of A. B. and has majored in German and French, as well as having had an excellent training in Latin. She is at present at her home in Salem, but will take charge of the language work in the fall.

THE LATEST FASHION NOTE

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Powder, into the shoes, and find that it saves the stockings over in keeping holes from holes, as well as lessening friction and consequent chafing, and aching of the feet.

FIREMEN'S PICNIC IS JOYOUS AFFAIR

City firemen and their families and friends had a royal time at Schoerr's park on the Fourth as the guests of Fountain Hose company No. 1, which celebrated the day there in a big picnic. Aside from the general jollification there were a number of contests, and these added greatly to the enjoyment of the day. The winners in these events and the prizes were as follows: Potato race, firemen—Geo. Woodward, cigars. Potato race, women—Hilda Peterson, fern dish. 50-yard dash, firemen—H. Seller and W. Long (tie) cigars. 40-yard dash, women—Grace Woodward, two pair hose. Potato race, boys—Gilbert Woodward, knife. Broad jump, firemen—G. Schnoerr, pound of coffee. Tag of war, women—Mesdames Shepard, Zimmermann, Osborn, Long and Woodward, box of handkerchiefs. Girls' race—Bessie Osborn, stickpin. Girls' race, under 8 years old, little Miss Long, necktie. WHITE SOX DEFEATED BY BEST OF PITCHING

The Commercial club White Sox ball team met defeat Sunday at the hands of the Clackamas tossers at Clackamas. The score was 9 to 1. Burdon for Clackamas pitched splendid ball throughout the full nine innings, and allowed Oregon City but three hits. Carthers pitched four innings, but retired in favor of Telford with the bases full and none out. Thus handicapped, Telford, though he pitched good ball the finish, failed to win. Batteries: Commercial club—Carthers, Telford and Stenoff; for Clackamas—Burdon and Thompson.

Catarrh Goes Snuffles and Hawking Cease

The best nose and throat specialists advise their patients to breathe Eucalyptus to destroy Catarrh germs and heal the sore, raw spots. Booth's HYOMEI is Australian Eucalyptus combined with Thymol, and some Listerian antiseptics. Breathe it through the little pocket inhaler, and in vapor form as directed, and his antiseptic balsam will surely destroy all germ life and all Catarrh misery. It's guaranteed for Catarrh, Coughs, and Croup; it relieves stuffed-up head in 5 minutes and refreshes the entire nasal tract. Complete outfit with directions for use \$1.00. If you own a HYOMEI inhaler get a bottle of Booth's HYOMEI for 50 cents at Huntley Bros. and druggists everywhere. Just breathe it—no stomach dosing. FOR SALE AND RECOMMENDED HUNTLEY BROS. CO.

GARDEN SAGE DARKENS GRAY HAIR

SO NATURALLY NOBODY CAN TELL. Restores Its Luster, Prevents Scalp Itching; Dandruff and Falling Hair. That beautiful even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. While it is a messy, tedious task it will repay those whose hair is turning gray, faded and streaked. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggy just an application of two of Sage and Sulphur enhances its appearance a hundred fold. Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color and luster of your hair, and is the best thing known to remove dandruff, stop scalp itching and falling hair. Everybody chooses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush and draw this through the hair, taking one small strand at a time, which requires but a few moments. Do this at night and by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. It certainly helps folks look years younger and twice as attractive, says a well-known downtown druggist. HUNTLEY BROS., Druggists

The Superiority of Electric Toast

to the charred, or brittle, or soggy kind made in the tedious old-fashioned way, is relatively the same as the superiority of grilled steak to fried steak. For one-tenth of a cent a slice the General Electric Radiant Toaster makes Perfect Toast faster than you can eat it. It is Perfect Toast because the radiant heat forces the necessary chemical change in the bread. This insures delicious golden Toast that fairly melts in your mouth. You can operate the General Electric Radiant Toaster on the finest damask table cloth. Its neat porcelain base and cheerful glowing coils add grace and charm to any table. This little toaster is on display at our store in the Beaver Building on Main Street.

Portland Railway, Light & Power Company
