FOUR PRECINCTS FOR RECALL VOTE

While for city elections there are but three precincts in Oregon City, for county elections there are four; and as the recall election on August 16 will be a county election, the latter dividing lines will rule. John Quincy Adams street will be the dividing line between precinct 3 and precincts 1, 2 and 4. All of the city territory lying east of John Quincy Adams street will comprise the third precinct; and the others will embrace the following territory. Precinct one will run from the southern city limits to the south side of Fifth street. Precinct two will include all the territory between Fifth and Tenth streets. Precinct four will embrace the territory from the north side of Tenth street to the northern boundary of the city. Voters not registered at the general election of 1912 will have to register again for the recall election. Bear this in mind, and—DO IT NOW. QUEBEC, July 25.—In anticipation of the festival of Ste. Anne, which comes tomorrow, thousands of pilgrims are gathering at the shrine of the saint at Ste. Anne de Beaupre. Among these are many of the blind, the crippled and those afflicted with illness, and who are looking earnestly for special favors through the intercession of the good saint on the occasion of her own festival.

ESTACADA.

Baker Lichthorn and family were Thursday visitors in Portland. Mrs. Yontz attended to their store during their absence. E. Bates has bought the lots formerly belonging to his niece and is tearing down the old buildings which will be quite an improvement to the looks of that street, as they were in a dilapidated condition. Mesdames Walter Givens and Fleming visited in Portland Friday. Mr. H. V. Adix and children went to Portland Saturday to be absent for a week visiting relatives. Walden Boyle, son of editor Boyle, had a fifth birthday Friday and his

OF BLUE AND WHITE MATELASSÉ.

The season has brought forth a plethora of faddish wraps, and perhaps the height of freakishness is to be found in this bridge coat. The triangular arrangement of seams at the back emphasizes the tapering line toward the foot.

The material used is blue and white matalasse, and the wrap is worn over a frock of navy blue crepe de chine.

mother gave a little party for him. Quite a number of articles have been contributed to the Civic Club for its rummage sale. The sale began last Wednesday and was opened again Saturday. One lady out of the club will look after the sale each Wednesday and Saturday afternoons. There are many good articles there which are being sold very cheap. Mr. and Mrs. Stokes and son, of Portland, visited their daughter, Mrs. Roger Gary a couple of days the latter part of last week. Miss Val Ecker visited in Portland Friday afternoon. Mrs. Neal Bronson visited friends in Portland last week. J. W. McCurdy and wife were shopping in Portland Saturday. Miss Pruner, of Bandon, Or., at one time teacher in the Estacada schools, was the guest of Miss Mona Sturgeon the latter part of last week. Wilbur Beaty visited Estacada friends Sunday. He is now employed in the post office at Portland.

The postmen's picnic in the park at this place Sunday was not as largely attended as was thought it would be, but those who were here seemed to enjoy the day immensely. The crowd was an orderly one. There were many amusements of a legitimate nature, including dancing in the pavilion all the afternoon. Born to Mr. and Mrs. Owen Smith, Saturday, July 18, a ten pound boy. Carl Cary returned Sunday evening from a vacation trip of ten days and is back in the Cary Mercantile store on duty. Miss Mabel Fanning, who has been employed in Wm. Dale's store during the millinery season, left for Portland Monday for her summer vacation. She will visit friends at Vancouver and go to Seattle before returning to resume her duties here. A. N. Johnson, Miss Sturgeon, Miss Pruner and Mrs. Sturgeon started by auto for Gladstone Sunday, but after getting out about ten miles a tire was blown out. It was repaired and the party started on their journey, but another accident to the machine caused them to return home. R. F. Ford returned Monday from the chautauqua at Gladstone. W. F. Cary transacted business in Portland Tuesday.

Last Friday party consisting of Mrs. A. E. Johnson, Misses Roberts and Elizabeth Reid and mother and Harry Reid, went to Gladstone to attend chautauqua in Mr. Sparks' car. Some mishap to the machine caused them all to return home in the evening on the electric car. Mr. Sparks returned for the auto day this week. "Bob" Standish has secured employment in Portland and left one day last week to commence business. Marshal Ames has been doing some good work on the streets in the cutting of thistles and weeds. If every property owner in our little city would take more pride in assisting the marshal, the town would soon present a much better appearance. Get busy people and make our little city beautiful.

Among the boys who have gone to Eastern Oregon to work in the harvest fields is Paul Woomey and Milton Evens. They left on Sunday. It is said that about fifteen men from this place have, during the past few days, left for Eastern Oregon to secure work in the harvest fields. There are more to go soon.

Quite a number of Estacada people went to Springfield Tuesday evening to attend a concert given by Mr. and Mrs. Aue and assistants. These concerts which are given every few months by the pastor and wife of Springfield Presbyterian church, are very popular with Estacada people. Mr. and Mrs. Aue are musicians of rare ability and they always get people to assist them who are also very good.

Last Sunday a stray dog was seen coming up the railroad track, which acted so strangely that the animal was watched with interest. The dog came up town and bit a couple of dogs belonging to Mr. Yonce the liveryman. Then the marshal thought it wise to kill the animal. In a day or two one of the Yonce dogs was killed on account of its mysterious actions and the other dog bitten shut up until it was certain it was not going mad. People of the town have

become quite "worked up" over the matter and no doubt steps will be taken to have all the dogs muzzled or closely confined during the hot weather.

Quite a number of Mrs. Owen Smith's friends gave her a little surprise last Thursday afternoon. Light refreshments were served and a good time is reported. Walter Woodward, an Estacada boy, but for the past two years in the navy, arrived here last Friday on a twelve days' furlough to visit friends and relatives. He is in the engineering department on the S. S. California, which is at Seattle at present.

J. W. Reed gave the winners of the June garden contest of the Estacada schools, an auto ride to Portland the other day. Prof. Guthrie also accompanied them.

The baseball team of Estacada has disbanded. The team played eleven games this season winning ten of them.

A man and his wife by the name of Dietrich, of Portland, are spending their vacation in Estacada, having rented the furnished house belonging to Mrs. Graham. We understand that Mr. Dietrich is a professional singer and sings at one of the "movies" in Portland. Two fishing parties from Portland left Estacada for the mountains the first of this week. Our liveryman, W. A. Jones and W. M. Yonce conveyed the outfits into the mountains.

KELSO.

Rev. Henriksen, of Portland, conducted services at the Lutheran church Sunday afternoon.

Mr. Johns, a son-in-law of F. W. Canning has joined his family in Portland with the intention of making their permanent home there.

The Neighborhood Club will have a picnic the first Sunday in August in Robert Jonnsrud's park on the bluff. Mrs. Martha Green and family, of Portland, are visiting her father, John Lind.

Mrs. A. Hoyt and children, of Portland, are occupying B. F. Holt's cottage on the bluff, for the summer.

A little crowd of Keisoiotes gathered on the bluff Monday evening to witness the illumination on Mt. Hood. Although it was cloudy, a rift in the clouds enabled them to see distinctly, three spots of lights flare up a few minutes after ten o'clock. They were visible for about two minutes. The illumination that was highest lasting a little longer than the other two.

I. C. S. An Ethical Power

Now, gentlemen, just for a moment, I would speak to you, not as an educationalist, but as a preacher of manhood and a lover of his kind. The question of the use of alcohol by the student when studying, has carried me back to the thought. The International Correspondence Schools are not simply educational, they are ethical; they not only make foremen and craftsmen and draftsmen, but they make MEN—in capital letters. For you can never awaken any one to his commercial possibilities without stirring up all other possibilities—social, patriotic, philanthropic, intellectual, moral. The moment you succeed breaking up one area of inertia you set vibration moving through every part of the being and all kinds of dormant and stagnant powers are set into healthy motion. When a man's mind gets engrossed with an intellectual occupation and he finds that he has a grip upon the laws and forces of the universe, the saloon, the vulgar and degrading world of the cur-stone loafer, and his self-respect clothes him in a protective armor which helps to keep his entire manhood inviolate. A great American preacher used to speak much about "the explosive power of a new affection," and, having as your life, work the duty of both supplying and developing this "new affection"—the love of the best, by which the unworthy and base will be expelled, perhaps unconsciously but surely, from many and many a man. Success to you in your work!

The Trained Man Never Worries

When the chiefs put their heads together to hire or "fire,"—the trained man doesn't worry. He knows that there is always a place for him. You can look your job and every man in the face if you possess the training so much in demand everywhere today. The International Correspondence Schools will go to you in your spare time, wherever you live, and will train you to become an expert in your chosen line of work. Such a training will forever take you off the "anxious" seat. It costs you nothing to find how the I. C. S. can help you. Mark the coupon opposite the occupation for which you have a natural liking, mail the coupon today, and the I. C. S. will send you facts showing how you can earn more money in the occupation of your own choice.
