WILD WEST SHOW TO APPEAR SUNDAY

Arrangements have been completed for two performances of the famous Oklahoma Ranch Wild West show in this city Sunday, Aug. 3. Although a new organization, the Oklahoma Ranch show has already attracted a great deal of favorable comment. Unlike many of the oldtime Wild West shows, the Oklahoma Ranch exhibition does not depend upon conventional and commonplace features. The performance is credited with being strictly up-to-date, and while the old life on the plains is illustrated in a picturesque and often thrillingly dramatic way, especial attention is given to life on one of the great bonanza ranches of today. There is a romance about the old days on the plains that can never be destroyed; the old frontiersmen, with their long hair and deerskin dress; the trappers; the overland mailcoach drivers; the wild Indians of the prairies—these all have their fascination for the student of events as well as the lover of strenuous, wholesome amusement. But, after all, the modern cowboy, although lacking in the generous numbers which characterized the old days, is cleverer than the cowboy of twenty years ago. There are roping feats that, a few years ago, would have been considered outside the range of feasibility. There are tricks of riding—daredevil exploits upon outlaw horses, and reckless disregard of life and limb, that have never before been equalled. All this, it is announced, is illustrated in the performances of the Oklahoma Ranch Wild West in a way that gives the show a distinct individuality. In other words, it is declared to be "the real thing" in Wild West shows. A thrilling especially added feature of the big show is a sensational auto polo game in which four racing machines are utilized. This wonderful feature will be presented at every performance. As rheumatism is due to an excess of uric acid in the system, the only sensible, rational treatment is one that removes this poison. That is what Hollister's Rocky Mountain tea does. That's why it cures for good. Jones Drug Co.

MARY ADELE CASE SINGS AT OAKS THIS EVENING

That a large number of Oregon City people plan to travel to the Oaks Auditorium this evening to hear Mary Adele Case, the Oregon City songbird, in recital, is undoubted. James Hutchinson, a well known Portland pianist, will accompany Miss Case. Following the Case recital the regular Oaks vaudeville programme will be given in the open air, while preceding it Ruzzi's Royal Italian band will give its nightly concert. The Portland Policemen's band and their friends to the number of several hundred, were here Sunday for a picnic in the park. These peace-makers set a good example for all who should follow and behaved themselves in a very becoming manner. It was the most orderly crowd that has picniced in the park this season. The band discoursed sweet music most of the afternoon and was the chief attraction, but there were plenty of other amusements. The dance at the pavilion lasted until seven o'clock when the last car started back to Portland. It was a great big day and the weather suited for the occasion. A fellow by the name of Stone, who lives at Barton, was brought before Judge Givens to answer to the charge of cruelty to animals. He pleaded "not guilty" and will have his trial next Saturday. I. C. S. An Ethical Power

Now, gentlemen, just for a moment, I would speak to you, not as an educationalist, but as a preacher of manhood and a lover of his kind. The question of the use of alcohol by the student when studying, has carried me back to the thought, The International Correspondence Schools are not simply educational, they are ethical; they not only make foremen and craftsmen and draftsmen, but they make MEN—in capital letters. For you can never awaken any one to his commercial possibilities without stirring up all other possibilities—social, patriotic, philanthropic, intellectual, moral. The moment you succeed breaking up one area of inertia you set vibration moving through every part of the being and all kinds of dormant and stagnant powers are set into healthy motion. When a man's mind gets engrossed with an intellectual occupation and he finds that he has a grip upon the laws and forces of the universe, the saloon, the vulgar and degrading show, the curb-stone loafing, and the hours of inane and ribald waste all seem to be unworthy of him and his self-respect clothes him in a protective armor which helps to keep his entire manhood inviolate. A great American preacher used to speak much about "the expulsive power of a new affection," and, having as your life work the duty of both supplying and developing this "new affection"—the love of the best, by which the unworthy and base will be expelled, perhaps unconsciously but surely, from many and many a man. Success to you in your work!

The Trained Man Never Worries

When the chiefs put their heads together to hire or "fire,"—the trained man doesn't worry. He knows that there is always a place for him. You can look your job and every man in the face if you possess the training so much in demand everywhere today. The International Correspondence Schools will go to you in your spare time, wherever you live, and will train you to become an expert in your chosen line of work. Such a training will forever take you off the "anxious" seat. It costs you nothing to find how the I. C. S. can help you. Mark the coupon opposite the occupation for which you have a natural liking, mail the coupon today, and the I. C. S. will send you facts showing how you can earn more money in the occupation of your own choice.

ONLY SLIGHT DROP IN MARKET PRICES

Portland dealers are rather wrought up over the egg market and their inability to unload case stock at ranch egg prices. Complaint is made in the metropolis that while the market is supposed to be high, buyers will not pay quotation prices, and as a result there is considerable cutting that is having a demoralizing effect. Fresh eggs are quoted locally at 30 cents a dozen, as for the past week, and are being bought by dealers at 27 and 28 cents. The fruit market is showing but little change. Berries are somewhat higher, but as they will not keep, afternoon prices are lower than morning ones. Apricots are in good demand, and locally are very scarce. Upper valley fruit is not in the market yet, and out-state offerings are all gobbled in Portland. Prices range from 75 cents to a dollar a crate. Oregon corn is making its appearance, and is cheap at wholesale, averaging about 20 cents a dozen ears in bulk. Retail prices are much higher. Tomatoes are down to 75 cents a crate. Local eggplant has appeared and is bringing 10 cents a pound. Green vegetables are plentiful but are showing sun-burn again.
