

ONE MORE DELAY ON ROCK CRUSHER

Purchase of a rock-crusher for municipal use, which was scheduled to be decided upon by the council Wednesday evening, was postponed another week upon motion of Councilman Albright, after an effort had been made by Councilman Miltner to get the matter laid over until the first regular meeting in August. In urging the council not to delay any longer than was necessary, Councilman Albright said that he was convinced that the matter was really one of comparative simplicity and that there was no reason for a continuance of the protracted delay.

When the matter first came up Councilman Toose objected to final action being taken on it, saying that the committee in charge of the matter had been unable to complete its investigations of the cost of putting out rock from the plant, and that it would also like a little more time to take up the matter of street maintenance. This committee had met Tuesday evening, he said, and had decided unanimously to ask for another postponement of the matter.

Councilman Horton, who was a member of an earlier committee that investigated the plant, and who believes the purchase will be beneficial to the city as a check upon the bids for contractors on street work, said that he thought the council ought to get busy and settle the matter without further delay. Mr. Albright supported him in this opinion, saying that he believed the matter had been delayed long enough already.

CLACKAMAS TEAM WINS IN GAME WITH LOGAN

Maxmeyer, the angular slabster who flirted with McCreadie in days gone by, was knocked from the box by Logan in the Fifth inning of the second game of the Clackamas series Wednesday afternoon, and retired in favor of Burdon, who pulled the Clackamas team to an 8 to 6 victory in a game that was spectacular from that time on. Burdon held the Loganites to a series of bingos from the time he went into the box; and by timely slugging the Clackamas team pounded in two runs in the ninth which they clinched the game. There were many errors on both sides owing to a wet field, much of the game being played in the rain.

The batteries were Maxmeyer, Burdon and Huddleson for Clackamas, and Bronson and Heitzman for Logan.

Dean of Sacred College is 85

ROME, July 9.—Cardinal Gregorio di Santo Stefano, the Dean of the Sacred College, reached his eight-fifth birthday anniversary today. He is the oldest of the living Cardinals, as regards appointment, having been nominated to the Sacred College by the late Pius IX, and being now the only surviving Cardinal created under that Pontificate. Before Victor Emmanuel became king Cardinal Gregorio was his chaplain and was with the house of Savoy in that capacity for several years. For more than a quarter of a century now he has been a powerful factor in Vatican politics.

The Rev. Dr. Guy Phelps, a man of fine platform ability, who is pleading the cause of the girls of America and endeavoring to arouse parents and others interested in the welfare of society in a war of extermination against the awful thing known as "The White Slave Traffic," a traffic in young womanhood, will speak in the First Methodist Episcopal church in this city next Sunday evening. All who are interested in this cause should hear Mr. Phelps. Dr. Ford has arranged for this lecture, one that has awakened great interest in California and throughout the Northwest, as part of a campaign against all forms of wrong doing and oppression.

VALUABLE PRIZES FOR FAIR DISPLAYS

At a meeting of the executive board of the county fair board it has been decided to this year practically double the value of the premiums that will be offered this year. This is aside from the prizes totaling \$100 for displays under the head of grange and community exhibits. In addition to the premiums that will be offered by the fair board itself, Secretary Lee says he has been assured of a valuable special prize, the donor of which he is not at present at liberty to mention.

The Northern Pacific is offering a cup this year for the best exhibit of general farm products, and the Southern Pacific will offer a \$50 cup for the best dairy cow—not necessarily a pedigreed animal.

The fair commissioners have also decided to replace the present poultry barn, and to have the turns in the track banked so that automobile and motorcycle races may be held. Purses worth \$1,600 will be hung up for horse races.
