Presiding Officers of Court of Impeachment Which Will Try Governor Sulzer and Scene of the Trial.

Photo of Senator Wagner copyright, 1913, by American Press Association. Wide interest was manifested in the impeachment trial of Governor Sulzer of New York, scheduled to take place at the state capital, Albany, N. Y., on Sept. 18. The impeachment court consists of the state senate and the state court of appeals. Senator Robert F. Wagner, as president pro tem, of the senate, will preside, aided by Chief Justice E. M. Cullen, on left in the illustration. The trial will be held in the state senate chamber. The fight of Tammany Hall on Governor Sulzer has aroused the attention of the whole country.

WILLAMETTE Merritt Willson, Agent

The first meeting of the Willamette School Literary society will be held Friday, October 10. Those in charge of the organization are planning a program which will surpass any given last year, although that year was considered as being very successful. The students of the school are looking forward to the affair with much interest and it is thought that there will be a large attendance. Revival meetings are being held in the Willamette school house and there is a large and regular attendance. Herbert DeBok is visiting Canby on business. He will probably stay in that town for several days. James Christensen is building a fine new fence in front of the home of Mrs. Hall. Despite the fact that the winter months are near at hand and as a rule all the houses are occupied by this time of year, there are several vacant houses in Willamette. There are several families that may come to this town in the near future so the prospects are that in a few weeks most, if not all, the houses will be full. Miss Kathleen Harrison returned Tuesday from a week's visit with her sister, Evadne, at Willamette University, where the latter had entered as freshman. Miss Harrison reports Lorraine Hall (the girls' dormitories) as under the supervision of a new dean, and the management, as all that could be desired. All housekeepers and mothers should be interested in the pure milk show.

CITY WILL BE BAD PLACE FOR HOBOES

Chief Shaw says that he is going to make Oregon City a bad place for hoboos and he is going to make hoboos good for Oregon City. Beginning last Monday morning the city prisoners were put to work cleaning the streets, and already Sixth, seventh, Railroad streets and several of the alleys have been swept. The chief plans to make this experiment and it is expected that effective work can be done on the side streets by such methods.

FRANCHISE FOR ROAD PASSES FIRST POINT

The city council of Gladstone, has passed through its first reading the franchise of the Stephen Carver electric line that is planning to run through that city. At a meeting of the council, the franchise was read in the due course of the transaction of the business and was passed to its second reading. The line will follow the Southern Pacific track to the intersection of Arlington street and the county road and will then proceed to the Southern Pacific bridge where the company will probably erect its own structure. The plans of the road now include stops at Gladstone and the line has been surveyed through that point.

INCREASE MEAT SUPPLY

CHICAGO, Sept. 24.—Three resolutions designed to increase the production of meat were adopted by the American Meat Packers' association in convention today. The first calls to the attention of the secretary of Agriculture the "severe" regulations affecting the industry, the second requests a government appropriation for the education of livestock disease, and the third asks for direct government help in bringing about increased production.

GOVERNMENT BEGINS FIGHT ON PIPE LINES

WASHINGTON, Sept. 24.—The Federal government today began its fight in the United States supreme court to establish the constitutionality of the provision of the interstate commerce act making pipe lines common carriers. In his first brief as solicitor-general of the United States, John W. Davis vigorously assails the preliminary injunction issued on the ground of unconstitutionality by the commerce court, against the order of the Interstate Commerce Commission, directing pipe lines to file rate tariffs as common carriers. Control of pipe lines by large interests with power to compel small producers to sell their oil or wells to pipe line owners at the latter's price, is the source of a monopoly, which congress aimed to strike by opening the pipe lines to the reasonable and equitable use of all, contends the solicitor-general. "It is indisputably clear," he continues, "that the evil aimed at by congress in making pipe lines common carriers was the monopoly of the oil business by the Standard Oil company, a monopoly largely, if not chiefly, due to the ownership or control by that corporation of 90 per cent of the pipe lines." "It is idle to suggest," argued Mr. Davis, "that individual well owners or refiners ought to build pipe lines of their own. Every farmer might equally as well construct a railroad and every cottage have its private gas plant." The pipe lines against which the proceedings are directed are the Standard Oil company, Standard Oil company of Louisiana, the Ohio Oil company, the Prairie Oil and Gas company, the Uncle Sam Oil company and Robert D. Benson.

RESORT OWNERS PLAN TO REOPEN BARBARY COAST SAN FRANCISCO, Sept. 24.—Two score resort owners who gathered in secret conference last night decided to maintain the Barbary Coast even if it was found necessary to dispense with the sale of liquor and substitute soft drinks. The Police Commission's rule, which was adopted Monday night with the object of wiping out the Barbary Coast, is directed specifically against dancing in saloons and dance halls "where liquor is sold." Various plans for a continuance of the resorts were suggested at the meeting. They ranged from starting a movement for the recall of the entire city administration to a general exodus to the ocean beach, where dancing in the resorts continues unmolested. It was finally decided, however, to put the whole question in the hands of lawyers for analysis and the devising of ways to save the city's famed white way.

DOCTORS MUST MAKE REPORTS

(Continued from page 1) the law that requires reports from them as to the health conditions of the county, as well as a regular statement of vital statistics. The notifications have been sent to many of the physicians and already several reports have been received from doctors outside of the city. Those who refuse to abide by the provisions of the law, as the county health officer construes them, will be reported to the county and state authorities and an effort made to swing them into line at once. The court's appointee declares that he intends to do everything that the law requires him to do and to see that the other doctors follow his provisions as far as he is able to do so. Under the law, he cannot be removed from office except for cause and is entitled to five days' notice when it is contemplated and the right to be represented by counsel.

TESTIMONY IN BLACKMAIL CASE OFFERED BY DEFENSE

LOS ANGELES, Sept. 24.—W. H. Evans, a justice of the peace at Monrovia, Cal., called by the defense to testify concerning an alleged blackmailing plot against George H. Bixby, the Long Beach millionaire, was subjected to further cross examination today. When first placed on the stand yesterday, Evans detailed alleged attempts by Bixby and his attorneys to obtain money from him. Today he was asked concerning his visits there. He said he had gone to the place three or four times in two or three months. He stated he had met Emma J. Goodman, alias Josie Rosenberg, the former proprietress, who now is serving a year in the county jail, and Cleo Helen Barker, Bixby's principal accuser in the case on trial. "But I did not go to see the Rosenbergs or the Barker girl," he said. "I went there to see Myrtle Adair." Miss Adair was a witness for the prosecution who testified as to Bixby's visits. The defense announced that Octavius W. Morgan, an architect of Los Angeles, would take the stand to tell of alleged attempts to blackmail him and that the defendant himself probably would close the case for the defense late this afternoon. The pretties girls and babies in creation are at each of the Oregon fairs.

Stork Favors Month of September in the Boring Family

With eight children in the family, six of them have been born to Mr. and Mrs. Fred Gasser during the month of September. One of them arrived on the twenty third and one on the thirteenth, but the dates of their appearance does not change Mr. Gasser's belief in his luck. According to his statements in the office of the county clerk, his children were born September 23, 24, 25, two on the second, and one on December 13. The appearance of the children was dated on an average of three years apart. The record appeared in the naturalization papers that are filed in the office of the clerk in accordance with the ruling of the government that all persons who have taken out their first papers must complete the process before next Saturday or the government officers would contest the applications. A large number of persons who have taken out their papers have appeared before the clerk to finish the process through which they have to pass before they are full-fledged citizens of the United States. Many others are expected in the next few days as the last day on which this may be done is next Saturday. After that time, the government will make the securing of the papers a difficult matter for those who have started the process and will delay their receipt for sometime. Reports have shown that a large number all over the country have never finished the work and have been satisfied with the first step.

DISFIGURES HER FACE IN FIT OF RAGE

Christmas Eve was unlucky for Frances E. Loudon, because her husband, Robert F. Loudon, selected that night to disfigure her face, according to the complaint that was filed in the circuit court Wednesday. The wife asks for a divorce decree and charges her husband with acts of cruelty and inhuman treatment. He was cruel to her on more than one occasion, she says, and was often subject to violent fits of rage. She asks for \$500 alimony, paid at the rate of \$25 a month. They were married in Oregon, May 26, 1909.

BRIDE-ELECT GETS SURPRISE SHOWER

A surprise shower was given Miss Loretta Raber Monday evening at her home on Molalla avenue by her friends. Miss Raber will be married sometime in October to Thomas Tilmann. Those who were present are: Misses Iva Blumh, Hilda Forsburg, Veri Trimble, Harriet Forsburg, Lorraine Forsburg, Francis Curran, Helen Baker, Louise Webber, Leana Story, Alva Linton, Elve Linton, and Loretta Raber. The specific demands of those who want the party procedure changed, according to those chiefly interested in the movement here, are clearly embraced in the resolutions of the New York convention, namely, to allow states to determine the method of selecting their delegates to national conventions and to base the representation in conventions on the number of votes cast for the party candidates at previous elections.

REPUBLICANS FAVOR IDEA OF PARTY RULE REVISION

WASHINGTON, Sept. 24.—Republican leaders in Washington, identified from the first with the demand for a Republican National convention to express party rules and procedure, expressed strong approval today of the platform adopted yesterday by the New York Republican state convention. The Republican National executive committee, which last summer agreed to call the entire national committee "within 60 days after the adjournment of congress," is now being urged to take immediate action. The specific demands of those who want the party procedure changed, according to those chiefly interested in the movement here, are clearly embraced in the resolutions of the New York convention, namely, to allow states to determine the method of selecting their delegates to national conventions and to base the representation in conventions on the number of votes cast for the party candidates at previous elections.

NOBODY CAN TELL IF YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Remedy," thus avoiding a lot of muss. Some druggists make their own, but it isn't nearly so nice as "Weyth's." While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur you can tell, because it does it so naturally; so evenly; you just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight, and by morning all gray hairs have disappeared; after another application or two it will be restored to its natural color, and be even more glossy, soft and luxuriant than ever. Local druggists say they are selling lots of "Weyth's Sage and Sulphur"; it surely helps folks appear years younger. HUNTERLY BROS. CO.

Ruggist Says When Mixed With Sulphur Prevents Dandruff and Falling Hair.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation in your hair's fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Weyth's Sage and Sulphur Hair
