BUSINESS QUITS FOR PENDLETON'S FUN

PENDLETON, Ore., Sept. 11.—The fourth annual Round-up has started upon its history-making career and nothing else matters in Pendleton today.

Business is suspended for the afternoon and the streets are deserted except for an occasional policeman left behind to guard the city while thousands of residents and visitors give themselves up to the enjoyment and excitement of the cow boy carnival.

Though the 45 hours of the newly installed electric annunciator did not announce the entrance of the score of trick and fancy ropers, who formally started the sequence of thrilling events until 1:30, every spectator had been seated and waiting for several minutes.

BANK TELLER KILLS HIMSELF AT OFFICE

LOS ANGELES, Cal., Sept. 11.—Theodore L. Froehlinger, chief teller of the International Savings & Exchange bank here, committed suicide today by shooting himself through the heart in his office at the bank.

President John Lopzich of the bank stated that Froehlinger's accounts were in perfect shape. He gave the opinion that the teller killed himself because of an apparently hopeless illness of his wife.

Froehlinger went to the bank today at his accustomed time. He entered his case, and after preparing his books and cash for the day's business, shot himself. He died in an ambulance while being taken to a hospital.

OSTEOPATH GETS COUNTY POSITION

(Continued from page 1)
time and attention to the problems in the light of experience.

Thought it Dictation
On the other hand, the county court felt that the doctors were trying to dictate to the judge the man whom he should appoint for the place and that they had entered an agreement to prevent any of their number accepting the position except Dr. Norris.

The doctors indignantly deny this charge, however, and declare that they had simply petitioned the court to make the appointment of Dr. Norris because they believed that the accusations against him were untrue and unjust and that they had no foundation in fact.

Later discovering that the court would not listen to their request, they determined upon the circulation of petitions through the county for the popular signature and intended to present them to the judge before the action was taken.

The Balkans.

Sir Edward Grey intimates that the European concert is in splendid tune, meaning, no doubt, that the Balkan loot has been satisfactorily divided.—Washington Post.

In certain quarters the Balkan states are constantly being blamed for their warlike propensities. What nonsense this is! They're always making peace.—London Punch.

The Balkans, having at last ended their wars, can now settle down to work to pay the cost, estimated at \$1,350,000,000, to say nothing of 400,000 lives lost in battle or in consequence of the wars.—New York World.

That there are right handed and left handed plants has been reported to the Cambridge (England) Philosophical society by R. H. Compton. In an examination of eight varieties of two rowed barley the first leaf was found to twist to the left in 58 per cent of 12,000 seedlings and an excess of left handed growth was found also in millet and in oats. In corn there seemed to be no marked tendency either way. No evidence of hereditary peculiarity appears to have been obtained.

AUTOMOBILE PARTY MAKES LONG TRIP THROUGH WEST

M. F. W. Dannatt and his brother are in town for a stay of a day or two. They are touring the Pacific coast states in their automobile, having started from Los Angeles. They plan to work north to Seattle.
Their car has quite a record as it has traveled over 22,000 miles in most of the states west of the Mississippi river. They report very good roads on their trip through Oregon and had very little trouble with their machine.

A GENEROUS OFFER

Your Money Refunded if Parisian Sage Doesn't Banish Dandruff
Pretty strong talk, perhaps you'll say, but it's honest talk, every word of it, because if Huntley Bros. were not absolutely certain; if Huntley Bros. did not know from actual results obtained they could not make such a generous offer.

ELECTION SCANDALS SHOCK AUSTRALIANS

MELBOURNE, Sept. 11.—That the recent Australian elections resulted in "by far the greatest electoral scandal the commonwealth itself or any state has ever known" is the contention of the Australasian. "From all the states" the journal says, "there come allegations—the duplications on the rolls have been followed by duplications of votes, that electors have been anticipated in their votes by personation, that even the grave has sent a quota of voters, that officers and scrutineers have used improper influence on voters, and that generally the electoral system is loose and has been productive of corruption."

Captain Heinie Wagner, of the Red Sox, thinks the world's series will be close, with betting at even money, should the Athletics and the Giants clash for the championship.
In the big trade with Cincinnati last winter, whereby Tinker went to the Reds, the Cubs evidently picked the right boy when they named Humphreys. He has turned out to be Ever's star twirler.

It is not often that a player who has stood one-two-three in batting all season is lipped out of the big show, but such is the case of Charlie McDonald, recently leased by the Boston Braves to Rochester.

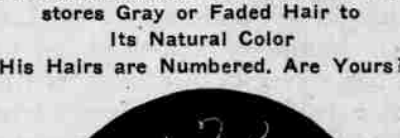

The Scriptures.

The present arrangement of the Scriptures into chapters originated in the thirteenth century with Cardinal Hugo, who devised it while making a Latin concordance. The division into verses was introduced by the celebrated printer, Robert Stephens, in his Greek Testament (1561) and in his Latin Bible (1559-7).

"I don't think your father feels very kindly toward me," said Mr. Staylate. "You misjudge him. The morning after you called on me he seemed quite worried for fear I had not treated you with proper courtesy."
"Indeed? What did he say?"
"He asked me how I could be so rude as to let you go away without your father's consent."—New York Globe.

JENNINGS LODGE

The Juvenile Fair held in the park pavilion at this place last Saturday was a very creditable affair and proved very much of a success. This fair was the second one of its kind to be held here and there are to be several more.

The entries were numerous and most of them made by children under 12 years of age. The Shearer chicken contest was the main feature of the fair and attracted much attention. A number of families enjoyed the park for a picnic dinner after which there were addresses by County Supt. Gary and Prof. Griffin of the Agricultural College. The Currieville band, under the leadership of L. E. Bellis of this place, furnished some excellent music and then there were some races, in which Kenneth Bartlett and "Bobbie" Morton had charge. Mrs. C. F. Frazier, who has been spending a couple of weeks at Ocean Park, returned Wednesday morning. She reports a delightful time.

The Dubois home was brightened last Monday by the birth of a little son.

CHICKENS AND EGGS SHOW FIRM IN TONE

Prices on eggs and chickens show an advance with resulting firmness in the general tone. The trade in the birds is brisk with all offerings taken on sight.

The potato trade has held steady with an ample supply coming into the markets and a strong demand for the product. The note has been strong through the day. Cheese supplies have been limited with an increasing temporary tendency to a firmness in the quotations.

Haiti's Legion of Honor.

It is not generally known that the famous order of the Legion of Honor was adopted at Haiti in 1849. When Souleuvre became emperor under the name of Faustin I, he instituted an order in imitation of that which had been established by Napoleon in 1802. Statutes, ribbons and insignia were precisely identical, and since the sovereignty of Haiti distributed his honors to all and sundry with lavish hand the French government was considerably embarrassed. The death of Souleuvre ended the difficulty.—Paris Gaulois.

AMONG THE WHIMS OF FASHION ARE THE WAISTCOATS AND SASHES WHICH ARE USED TO INTRODUCE A TOUCH OF COLOR

The new waistcoats are fascinating, and with two or three that are distinctly different, the economical woman can get a variety in her simple tailored suit. Not that their use is confined to suits, for they are worn with morning and afternoon frocks, in plaid, flowered or printed silk in brocades of all sorts, and even in plain white and black satin, bengaline and moire.
White and silver brocades was used with Russian blue corded silk for the dress illustrated in 7954, and the same brocade fashions the bow at the center-front of the girdle of blue taffeta. The blouse is drop-shouldered style, and a chemise of ivory-toned shadow silk fills in the space between the revers. In the skirt is shown the fashionable silhouette of soft plaits at the top to give fullness between waistline and hips, while at the feet it narrows in. Five sizes, 34 to 42, and for size 36 1/2 yards 356-inch material is needed, with 7-8 yard for vest and revers.
In the other gown, 7952, the new jumper effect is exploited, the drop-shoulder underbust showing cream shadow lace over net, with jumper effect of olive green duvetyne. The girdle of darker velvet is unique in draping and is embroidered in front in a queer design worked out in silver. The skirt draping is gained by a cross-wise tuck, that is stitched only across the front which is a method favored by some of the cleverest Paris designers. The closing is in front. Five sizes, 34 to 42, and for size 36 1/2 yards of 42-inch material is required. Each pattern is 15 cents.

NEW ADVERTISING SCHEME DRAWS CROWDS TO WINDOW

What is considered one of the best displays ever shown in this city is now in the window of Burmeister & Andersen on the corner of Seventh and Main streets.
This shows the completeness of the modern advertising system. The window illustrates the inner workings of the Ingersol-Trenton watch in a way that is so simple and complete that anyone can grasp the complicated mechanism. This display is supplemented by progressive national advertising and by work in the local papers.

BIPLANE DIVES INTO CROWD AT COBLENZ

COBLENZ, Germany, Sept. 11.—Four persons were instantly killed and 17 others injured, two probably fatally, near Buchenbeuren today, when a biplane driven by Lieutenant Teuberne suddenly dived among the spectators. A woman and a boy were cut to pieces by the propeller of the biplane. A man was decapitated and a patrolman's skull was crushed.
The spectators were watching the flight of Lieutenant Schneider when Teuberne's aeroplane dived among them without warning.

The progressive spirit of the "Gresham Outlook" is shown by its plan to issue a school edition, presenting to its readers complete information as to the condition of the schools in that section.
Mrs. W. F. Adams, owner of the Bride hotel on Seventh street, is in a very serious condition from a weak heart, caused from typhoid fever. Dr. Stuart reports that in such a case it is almost impossible to tell the real condition of the patient.

Gresham seems to be suffering from a "wave of crime." According to the Outlook of that place, two burglaries were reported last Sunday and Monday evening an attempt was made to steal Mrs. Max Schneider's auto. Entrance was effected into Shattuck's store and the Sanitary meat market.

The proposed series between the Mobile Southern League team and Houston, champions of the Texas League, has been called off.
When it comes to heavy batting the Athletics have it on the Giants twice over and then some. McGraw has not had a consistent .300 sticker this season.
