LOSE THEIR JOBS

Birmingham and Stovall Likely to Be Deposed.

ARE IN BAD WITH JOHNSON.

Pair Aroused Displeasure of Big Ban Recently-If Men Are Let Out This Winter Cleveland and St. Louis Fans Will Put Up Big Howl,

That the heads of two managers in the American league are in jeopardy is one of the rumors that are spreading around the circuit. At any rate, the two leaders in the big league are not to the liking of Ban Johnson, and when the American league's president's displeasure is aroused something has to give, way.

The two leaders mentioned are George Stovall of the St. Louis Browns and Joe Birmingham of the Cleveland Naps. Stovall's case some time ago aroused the displeasure of the big boss. who is said to have ticketed Stovall for retirement unless he achieves the

unexpected. His conclusion was reached when Stovall spat on Umpire Ferguson dur

ing a game some time ago. Birmingham's crime was that of countenancing a row during a Sunday game in Cleveland, and Sunday baseball is hanging on a thread in that city. When Johnson gets sore on a minutes after ten o'clock. They were manager his days in the league are visible for about two minutes. The il- usually numbered. The club owners manager his days in the league are lumination that was highest lasting are not hard to convince that some individual is a detriment to the league. Once Johnson makes up his mind to do so, it is not at all unlikely that when the next season rolls around both Stovall and Birmingham will have been deposed.

Ban Johnson in the past has general ly been right, but he has made his mistakes. One of his recent ones was in connection with this same Cleveland club, the players of which engaged in a fist fight with those of the Red Sox

some weeks ago As a result of that fracas Nunamaker of the Sox was fined when, as a matter of fact, he was assaulted, not the aggressor. Johnson had to come down from that position.

Johnson, too, was going to rule off Stovall for life, but he didn't. If he has a can tied to Birmingham because that manager's high spirited man, Jackson, got into trouble between innings there will certainly be a town called Cleveland to be heard from if Joe is

And it might also be mentioned that the fans in St. Louis will also be there with a big howl. Surely big Ban cannot ignore the kick and the growls of the fans of both cities. He needs them to go through the turnstiles to help the club magnates pay him his \$25,000 sal-

Believes Yachtsman Will Pilot Shamrock IV. to Victory In Cup Races. "In intrusting the command of Shamrock IV, in the races for the America's cup to an amateur yachtsman, W. P. Burton, I am aware I am Sir Thomas Lipton recently. "But I believe the results will fully justify the wisdom of my choice.

"I regard Burton fully the equal of various vachts he has owned, notably with the nineteen meter Octavia in 1911, when he finished the season at

The Stuff Successful Men Are Made of

summer. All of our truly ambitious students those who think more about the increased salaries their studies will qualify them to earn,

than of the imaginary discomforts of summer study-devote a part of

Why? Because he takes two or three times as long, in preparing him-self to earn more money, as the student who studies from a half hour

to an hour per day all the year round. We have enough letters on file

to make several very large books, the general purport of which is: "Oh, if I had only taken up that Course when I first wrote you about

cause I wasn't prepared to fill it. I lacked just the special knowledge I could have had from the Course." The writers of these letters never

have to be coaxed to study in summer NOW. They knew what delay costs. Why not profit by THEIR experience, instead of taking the

weather. He is looking ahead a few months to the time when he can demand advancement in position and salary, because his special educa-tion will have made his services of more value to his employer. It is

no harder to read an Instruction Paper in summer than to read a news-

paper. How many summer days are hot enough to prevent you from

only trying to deceive his conscience. He may not know it, but he is weakening his will-power, and it is will-power—power to do what one knows he must do to succeed—that makes the man. A man of

weak will—one who will study some day, but not now—will always be down in the world; always in "hard luck," frequently out of work, and when employed, it will always be at low wages. He knows that a

knowledge of certain subjects will fit him to earn more; yet he stills

his conscience by promising to start later. Such a man isn't truly ambitious. He is one of the kind that always does the hard, menial work,

and draws small pay all his life. Are YOU one of that kind. Are YOU

truly ambitious to earn more and make something of yourself? If you wont study in summer you are NOT. If you prefer to fret about how weather, rather than forget it by studying, you are NOT.

The dangerous habit of "putting off" has ruined the lives of more promising young men than drunkenness. It is so easy to say "yes, it's what I need; I'll start tomorrow—next week—some other time."

The difference between the man that makes a failure of life and the man that succeeds is simply this: The failure is going to begin "tomor-

row;" the success begins today.

The men who "get there" are those that study for self-improvement in summer, or whenever they have time. They don't let the weather keep them in inferior positions, at small wages. They don't make excuses to themselves when they ought to be up and doing. They don't work for wages barely enough to keep soul and body to-

GOOD EGGS, MEATS ARE ON HIGH LIST

Eggs in the neighborhood of Oregon City-that is good eggs-are still scarce, and are being sold retail at 30 cents. Eggs are being bought at from 27 cents up, when they can be procured. Stock of fresh eggs from other sections is being poured into Portland in view of the prevailing prices however, and it is that that some of this will get out here, stopping the local shortage, and possibly lowering the price somewhat. Good meat is also upon the scarce list, the warm weather and lack of proper refrigeration methods for keeping supply on hand combining to bull the market.

New sweet potatoes are making their appearance and are selling wholesale at seven cents. The stock

is reported to be good. Arizona cantalonpes are also in and are being sold at \$3 a crate. Though not over attractive in appearance, the fruit has an excellent flavor. Local peaches, which are being offered plentifully, are sadly lacking in keeping qualities, and housekeepers who have purchased them for their looks found them spoiling upon their hands. Late rains, followed by ceptional warmth, are said to have

Green vegetables are still holding about the same, though green peas are apt to be sunburned.
