OREGON CITY, OREGON, SATURDAY, SEPTEMBER 27, 1913.

PER WEEK, TEN CENTS.

## FUN AND FRIVOLITY DOMINATE COUNTY FAIR

### CROWDS BREAK ALL RECORDS

MOLALLA DAY BRINGS IN THE  
POPULATION OF WHOLE  
TOWNS TO SHOW

### STOCK PARADE BEGINS THE EVENTS

Grand Display of High-Grade Animals  
Attracts Throngs and Holds  
Attention of Crowds—  
Today's Program

CANBY, Ore., Sept. 26.—(Special to  
The Enterprise)—All day long, from  
the stock parade at 10 o'clock in the  
morning, until the last train left the  
grounds at night, the 3500 who visited  
the Clackamas County fair to-  
day—Molalla day—passed from fea-  
ture to feature, from exhibit to ex-  
hibit, until the day slipped by almost  
without the knowledge of the flight of  
time.

Today was Molalla day and two  
great special trains were run from  
that town to Canby over the new rails  
of the P., E. & E. Those acquainted  
in that section say that fully two-  
thirds of the visitors were from the  
Redland and Molalla sections.

M. J. Lee, the secretary of the fair  
association, reported that all records  
were broken in attendance. More than  
3500 visitors passed the gates. This  
is more than double the crowd on  
opening day and excels, by far, all  
records of previous seasons.

Stock Parades Starts Day.  
At 10 o'clock this morning the day  
started with the grand stock parade,  
which passed from the town through  
the admiring crowd, around the  
grounds and back to the stalls. The  
stock is considered the best in the  
county and representative of the best  
in the state.

From 11 o'clock until 1:30 o'clock  
an opportunity was given the hungry  
mass of people to eat. Some went to  
the Elks' barbecue, some to the cat-  
eteria, which is conducted by the ladies  
of the Canby Methodist church, while  
hundreds of others retired to the beau-  
tiful shady grove next to the grounds  
and ate luncheons prepared at home.

Racing Events.  
The races started at 1:30 o'clock  
and continued until late in the after-  
noon. First came the horse races  
with all the romantic feeling and the

quicking of the pulse that goes with  
them. And then came the motorcycle  
races where the remarkable time for  
two miles of 3:04 was made by "Salt"  
Marsh.

Ball Game.  
After the races there was an excit-  
ing and close baseball game between  
Molalla and Canby teams with the  
result that the victor won to the tune  
of six to seven.

No time all day did the music stop;  
from the morning until late at night  
there was the continuous blare of the  
bands, of the thrilling music of the  
war veterans' life and drum corps  
while the merry-go-round never ceased  
except to let on and off the crowds  
of merry-makers. The Redland and  
Molalla bands, stationed in the band  
stand and grandstand, respectively,  
played almost without stopping. There  
was some surprise expressed concern-  
ing the color of the uniform of the  
Redland band some saying that it  
would be red. However, all prophets  
were mistaken as the uniforms were  
a decided blue. The players explained  
that while in the grounds of a blue-  
ribbon fair, they should wear blue.

Home Firms Win.  
There are a number of Oregon City  
firms among the prize winners in the  
big display building. The Western  
Stock Journal booth, in charge of Miss  
Nan Cochran, won first prize as the  
most original of all the displays. L.  
Adams took first as having the best  
working exhibit, in his display of the  
manufacture of Daughters shoes. Dan-  
non captured second prize because of  
the artistic qualities of his booth.

Visitors from Molalla were particu-  
larly interested in the juvenile dis-  
play, on the second floor of the main  
pavilion, and presided over by Mrs.  
M. C. Young. Mrs. Young has been  
particularly successful in keeping her  
display in the best of form, and has  
from day to day rearranged the dis-  
plays, so as to present all subjects in  
her department with equal promi-  
nence. Mrs. Young has general charge  
over the entire second floor exhibits,  
and the excellence of all displays in  
her department is proof of her deep  
interest and executive ability.

Announcement of Prizes.  
Awards of prizes in the juvenile and  
textile departments were made Thurs-  
day and Friday, and will be tabulated  
in time for announcement Saturday,  
which is to be known as "Juvenile  
Day" at the fair. All children under  
14 will be admitted free on this day,  
and it is expected that there will be  
a host of youngsters on hand to see  
what success they have had with their  
displays, and to gloat over the prizes  
awarded them by the judges.

Biggest Yet.  
Saturday, which will be the closing  
day of the fair, promises to be the  
biggest day of all. Among the novelt-  
ies scheduled for then are a eugen-

(Continued on Page 3.)

## Rebel Track Wreckers Delayed Americans' Flight From Mexico

Photos by American Press Association.

AMERICANS in Mexico found it difficult in some parts of that revolution-  
ized country to flee to Vera Cruz, El Paso and other points in accord-  
ance with President Wilson's advice. They encountered delay because  
of the damage done to the railroad traffic by the rebels. Bridges were  
dynamited and burned and tracks were ripped up by rebel bands of track  
wreckers. These pictures tell the story better than words. They show graph-  
ically the style of warfare being waged in Mexico. In the band of wreckers  
shown here there is a vivandiere named Juanita, who travels with the rebels  
fully armed and takes part in the fighting in case of discovery.

## "SOAKS" PIANO FOR BOOZE; ASKS DECREE

Because he "soaked" the piano for  
liquor and came home in an intoxica-  
tion condition several nights, Evalyn  
F. Canada has applied to the circuit  
court for a divorce decree from her  
husband, Carl J. Canada.  
She recites, in the complaint, that  
her husband was addicted to the ex-  
treme use of liquor, and that, when  
under its influence, he beat her sev-  
eral times during their married life.  
She says that he spent the money that  
he earned for the stuff and that he  
failed to provide the common neces-  
saries of life.  
They were married at Terra Haute,  
Indiana, September 5, 1908, and have  
one child, Sarah Nellie Canada, five  
years of age.

Today is the second collection  
day under the new carrier sys-  
tem. The plan has been tried  
enough to show its usefulness  
and will become permanent, or at  
least will be used until some de-  
cidedly better plan is worked out.  
The boys will call on all who  
are not paid in advance to col-  
lect. You would save yourself  
and the carrier much time and  
trouble if you would have the ten  
cents ready.

## New Gladstone Home

\$650 ON TIME  
Choice of 15 lots  
50x100 feet; \$50 down,  
\$50 when cottage com-  
pleted, 24x28 feet front  
and rear porches;  
closets, pantry, bath  
room, attic, etc., all  
finished throughout—  
balance like rent.  
Choose a lot early  
and get cottage before  
winter begins. Call  
any time except Sun-  
days. Phones Main:  
79; 1834, B-35.

## HENRY AN OFFSHOOT OF OLD CAYUSE TRIBE

PENDLETON, Ore., Sept. 26.—That  
Chief Yelkis, known as "Indian Hen-  
ry," the last of the Molallas, whose  
body was found this week near Mo-  
lalla, was really the last of one branch  
of the Cayuse tribe, is the statement  
of Mayor Lee Moorhouse, local histor-  
ian, who holds that all northwest eth-  
nologists will concur in the statement.  
The Molallas, instead of being an in-  
dividual tribe, were really an offshoot  
of the Cayuse tribe now living upon  
the Umatilla reservation, he says, and  
are the only Indians who preserved  
the old Cayuse tongue in its purity.  
"Many years ago," said the mayor  
in speaking of the death of the old  
Indian, "the Cayuses and Snakes  
fought a bloody battle near the pre-  
sent site of the town of Umatilla. The  
Snakes were victorious and scattered  
their enemies." One band headed west  
with the Snakes in pursuit, and the  
chase continued until the fugitives  
were across the Cascades. There they  
settled in the Molalla valley, and never  
returned to their tribesmen. The  
other Cayuses remained here, and,  
through their close association with  
other tribes, lost their native tongue  
and gradually adopted what is known  
as the Nez Perce Walla Walla lan-  
guage.  
"The Willamette valley branch,  
which came to be known as the Mo-  
lalla tribe, however, kept their tongue  
and preserved it to the last."

## LIVING COST JUMPS UP A FEW NOTCHES

WASHINGTON, Sept. 26.—Uncle  
Sam is authority today for an an-  
nouncement that the cost of living is  
increasing, and gives figures and other  
facts to back up the assertion. The  
report is comprised in a volume issued  
by the bureau of labor statistics, facts  
having been gathered by experts from  
neighborhood stores in 39 industrial  
cities since last April. These figures  
were compared with figures secured  
by the same bureau from 1890 to 1899  
and show the following percentages of  
increase in prices of products:  
Sirloin steak ..... 72.6  
Round steak ..... 95.1  
Rib steak ..... 73.4  
Pork chops ..... 118.0  
Bacon ..... 122.9  
Ham ..... 78.1  
Lard ..... 66.8  
Hens ..... 79.7  
Flour ..... 27.2  
Corn meal ..... 55.4  
Eggs ..... 26.4  
Butter ..... 61.3  
Milk ..... 39.2  
The only decline is reported in sug-  
ar, which decreased 7.3 per cent.  
Increases reported from April 15,  
1912, to April 15, 1913, follow:  
Sirloin steak ..... 17.6  
Ribs ..... 15.3  
Bacon ..... 17.2  
Lard ..... 14.6  
Butter ..... 8.7  
Round steak ..... 19.0  
Pork chops ..... 17.5  
Hams ..... 14.7  
Hens ..... 9.8  
Milk ..... 4.9  
Flour, potatoes, corn meal and sug-  
ar have declined during the past year,  
but the prices of anthracite and bitu-  
minous coal have increased about 10  
per cent.

## REFEREE SELLS FOUR STOCKS

PROPERTY OF BARDE & LEVITT  
CHANGES HANDS UNDER  
HAMMER SALE

## PORTLAND MAN HAS HIGHEST BID

Offer for Entire Lot is Lower Than  
Those Made Separately and  
Best Price Gets the  
Lots on Shelves

L. E. Karo, of Portland, has bought  
for \$16,260, the entire Oregon City  
stock of Barde & Levitt and will begin  
at once to put into operation a great  
advertising campaign and sale for the  
disposal of the goods. Mr. Levitt will  
remain in the store during the dis-  
posal of the stock and will assist in  
the sale that they have planned to be-  
gin in the next few days.

The stock was bought at the bank-  
ruptcy sale from B. N. Hicks, referee  
in bankruptcy, at the same time that  
the three other stores of the corpora-  
tion were sold. The total value of  
the four stocks, \$48,247.12, is divided  
as follows: Salem, D. Sondheim, \$13-  
690; Corvallis, Matt Mosgrove, \$12-  
370.50; Hood River, M. Bloom, \$3,935-  
62; and L. E. Karo, Oregon City, \$16-  
260.

The total of the bid for the stock  
of the four stores was that of Baron  
& Fulop of \$47,109. As the total of  
the four bids exceeded that of the  
single one, the referee ordered that  
the stock be sold to the different bid-  
ders, which was done.

The bidders for the stock of the  
Oregon City store were: L. E. Karo,  
\$16,260; Matt Mosgrove, \$15,832.00;  
Ben Selling, \$14,590. The highest bid  
took the property.

Within the next few days, the own-  
ers will place the stock on sale for  
final disposal and will clean it out of  
the shelves. Mr. Levitt will be in the  
store to assist the new owner and will  
co-operate with him while the sale is  
in progress and the shelves cleaned  
of the old stock.

Shortage of capital at a critical  
time is thought to be responsible for  
the failure of the firm and its declar-  
ation of insolvency.

Thomas F. Ryan, an assistant in the  
office of the state treasurer at Salem,  
was in Oregon City Friday on a visit  
with his friends here.

## ALARM CLANGS AT FIRST FIRE

NEW SYSTEM STANDS TEST AT  
BLAZE WEDNESDAY, CALL-  
ING OUT AID

## CITY IS DIVIDED INTO WARDS

Districts Are Numbered and Cards  
Will be Printed and Sent to  
Every Home—Are to  
be Tacked Up.

The new fire alarm system is com-  
pleted, the first real alarm has been  
turned in, and cards of information  
are being prepared which give instruc-  
tions and information to be used in  
case of fire.

The first fire since the installing of  
the new boxes was the burning of the  
frame building on the east side of  
Main street between Fourth and Fifth  
Wednesday afternoon, and the effi-  
ciency of the new system was shown.

Under this plan each telephone is  
as effective as a direct box. All that  
is necessary is to tell central the  
name, address, and fire ward and she-  
rings in the alarm.

One feature that meets with some  
little opposition is the test rings at  
nine in the morning. It is said that  
in case of a real fire at that time in  
the morning it would be almost impos-  
sible to summon the department as its  
members would think the ringing  
merely a test.

The fire wards are:  
Ward 14—From Hawley mill north  
to 6th street, and from railroad west  
to river. Signal 14.

Ward 15—From 6th street north to  
11th and Railroad, west to river. Sig-  
nal 15.

Ward 32. From Railroad avenue  
west to river and 11th street, north to  
city limits. Signal 32.

Ward 24—From city limits on the  
south to 4th street and from the bluff  
east to J. Q. Adams. Signal 24.

Ward 16. From 4th street north to  
11th street, and from the bluff east  
to Harrison street. Signal 16.

Ward 43—11th street north to city  
limits and from the railroad east to  
city limits including all of Kansas  
City. Signal 43.

Ward 27—All of Falls View. Sig-  
nal 27.

Ward 33—All of Ellyville. Signal 33.  
General Alarm for all departments;  
signal 54.  
Every morning at 9 o'clock there  
will be a test signal of three rings.

## RUSH WORK ON PLANT AT MINE

PRODUCTION OUTLOOK BETTER  
THAN IN SOMETIME AND  
WILL BE PUSHED

## NEW MILLS ARE BEING INSTALLED

Part of Machinery is Already on the  
Ground While More is on the  
Way to Site of the Mine  
—150 Tons Daily

J. B. Fairclough, president and gen-  
eral manager of the Ogle Mining com-  
pany, has just returned from the com-  
pany's mine and reports that condi-  
tions are such that the plant will be  
completed and in full swing sometime  
in the first part of December.

The company is composed almost  
entirely of Oregon City men, and has  
its head offices here.

A power plant, cyanide plant and  
tube mill are being installed, the first  
two being already on the ground,  
while the latter is being transferred  
from the railroad. The machinery  
was unloaded at Mount Angel and taken  
the 39 miles over the rough moun-  
tain roads to the mine by 13 span  
of horse and a gang of 17 men. When  
completed the plant will have a capa-  
city of from 100 tons to 150 tons daily.

## BEAVERS ARE LICKED
