VOL. VI.—No. 54.

OREGON CITY, OREGON, WEDNESDAY, SEPTEMBER 3, 1913.

PER WEEK, TEN CENTS.

MILLS MAIM TWO MEN

FALLS THROUGH ELEVATOR SHAFT

WILLIAM SMITH DROPS TWENTY
FEET TO BOTTOM—IS IN
CRITICAL CONDITION

TEPPED TOO FAR BEHIND LOAD

Misjudges Distance and Loses His
Balance—Lands on Head and
Brain May Be Hurt By
Force of Fall.

William Smith, 20 years of age, fell
through the elevator shaft at the mills
of the Crown-Columbia Paper com-
pany Tuesday afternoon and is lying
at his home on Thirteenth street in
a critical condition.

For some time after the accident,
he was dazed by the fall. He was carry-
ing a load of freight to the second
story when he seemed to walk back
over the edge of the elevator and fell
the distance to the floor below. He
struck on his head and Tuesday night
there seemed to be danger from con-
cussion of the brain.

No Bones Broken.
The fall itself was not a serious one
and no bones were broken. The
blow on the head was responsible for
the condition Tuesday night. He has
made the trip many times before and
none of those who were in the build-
ing at the time could account for the
accident unless he had forgotten his
position on the elevator and had stepped
back too far behind the load.

The fall was a distance of 15 or 20
feet to the bottom of the elevator
shaft where he struck on his head.
Physicians who were summoned at
once believe that he will recover al-
though they consider that his condi-
tion is serious.

NEW TEACHERS ARE SELECTED BY BOARD

The board of directors of the Ore-
gon City school district appointed Miss
Thelma Draper as primary teacher to
succeed Miss Anna T. Smith and Miss
Grace King to succeed Miss Queenie
Adams.

Both Miss Smith and Miss Adams
have tendered their resignations to
the board and will accept positions
elsewhere. The new teachers are also
experienced in the line of work and
have spent a number of years in the
profession.

The board has on file recommendations
for both of them that are of the
best and indicate the work that they
have done in similar positions in other
schools.

FIREMEN PLAN BIG "DOINGS" AT HALL

Preparations for the annual Hallow-
een ball of the Greenpoint Hose com-
pany No. 5 are going on at a lively
rate and the committees that have
been appointed are hard at work on
the program for the celebration.

Following are the committees that
have the various features of the en-
tertainment in hand: arrangements,
Ben Baxter, John T. Gleason, A. N.
Sinnott, Michael Long, N. T. Ricard;
floor, George Richards, Roy Bernier,
Carl Simmons, A. J. Haas, T. J. Myers,
Henry Brandt, Paul Wyman, Ben Baxter;
reception, A. N. Sinnott, James
Adkins; door, William Knopp, D.
Schuld; cloak room, Paul Earnest, and
Frank Hoop.

The ball will be given on Saturday
evening Nov. 1, by the company and
will be bigger than anything it has
planned in several years.

NEGRO BRINGS SUIT AGAINST HIS BISHOP

Jackson, Miss., Sept. 2.—Hearing of
the suit for \$10,000 damages by an
unfrocked negro preacher against
Bishop Thirkield, the noted Methodist
divine, is to be held here tomorrow.

There is considerable popular feel-
ing against the negro and the author-
ities are watching developments closely.
Bishop Thirkield dismissed the
preacher after an investigation of
charges that had been made against
him.

Ex-King Manuel and Princess Augustina Victoria Prepared For Their Wedding on September 4.

Ex-King Manuel of Portugal is one of the world's interesting young figures, not for anything wonderful that he has ever done, for he hasn't, but because he is a deposed European king. As the official date for the former ruler's marriage approached, Sept. 4, royalty prepared to attend the ceremony. Princess Augustina Victoria, the bride elect, is the daughter of Prince William, head of the older branch of the Hohenzollerns. It was expected that Kaiser Wilhelm and the royal family of Germany would attend. It was planned to have a civil ceremony on the day preceding at the palace of Prince William. The official wedding occurs at the church. One of Manuel's presents to the princess is an old emerald ring worn by Catherine of Aragon, wife of King Henry VIII, of England. Manuel inherited it through a great aunt.

GRADING STARTS ON TERMINALS

WORK IS BEGUN ON FREIGHT
YARDS OF CLACKAMAS
SOUTHERN
LINE

THOUSAND OF CORDS AWAIT ROAD

Wood is Stacked Along Route to be
Shipped Into Markets of City
and Portland—Gravel
Bed.

Grading of the terminal yards of the
Clackamas Southern railroad, in the
block bounded by Main, Fourteenth
and Fifteenth streets and the river,
was commenced this week, and will
be completed by the time freight ser-
vice over the line to Beaver Creek is
inaugurated.

Permission has also been obtained
by the road from Major McIndoe, of
the U. S. Engineering department, to
grade gravel from the river opposite
the terminal property, and two power-
ful donkey engines are now operat-
ing scoop dridges hauling the materi-
al to the yards.

Gravel Will Be Used.

The gravel will be used to ballast
the road, and will be applied while
freight service is being handled, so
that it will be well tamped down be-
fore the line begins hauling passen-
gers. Freight tariffs for the "home
road" have been accepted by the state
railroad commission, and are now be-
ing checked over by officials of the
company.

As soon as they are found to be
correct they will be published, and the
line will then commence hauling cord-
wood, many thousand feet of which
are now stacked along the right-of-
way awaiting shipment.

Much of this wood will be used for
fuel in Oregon City next winter, and
the balance of it will be shipped to
Portland for sale there.

OREGON CITY MAN IS MARRIED AT RENO

Jack R. Caulfield, eldest son of Mr.
and Mrs. David Caulfield, of Oregon
City, was married last Saturday at
Reno, Nev., to Miss Ella McAddam,
of Mandan, North Dakota.
Mr. Caulfield is in the employ of the
Crown-Columbia Paper company at
Floriston, Cal., and was formerly in
engineering work in North Dakota
where he met his bride. He was once
a city treasurer of Oregon City and
is in the office of the Willamette
Pulp & Paper company.

A Yesbut Or Tryptman?

Which are you?—Mr. National
Manufacturer.

"Yes But" — never gets any-
where.
"TRY IT" wins nine times out
of ten because he goes at it with
energy and enthusiasm plus
Mr. Manufacturer of National
products he "TRY IT" men are
getting the business these days.

Want to know their names?
Look at the advertising in this
newspaper.

Their names are here. They are
hard at it putting their products
before the eyes of consumers who
want to buy.

The local dealers are backing up
their goods. They like "TRY IT
Men" and have no use for "Yes
Butters."

Put your product directly before
the consumer through advertising
in the daily newspapers. Get the
cooperation of the dealers.

The Bureau of Advertising of
the American Newspaper Publish-
ers association, World Building,
New York will be glad to answer
any questions about cooperative
newspaper campaigns.

Charles B. Hanford, the famous
Shakespearean actor, will lecture on
the Captain Scott south pole expedi-
tion motion pictures at the Hellig
theater, Portland, for nine nights be-
ginning Friday, September 5 and eight
afternoons beginning September 6.
Popular prices will prevail.

Ex-Queen Lillooalania is 75.

Honolulu, Sept. 2.—Former Queen
Lillooalania reached the age of sev-
enty-five years today. As has been her
custom for many years, the former
Queen held a formal reception which
was attended by American and Hawai-
ian officials and several thousand na-
tive Hawaiians irrespective of rank or
position.

PALS MAY YET TRY TO HELP

SHERIFF ANSWERS HURRY CALL
TO BARLOW FOR MAN WHO
GAVE SAWS.

LOSES QUARRY IN HIS CHASE

Perrine's Friends. Manage to Make
Getaway Before Officers Reach
Point—Had Visited Town
and Saloons.

That Richard Troy, alias "Wiscon-
sinn Kid" who is believed to have pas-
sed saws to Virgil Perrine, robber of
the Milwaukee bank, may not have
abandoned his plan to aid the young
prisoner to escape from the county
jail, was indicated Tuesday evening
when Sheriff E. T. Mass received word
from Sheriff Esche of Marion county,
that Troy's partner, John Homer,
alias "John Calgin" had boarded a
northbound train at Woodburn to ride
to Barlow, where it was believed he
was going to meet his partner.

Sheriff Mass and Deputy Sheriff
Miles a trap was set for Troy, and
there found that Troy and Homer had
both been in town, but were unable
to apprehend them.

Pals Meet.

Inquiry showed that Troy had met
Homer when he left the northbound
train, and that the two had visited
both Barlow saloons, and had then
gone to a grocery store, where they
bought crackers and cheese, and stole
a cake of soap.

The men were reported to have then
left town, still going north. Sheriff
Mass made a rigid search of the sur-
rounding country, but lost track of
his quarry.

Perrine entered a plea of guilty in
the circuit court Tuesday morning and
the sentence of the court will be pas-
sed upon him Wednesday.

Charles Wright, charged with as-
sault with intent to kill, will also en-
ter his plea Wednesday. M. J. Brown,
indicted for the alleged circulation of
an anonymous political publication
entered his plea of not guilty when
he was arraigned.

Charles Harned, John Bush, Gus
Rodenberg, William Heinz, Carl Ber-
gren, Jacob Rieck, and J. W. Smith,
the latter a county commissioner,
were arraigned on the charge of sell-
ing liquor on Sunday and were given
until September 9 to plead. William
E. Mumpson, charged with assault
with intent to kill, will plead on Sep-
tember 5.

COMPANY RATES ARE NOT FAIR

COMMITTEE BELIEVES POWER
COMPANY CHARGES TOO MUCH
FOR SERVICE.

EXTENSION CHARGES EXCESSIVE

Thinks Assessments Have Been Made
Prohibitive to Development of
Certain Sections—Later
Hearing.

Professor F. J. Toozz of the rate
committee appointed by Mayor Linn E.
Jones believes that the charges made
for extension work by the Portland
Railway, Light & Power company are
exorbitant, that the rates are dis-
crimatory, and that the assessments
levied in some cases before the ex-
tension work was done is prohibitive.
The committee has been studying
the question of rates in the city since
its appointment by the mayor was
announced. It has at its disposal a
number of receipts and other papers
issued by the company and believes
that it has evidence that will show
to the commission of the state that
the company has made better rates
for some of its patrons than it has
for others.

Prohibitive Charges.

Wherever extension work has been
done, Prof. Toozz claims, the com-
pany has made assessments against
the new patrons on the line and, in
many instances, these charges have
been so high as to be unreasonable.
He also thinks that the other rates
of the company are above the point
where the concern would be able to
furnish the patrons with efficient ser-
vice and, at the same time, make a
reasonable profit on the venture.

The matter will be submitted to
the railroad commission of the state.
Statements that the chairman of the
committee has been given to the
commission verbally Tuesday but they
will be again submitted within the
next few days in written form.

A large number of receipts and
contracts were turned over by the
committee to the state officials for
study. The commission has deter-
mined upon a far reaching investi-
gation and has gathered data upon
the valuation and at other fetures
dealing with the property and assets
of a large corporation.
F. J. Toozz and Livy Stipp repre-
sented Oregon City at the hearing in
Portland Tuesday.

GIRLS WIN RACE IN BIRTH RATE

RECORDS SHOW PERCENTAGE IS
HOPELESS AS THEY
TAKE LEAD.

ONLY ONE BOY BORN THIS WEEK

Success of Peace Plans Assured as
Men Die and Women Maintain
Gain in Birth Rate—
Six to One.

Oregon City femininity has left the
masculine element in the shade when
it comes to the city's birth rate.
During the last week, of the total
birth rate more than 85 per cent have
been girls. Reports from various
sections of the city have more often
told of the birth of a girl than of
a boy and the rate seems to be steady-
ly holding its own.
Of seven births recently reported,
only one was a boy. Girls see the
light of almost every day but the boys
are few and far between. They seem
to be growing scarcer every day as
the feminine population increases at
the rate of six to one.

Field Trials in North Dakota.

Towner, N. D., Sept. 2.—Many prom-
inent sportsmen from a distance are
here with their high-class dogs for the
second annual prairie chicken trials
of the All America Field Trial club.
The trials began today. The events
on the program include a derby, an
all aged, a championship and a mem-
bers' all aged stake.

It Will Rain Tomorrow

So says the weather man and he
generally knows. So be prepared.

GET UNDER

one of our umbrellas and you will
keep dry.

You will find a good selection
from which to choose from, a good
strong one at \$1.00 to the beautiful
silk covered, gold handled kind.

A good umbrella makes a mighty
nice birthday gift, too.

Don't put off buying another day.
Today is the time to prepare for a
rainy day.

UMBRELLAS FOR AS LOW AS \$1
