though the cut on his chest was about an inch and three quarters deep and seven or eight stitches were taken in his hand. The wound in his chin is not very deep, but caused considerable bleeding. Dr. Mount said that if Rickard had been left alone he would have died from bleeding. Wheaton accidentally cut himself with his own knife in the fight.

Has Many Friends Rickard lives at 604 Water street, on the corner of Sixth. He has lived in this city for about four years and has many friends.

Wheaton was formerly employed by J. F. Hodge as blacksmith. He is reported as having said, "There will be trouble over this yet" when speaking to friends concerning the blacksmith shop transaction. As far as can be learned Mr. Wheaton has a good reputation.

As soon as Rickard was started toward the doctor's office, Lee French jumped in an automobile and caught up with Wheaton at the corner of Twelfth and Main. Wheaton confessed that he had stabbed Rickard and was taken to the city jail.

OREGON CITY MAN IS MARRIED IN CHICAGO

Word has been received here that Elmer T. Farr, formerly of this city, secured a license to marry Miss Murry White in Chicago Tuesday. Mr. Farr was a butcher here several years ago when he trained a pair of fox terriers to do a high dive of seventy feet. His success with the dogs caused him to be signed up by the Arnold Carnival company and ever since he has been with them.

The last visit that Mr. Farr made to Oregon City was three years ago when he came to visit his mother, Mrs. A. L. Farr, and his brother, Clarence. Mr. Farr has a large number of friends in this section.

FLYER WRECK HURTS 35; THREE KILLED

NEW MADISON, Ohio, Sept. 9.—The New York-St. Louis Flyer on the Pennsylvania railroad was derailed four miles west of here at 9:40 this morning, injuring 35 of the 73 passengers and fatally injuring three of the crew. Six coaches went into a cornfield, on one side of the track, the engine and tender striking a bridge abutment on the other side of the track and turning the span of the bridge into the air.

The rear coach remained on the rails and the next coach, although off the track, did not overturn. None of the passengers were seriously hurt, but two firemen were so badly crushed and scalded it is believed they will die, and a chef in the diner was seriously scalded. The engineer suffered a severe scalp wound. The wreck occurred on a sharp curve, where the track was weak, the train traveling at a high speed.

All doctors of this town were rushed to the wreck, and the injured were taken to Richmond, Ind.

pink chaise and carried a shower of pink roses.

The best man was the groom's brother, Dr. Guy Mount. Miss Irene Hanney artistically rendered Lohengrin's wedding march. Mrs. J. B. Parker and Mrs. Rebecca Mount were charmingly dressed in gray silk.

The groom is the son of Mrs. Rebecca Mount, one of the city's pioneers, the brother of Dr. Guy and Hugh Mount, and Judge Wallace Mount of the supreme court of the state of Washington. He has been in practice here for the past six years and, prior to that time, was in eastern Oregon. He is a member of the Elks and was the Exalted Ruler of that lodge last year.

Miss Parker spent some time in Oregon City last year and was prominent in local society circles during her visit. Among those who attended the ceremony were, Dr. and Mrs. Hugh Mount, Dr. Guy Mount, Judge and Mrs. Wallace Mount, Charles and Ralph Parker, Miss Irene Hanney, Mrs. Chester G. Howell of Portland, Mrs. John Wolford of Silverton.

After the ceremony Mr. and Mrs. Mount left for a short wedding trip. They will make their home in Oregon City on their return.

TARIFF BILL GOES THROUGH SENATE

WASHINGTON, Sept. 9.—The Democratic tariff revision bill passed the senate at 5:43, 46 to 37.

The burst of applause that swept down from the crowded galleries found its echo on the crowded floor of the senate. Its passage was attended with surprises on the final moments of the voting, when Senator La Follette, republican, cast his vote with the democrats, and was joined a few moments later by Senator Poindexter, "progressive".

The democrats had counted through out the long tariff fight on losing the vote of Senators Ransdell and Thornton, of Louisiana, democrats, who voted against the bill today because it would put sugar on the free list.

"JACK-THE-HUGGER" CAUGHT BY CHIEF

George Tucker, who has no particular address, attacked a 65-year old woman at the head of the Fourth street steps Tuesday evening and following a brief chase by Police Ed Shaw was lodged in the city jail pending arraignment and trial.

Tucker was noticed hanging about the steps near dusk by several women, but made no advances to any of them. Later in the evening Chief Shaw was attracted by screams at the edge of the bluff, and rushing up the steps found Tucker and an aged woman struggling. As the Chief witnessed the attack, the woman will not be asked to make a complaint against the man, and will thus be spared unpleasant notoriety in the case.

MAY TRADE THAW FOR PANKHURST

LONDON, Sept. 9.—"Will Mrs. Pankhurst resist the allurements of corn, clam broth and succotash, and if so how will the government of the land of freedom treat her?" asks the Pall Mall Gazette, commenting approvingly today on a report that the American authorities, "very wisely" have decided to arrest the militant suffragette leader on her arrival in New York in October.

The newspaper suggests that the United States government might propose to exchange Mrs. Pankhurst for Harry Thaw.

JUROR FINDS GUILTY TO SAVE FATHER FEES

SAN FRANCISCO, Sept. 8.—"A juror who would vote in favor of a verdict of guilty against an innocent person charged with an infamous crime in order to save his (the defendant's) father and mother from a lot of useless counsel's fees, or for any other reason, commits a crime against society more iniquitous than that committed by Diggs and Caminetti".

That was the scathing denunciation voiced today by Special Prosecutors Matt L. Sullivan and Theodore Roche, who secured the conviction of Diggs and Caminetti on white slave traffic charges, against William Heister, who served as a juror in the latter trial and who is quoted as being ashamed of his part of the verdict.

"I voted to find Caminetti guilty to save his father and mother a lot of useless counsel fees, and because the other jurors insisted on a compromise. I regard the verdict as a disgrace to the United States. I believe it should be reversed because the young man is innocent of the charge."

That was part of the purported interview given to a local paper by Heister to which Sullivan and Roche replied today.

"A juror who would thus express himself in public," say the government prosecutors in a joint interview, "after joining in the verdict of guilty, disgraces his manhood, if he has any left, and should meet with universal execration. It is inconceivable that any man should state, with the intention of having it published, that there was not a man among the 12 who had not at some time in his career done what young Caminetti did."

By such a statement the speaker proclaimed himself a debaucher of innocent girls, and puts in the same class as himself 11 other jurors whose reputation in the community is without reproach.

MOVIES GET INTO COURT IN RUSSIAN ASSAULT CASE

MOSCOW, Sept. 9.—Moving pictures were successfully introduced in court as evidence in the case of 20 peasants who were accused of attempting to murder a company of actors and actresses engaged in the production of a film representing an episode in the revolution in the reign of Catherine II.

The place chosen for the rehearsal was the village of Krivee Look, but the villagers conceived the idea that the camera was a machine of the devil. They asked the actors to make the sign of the cross but the latter, having no interpreter, did not understand what they meant and smilingly shook their heads. This was accepted as sufficient proof of the "devilry" which was taking place and the villagers attacked the astonished company. Actresses fainted, and the male members of the company defended themselves as best they could with the "property" weapons used in the production, but several were seriously injured before the police appeared. The camera operator, however, had taken refuge in a tree and filmed the whole fight, and it was on this evidence that the peasants were convicted. All the accused pleaded innocence but the court turned into a picture palace for half an hour and the jury was able to identify them on the film. The convicted villagers are now more convinced than ever that there was "devilry" in the camera.

TO A SHY SWAIN. Why, look you, sweetheart, how you limp and halt! Your speeches fall and flounder, shy and vault! Is love's dear tongue so hard, in sooth, to learn? His tender graces, then, so hard to earn? Is this the best that you can do—ask whether I really think we'll have a change of weather. Then sit in silence twirling at your thumbs Or crush your cigarette up into crumbs? And all the little precious moments flying. And love, disgruntled, in the corner crying! —Genevieve Farnell-Bond.

GOULD BUYS AIRSHIP FOR HIS OWN PRIVATE USE

NEW YORK, Sept. 9.—It was reported here today that Edwin Gould, brother of George J. Gould, attracted by the feats of Harold F. McCormick, of Chicago, as a commuter by hydro-aeroplane, had purchased two of these machines for his own use.

Gould recently spent some time studying the mechanism of McCormick's flying boat at Lake Forest, near Chicago, and it is said that he decided to place orders for two elaborate machines, one built for speed only and the other to be the largest ever built, to accommodate six persons.

Although Gould could launch his hydro-aeroplanes in the Hudson near his home in Ardsley, it is said that he does not contemplate making his flight on the Hudson, but along the coast between New London and New York. He hopes, it is said, to go all the way from New London to Palm Beach some time next month.

TRAIN TAKES TOWN TO NEW LOCATION

Gladstone has moved four blocks north. Gladstone is the nearest municipality to Oregon City on the inter-urban line, and for some years has been dignified by a little wooden station bearing the name of the town.

Monday employees of the Portland Railway Light & Power company hooked the station onto the rear of a passing train and dragged it four blocks to the north, the center of population having moved to what was merely a flag-stop. Permission of the Gladstone city council was granted for the change.
