### KID DEPARTMENT MAKES BIG HIT

RIVALRY AROUSED BETWEEN CHILDREN OF VARIOUS COUNTY SCHOOLS

### SPECIAL PRIZES WILL BE OFFERED

Entries are Coming in From All Sections and Students are Taking in Show of Juvenile Features

The juvenile department of the Clackamas County fair, to be held September 24, 25, 26 and 27, promises to be one of the most interesting sections of the big display. Approximately \$125 has been set apart for prizes for the exhibits in this field, which will be under the supervision of Mrs. M. C. Young. The display will be collected from the various school fairs that have been held in the county, and at the completion of the fair the entire exhibit will be sent to Salem for state display.

Among the things for which special prizes have been offered are the best mechanical toy made by any boy or girl between the ages of 12 and 16, the best pigs raised by the youngsters, the best collection of vegetables grown by the exhibitor, the best assortment of six jars of jelly, the best flowers, the most attractive exhibit of woodwork, and the most artistic bit of amateur photography.

Entries for this department have been pouring in rapidly, and it is estimated that there will be over a thousand exhibits. School children have developed an intense rivalry in preparing their displays, and the school fairs held have brought out a high class of work.

### RUSH FOR BOOKS SOON TO BE ON

STORES WILL BE JAMMED BY EAGER YOUNGSTERS CLAMORING FOR NEW SUPPLIES

### VACATION TIME IS NEARING CLOSE

Happy Boys Give Up Fish Pole for Another Year of Grind in School—Many Things Crowd Last Moments

When the city schools open September 22 in Oregon City, there will be about 1100 students clamoring for books and other supplies at the city stores.

Old books will be exchanged for the new ones at the stores on a regularly fixed scale but they will be made on the grade basis. For instance, if an arithmetic used in the fourth and fifth grades has been changed by the state commission, the stores will furnish the new book in exchange for the old one at a certain definite exchange price.

To make the ruling more clear, the rates have been fixed so that fourth grade books, for instance, will be exchanged for new fourth grade books but fourth grade readers, as an example, will not be exchanged for fifth grade readers of the new kind.

On the other hand, books that are made obsolete by the adoption of the new list will be received at the stores at a definite rate.

The books that will be used in the city with the prices and the rate of exchange are given on page four where the details of the schedule have been worked out for the benefit of the students of the schools.

### G. A. R. Veterans Are Ready For the Forty-seventh Annual Encampment, Sept. 19-20, at Chattanooga.

Veterans of the civil war are gathering for the forty-seventh annual encampment of the Grand Army of the Republic at Chattanooga Sept. 19 and 20. The fiftieth anniversary of the battle of Chickamauga will be observed in connection with the encampment. Regiments of the regular army will reproduce for the entertainment of the vets details of the famous battle, culminating in a sham battle at Snodgrass hill. A reunion of survivors will be held at the New Jersey monument on Orchard knob, the site of General Grant's headquarters during the battle of Missionary ridge. Among the names that will be presented for election as commander in chief will be those of Captain Henry E. Osborne, senior vice commander in chief, of California and General Americus Whedon, junior vice commander in chief, of Washington city.

### HATCH SCHEMES FOR NEW CITY

PLANS BREW IN MINDS OF WEST LINNERS FOR MANY GENERAL IMPROVEMENTS

### HUNT FOR BIGGER WATER SUPPLY

Want to Tap Mafns Bringing Bull Run Reservoir to Oregon City or Dig Deep Wells on Top of Hill

A modern high school with a well equipped faculty is the aim of the newly incorporated city of West Linn as one of its first improvements after the city officers are chosen.

Many of the residents of that town have decided that a high school that is modern in every respect and that has a thorough and capable corps of teachers will be needed before the city has worked for any considerable length of time under its charter.

Though some street improvement is planned and other betterments are now being discussed, the city plans to make the improvements slowly in order to keep its expenses inside of the net income.

First, however, will measure be taken for the securing of an ample supply of pure water. Should Oregon City get the Bull Run water, West Linn would ask to be allowed to tap the pipe lines and would get its water from the same source. If this city does not decide to use the Mount Tabor supply, West Linn plans to make other arrangements and may tap wells that are now being drilled in that neighborhood.

### FRAME DEAL TO OUST DOCTOR

MEDICAL SOCIETY IN SECRET MEETING BREWS SCHEME TO REMOVE APPOINTEE

### WILL APPEAL TO STATE BOARD

Plan all Sorts of Measures to Rid County of Osteopath and Determine to Make no Reports to His Office

Buzzing around the parlors of the Commercial club like hornets in their nest, the members of the Clackamas County Medical society laid plans and hatched plots last night to oust Dr. J. A. Van Brakle from the office of county health officer and declared that they would leave no stone unturned to remove from official position one who is not associated with them and do's not belong to their school.

Every sort of a threat from the demand that the state board of health interfere and oust the doctor to the ultimatum that, unless he immediately resign, the case will be carried into the supreme court of the state has been stretched to the limit to carry out a committee that will have charge of the forces in the field has been appointed and the work placed upon its shoulders. The committee is the board of strategy for the Clackamas County Medical society. In its hands will be placed the responsibility for every move that the society will make during its campaign against the osteopath.

Won't Recognize Him  
From now on, the local doctors will refuse to recognize Dr. Van Brakle as the county health officer. They regard it "as a direct slap at the profession". They will make no reports to him. They will ignore his position as collector of vital statistics. All reports on the health condition of the county will be forwarded directly to the state board of health. As far as the local doctors are concerned, he will not exist.

Not only that, but they plan to carry the fight before the state board of health. Petitions will be circulated among the people of the county and an effort made to have the state board declare the office vacant and invalidate the appointment that the county judge has made. Interference by the state authorities is threatened and the powers of the board will be stretched to the limit to carry out the program of the local doctors, if they have their way in the matter.

Turn Every Stone  
No stone will be left unturned to accomplish the down fall of the doctor who belongs to another school of medical practice from the members of the society. Even into the supreme court of the state will the case be carried and the test made of every feature of the law that gives promise of carrying out the designs of the members of the profession.

So great is the opposition of the regular doctors to the appointment of an osteopath that they plan to go to

### POLICE CHIEF QUILTS JOB AT GLADSTONE

William H. Miller, chief of police, has resigned his post at Gladstone because his duties as postmaster are too numerous to allow him to attend to the city business. Percy A. Cross, a patrolman, has been appointed in his place.

A mad dog that has terrified the neighborhood and had been running at large through the city was killed by Chief Miller as one of his last official acts.

### COURT TO BE ASKED FOR LIBRARY FUNDS

Effort was made some four years ago to start a library for Oregon City people. The effort was productive of results. The library grew until now it is housed in its own home on one of Oregon City's beautiful parks.

About a year ago the limits of book service were extended to take in all the small cities about Oregon City and recently the trustees decided that the service might be extended over the entire county, if the people will ask for it.

Under the law, the county court is authorized to levy for library purposes.

Every county in California and some in Oregon have already provided library service for the rural districts. From an educational standpoint there is nothing more valuable than a library. If one lives near at hand, books can be had by personal order; if on rural routes, delivery can be made by parcel post.

If one wants country library service without expense, petitions should be addressed to the county court asking that a levy for that purpose be included in the budget which must be made in December.

Blanche Ring and Harry Conroy are appearing in a musical comedy by Anne Caldwell, called "When Claudia Smiles".

Miss Florence Nash plans to star in a play called "The Little Striker" by Hurlbert Foster, a new playwright.

Mr. and Mrs. J. W. Cahon, formerly of this city, but now of Portland, were in this city Friday, renewing old acquaintances. Mr. Cahon was connected with the local mills as plumber when in this city.

This is the first visit for 14 years to this city and some of his old friends have not seen him since his former residence. Both are quite well known as Mr. Cahon is a member of the Woodmen of the World and his wife was prominent in church circles.

Mr. Cahon is now engaged in electrical business in Portland.

### BOY TAKES MONEY AND PLANS TO SHIP

Trusted with \$2750 with instructions to deposit it in the bank for the Fred Jacobs real estate firm of Portland, Louis Felbeham, 15 years of age, boarded a car for Oregon City, bought new clothes from some of the stores here, and paid his fare to San Francisco when he was captured by William Bell and turned over to Detective B. F. Smith of Portland.

The boy was on the point of taking the 9 o'clock train for San Francisco when he was arrested. He had bought the ticket and still had a good deal of the money on him when found. He spent about three hours in the city buying clothes with his new found wealth and making friends on the streets.

The firm had given him the money to place in the bank to its account. Instead, he took the next car to this city and planned to make his get away at 9 o'clock. The officers caught him just before the train arrived on its way to San Francisco and turned him over to the detective who took him back to Portland on the 11 o'clock car.

### COUNTY TAKES BID FOR MILE OF ROAD

Clackamas county has started a road campaign. The first contract, under the system, was let Friday when W. H. Connell was given the construction work of one mile of macadam along the River road out of Milwaukie.

The improvement of that mile will cost \$6720, under the terms of the contract. Other pieces of road are to be improved by the county cost as rapidly as the commissioners feel that there is enough money in the treasury for the work and that the improvement is justified.

The court has already authorized or declared its intention to authorize the construction of bridges over several of the streams running through the county.

Oliver Morosco is to produce "Help Wanted", a three-act drama by Jack Laif of Chicago.

Marie Batts, one of the original cast, is to appear in David Warfield's revival of "The Auctioneer".

### NATIVES MURDER TWO EXPLORERS IN FOREST

CHICAGO, Sept. 12.—William L. Page and Wilbur F. Croner, of Chicago, who were commissioned to explore the headwaters of the Amazon, are believed by relatives to have been slain by natives. Advice received today from the Peruvian government state that members of a search expedition found a group of Indians in possession of guns, baggage and other property.

The head of the relief expedition reported to the Peruvian government: "I believe that the Americans have been victims of foul play, as it seems impossible that they should have given up their arms and baggage while on a trip of this kind."

The last direct word received from the pair reached Chicago February 3. The letter was dated from Cajambamba.

The Americans attempted to lay out a trail between the old Inca cities of Chiquita and Pajaten over which the government planned to establish commercial connection between its Pacific coast ports and the Amazon region. When last heard from they were in the center of a district rarely visited by white men.

Douglas Fairbanks will soon be seen in a new comedy called "Something for Nothing".
