Mrs. J. L. Ott was brought home from St. Vincent's hospital, Portland, Thursday. She is improving slowly.  
Francis Hastings, a nephew of Mrs. F. S. Baker, of Gladstone, left Friday morning for a month's stay at his old home in Nebraska.  
Misses Alma and Florence Moore, of Greenpoint, will visit with friends in Portland over Sunday.  
Geo. Ott, a salesman for Price Bros., will leave Monday for Camas, Wn., to take charge of the branch store at that place during Mr. Price's absence from Camas.

**PASTORS BALK ABOUT CIRCUS**

should it be borne out by Deputy District Attorney Stipp, would keep the sheriff busy arresting performers, and would probably make it necessary for him to bring in all his deputies, and keep them busy as well. As the coming circus, to which the pastors object is a "Wild West Show," there might be considerable excitement when the local officers started in to round up the cowboys, Indians and wild horses and buffalo that are a part of the equipment. In the meantime the sheriff is sitting tight, and is not saying what he will do, leaving the problem entirely in the hands of the district attorney's local deputy.

Oakland ..... 465

**MEXICAN TROUBLES STIR WASHINGTON**

WASHINGTON, D. C., July 26.—The situation with regards to the attitude of the United States towards Mexico is expected to be brought to a focus early in the week, when Minister Wilson will confer with President Wilson and Secretary Bryan. Minister Wilson will be quizzed as to the real strength of the Huerta government, the extent and character of the revolutionary movement and the real facts concerning the outrages in which Americans and their property are alleged to have fallen victims. Either intervention or some form of recognition of the Huerta government is expected to follow this conference. Democrats, republicans, progressives and the two minor parties are to engage in a primary Monday to select candidates for congressman from the Third Maine district, to succeed the late Congressman Forrest Goodwin. The political situation in the district is full of interesting possibilities. The late Congressman Goodwin, republican, was elected last September over Good, democrat, the sitting member, by a popularity of only 709. At that time the progressive party had no candidate in the field. In the coming election the progressives will have a candidate of their own, and the result is expected to show a somewhat relative strength of the three parties. Other events that will figure more or less prominently in the news of the week will include that Perry centennial celebration at Toledo, the international peace celebration at Fort Erie, Ont., the charter election in Cincinnati, the convention amendment demonstration scheduled to take place in Washington on Thursday, and which will be participated in by delegations of suffragists from all parts of the country.

**COURTHOUSE STEPS SERVE AS PULPIT**

If the weather continues dry and warm, Dr. T. B. Ford will preach from the courthouse steps this evening at 7:15, the audience surveying the lawn in front, the consent of Judge Beattie having been given. One of the ringing questions of the day will be the subject of Mr. Ford's address. Special music for the occasion, old fashioned singing, everybody joining. Dr. Ford promises a live service if the weather permits and invites the public to attend, and especially non-church-going folks. Freedom, comfort, entertainment and profit are the ends in view. Come, and if you don't like it you can get away. "Am I my brother's keeper?" will be the subject.

**PREPARE FOR TARIFF**

NEW YORK, July 26.—Many lines of goods, ranging from diamonds to chinaware are being imported in large quantities by the New York dealers in anticipation of the coming into effect of the new tariff which will increase the rates of duty on many commodities. On the other hand, the bonded warehouses of this city are crammed with nearly \$100,000,000 of merchandise which will be favored by lower rates under the new tariff law. Of sugar alone there is said to be 200,000 tons, valued at more than \$12,000,000, stored in Brooklyn warehouses under bond, to be released as soon as the new tariff law comes into effect. All of the great warehouses of New York and vicinity are filled practically to their capacity with merchandise on which the present tariff is expected to be reduced or entirely removed.

**REAL ESTATE TRANSFERS**

S. D. Smalley and wife to Andrew Bergesen, lots 6 and 7, Oregon Homes \$10.  
Levia A. Blackerby to Joseph Spees and wife, lots 7 and 8, block 3, Milwaukie park; \$1.

**Good-Bye Dandruff**

A Clean Scalp for Everyone Who Wants One  
Parisian Sage will kill all dandruff germs and banish dandruff in two weeks or nothing to pay.  
It will stop falling hair or itching scalp in two weeks, or money back.  
It will stimulate the clogged up hair roots, will cause the hair to grow, will prevent the hair from turning gray, and the danger of becoming bald will vanish.  
Parisian Sage is a daintily perfumed hair tonic that is not sticky or greasy. Parisian Sage is sold by all druggists everywhere, and by Huntley Bros. on the money back plan. Try a 50 cent bottle today and learn for yourself what a delightful tonic it is. The girl with the Auburn hair is on every package. The Giroux Mfg. Co., Buffalo, N. Y., are the American makers.

**For Sale By HUNTLEY BROS. CO., DRUGGISTS**

**STONES HARNESS SHOP**

has moved to Seventh Street in the old Depot Saloon. All kinds of harness and shoe repairing neatly done, fly spray and spray pumps and dog muzzles for sale.

**BARCLAY SCHOOL CONTRACT IS LET**

At a meeting of the school directors Saturday evening bids for the construction of an addition to the Barclay school building were opened, and the contract for the erection of a two-room annex to the structure was awarded to the Baker Contracting company, of Gladstone, their bid being the lowest of two submitted. The addition to the building is designed to provide accommodation for the increase in school attendance, which has been considerable in the past year. The directors believe that the congestion is greatest in the district served by the Barclay school, and that when that is cared for the other building in the city will not be overcrowded. Plans for the addition were prepared by Prof. Forbes, head of the manual training department of the city schools, and were accepted by the directors at the last previous meeting. Construction work on the addition will be commenced at once, so that the rooms may be ready for occupancy at the opening of the fall term.

**Men's League for Suffrage**

OCEAN GROVE, N. J., July 26.—The New Jersey Men's League for Woman Suffrage held a well-attended convention here today for the purpose of furthering the cause of woman suffrage in this state. The members of the league have agreed to support only senate and assembly candidates who pledge themselves to vote in the next legislature to give the ballot to women.

**Abolish Convict Labor**

BIRMINGHAM, Ala., July 26.—The use of convict labor in the mines will be the principal subject of discussion by the Alabama coal operators when they assemble here Monday for their annual meeting. In view of the public criticism of the convict labor system the mine owners have expressed their willingness to release the state from the contract which provides for the employment of several hundred convicts in the mines.

**MAY THATCH ROOF WITH OLD GRAIN**

Vetch that is over eight feet in height has been harvested by T. C. McMonigle, of Gladstone, and samples of it have been sent to the exhibit department of the Commercial club. Secretary Freytag has nailed the fodder plant upon the rear wall of the exhibition cottage to "cure," and later will incorporate it with the Clackamas county display that will be sent to the various land shows, as well as to the state and county fair. The vetch is unusually heavy in its growth, and is a fine example of the crop that can be raised on local soil. The putting of the vetch on the rear of the exhibit hall has given Mr. Freytag an idea, and in the near future the roof of the little building may be thatched with grains that have been discarded from former exhibits. This old grain has been replaced this year with new samples, and Mr. Freytag thinks if the stuff is placed on the roof it will add to the unique appearance of the building and at the same time attract attention to the exhibits within.

**Race Meeting at Hamilton**

HAMILTON, Ont., July 26.—The second of the season's race meetings under the auspices of the Hamilton Jockey Club opened at the local track today and will continue until Saturday of next week.

**PAROLE BREAKER IS CAPTURED HERE**

That there are other places than the state penitentiary where the "honor system" is not a complete success was indicated Saturday when Sheriff E. T. Mass picked up and arrested Albert Lamp, 17 years old, an inmate of the reform school, who was permitted to leave that institution unguarded sometime ago to attend his father's funeral, with the understanding that after the last rites had been performed he would return and finish his term. Lamp went to the funeral as planned, but found freedom sweeter than life at the state institution, and after his father had been laid away, continued on his unrestrained way. Warnings of his break of parole were sent out, along with his picture, and Sheriff Mass got the boy when the fugitive's path crossed the balliwick. The sheriff has notified the state authorities of his capture, and is holding the lad for the arrival of state officers.

**BACK TO THE SOIL MOVEMENT AIDED**

NEW YORK, July 26.—To help the "back to the country" movement, which has been rampant for several years, and which is growing steadily every day a permanent country life exhibition is to be inaugurated shortly in the new Grand Central Station in this city. All the space over the great waiting room, said to be one of the largest in the country, has been leased for the purpose for the next ten years. The centre of the hall will be occupied by a general exhibition and lounging room and around the sides will be grouped sixty booths which will be given over to exhibitors. The walls will be covered with paintings and prints illustrating suburban and country life in its most attractive phases. Every type of country house will be illustrated with pictures and architectural drawings in the booths will be found everything needed for the country home. The value and use of various building materials will be disclosed, so that anybody contemplating building can secure expert knowledge on points that might save money and much annoyance later.

**MASONS SAIL FOR PANAMA**

NEW ORLEANS, La., July 26.—Several hundred high degree Masons from all parts of the South sailed from New Orleans today for Panama on the chartered steamship Atenas. The principal object of the trip, which is conducted under the auspices of the Grand Consistory of Louisiana, is exemplification of a class of 102 at Panama. After degrees of Masonry are conferred a branch of the Ancient Arabic Order of the Mystic Shrine will be instituted.

**The classified ad columns of The Enterprise satisfy your wants.**

**MARKET FOR FRUIT IS GETTING DULL**

Winding up of the early berry season is forecasted for the coming week, the great glut of fruit now being offered making it unprofitable for most dealers to attempt to handle the stock. It is expected that the balance of the crop will go to the canneries. Some late fruit will be offered in local markets from nearby ranchers, but there will be but little general sales of logans and raspberries. Crate prices are now from 75 cents up. Buttes is now quoted locally at 40 cents a pound, retail, or 75 cents a roll. This advance on the smaller quantities was forecasted earlier in the week, and follows action by the creameries, who declare that they need cream to supply the ice-cream demand.

Cucumbers are coming in heavily, and prices have been cut just about half. Sales are being made at 50 and 75 cents a box, which is pretty near summer prices. Green vegetables are continuing in plentiful variety, and since the end of the recent hot weather are showing better form. Small fruits are hard to get at any price, offerings being for the most part bitted or spoiled from faculty packing.

**Livestock, Meats.**  
REEF—(Live weight) steers 7 and 8c; cows 6 and 7c; bulls 4 to 6c.  
MUTTON—Sheep 5 to 6 1/2; lambs 6 to 6 1/2c.

**Free Domestic Science Lectures**  
By Mrs. Nevada Briggs  
At Frank Busch's Furniture Store, Oregon City,  
Begins Monday, July 28

**CREAM CAKE**      **JELLY ROLL**

To the ladies of Oregon City and vicinity is extended a most cordial invitation to meet Mrs. Nevada Briggs of Chicago and listen to her lecture on "SCIENCE OF DOMESTIC ECONOMY" at Frank Busch store, afternoons from 2:30 to 5 o'clock.

Mrs. Briggs illustrates her lectures with interesting baking tests, which are sure to instruct and please you. There will be no dread of baking day, after seeing her helpful suggestions. She is an exponent of the art of baking, taught by Mrs. Janet McKenzie Hill of the Boston Cooking school, and has many new practical ideas that you are sure to find helpful. There is no charge whatever for this course. Tastes of delicious baking will be served to all who attend, hot from the oven, while you wait.

Mrs. Briggs uses the well-known K. C. Baking Powder in her work. She thinks it superior to others for reasons she will explain.

The following delicious dishes will be prepared and served on the following dates this week:

<b>Monday</b>	<b>Tuesday</b>
Orange Cake	White Cake
Doughnuts	Batter Cakes
Biscuits	Beef Roll
Raspberry Shortcake	with Brown Gravy

Please Bring forks for sampling

**THE COOK BOOK**  
contains the finest collection of choice recipes ever compiled. It is beautifully illustrated and costs you nothing.

To secure the Cook's Book containing the above recipes and 89 others, purchase a 25c can of K. C. Baking Powder from your grocer and bring the certificates from the can to the lectures. Those unable to attend the lectures can mail the certificate found in the can to Mrs. Nevada Briggs, care Frank Busch.

**BAKING DONE ON A "CRESCENT" RANGE**

**I. C. S. An Ethical Power**

Now, gentlemen, just for a moment, I would speak to you, not as an educationalist, but as a preacher of manhood and a lover of his kind. The question of the use of alcohol by the student when studying, has carried me back to the thought. The International Correspondence Schools are not simply educational, they are ethical; they not only make foremen and craftsmen and draftsmen, but they make MEN—in capital letters. For you can never awaken any one to his commercial possibilities without stirring up all other possibilities—social, patriotic, intellectual, moral. The moment you succeed breaking up one area of inertia you set vibration moving through every part of the being and all kinds of dormant and stagnant powers are set into healthy motion. When a man's mind gets engrossed with an intellectual occupation and he finds that he has a grip upon the laws and forces of the universe, the saloon, the vulgar and degrading crowd, the hours of idleness, and the hours of idle and ritual waste all seem to be unworthy of him and his self-respect clothes him in a protective armor which helps to keep his entire manhood inviolate. A great American preacher used to speak much about "the explosive power of a new affection," and, having as your life work the duty of both supplying and developing this "new affection"—the love of the best, by which the unworthy and base will be expelled, perhaps unconsciously but surely, from many and many a man. Success to you in your work!

**The Trained Man Never Worries**

When the chiefs put their heads together to hire or "fire,"—the trained man doesn't worry. He knows that there is always a place for him.

You can look your job and every man in the face if you possess the training so much in demand everywhere today. The International Correspondence Schools will go to you in your spare time, wherever you live, and will train you to become an expert in your chosen line of work. Such a training will forever take you off the "anxious" seat. It costs you nothing to find how the I. C. S. can help you. Mark the coupon opposite the occupation for which you have a natural liking, mail the coupon today, and the I. C. S. will send you facts showing how you can earn more money in the occupation of your own choice.

**INTERNATIONAL CORRESPONDENCE SCHOOLS**
