OREGON CITY—Rain; south-westerly winds.  
Oregon and Washington—Rain; high southwesterly winds along the coast and brisk southerly winds in the interior.  
Idaho—Rain; south winds.

Speak your mind if you must, but mind how you speak.

VOL. VI.—No. 82.

OREGON CITY, OREGON, TUESDAY, OCTOBER 7, 1913.

PER WEEK, TEN CENTS.

## BIRDS FLY AND SHOTS HIT MAN

### BROTHER-IN-LAWS ON HUNT SEPARATED AND ONE FIRES AT OTHER

## ARM AND SIDE ARE PEPPERED

### Forty-five Take Effect But Wounds Are Not Thought Dangerous by Doctor—Fog Helps Muddle Matters

With 45 shots in his left arm, and his leg, shoulder, and left side well peppered with wounds, William Criteser, of Willamette, is in the Oregon City hospital as the result of a hunting trip with his brother-in-law near Rock Island Sunday morning.

They had planned for Criteser to walk up the shore while the other was to go up in a boat. When the two came opposite Rock Island they were to meet and hunt together.

It appears that Criteser arrived at the appointed place first and was waiting for his partner, when the latter, approaching his brother-in-law through the brush and fog, scared up several birds and fired. The shots cut through the underbrush and hit Criteser, who was about 50 feet away.

The wounded man was taken across the river in a row boat and then down to this city in a buggy where he was placed in a hospital.

He is a resident of Willamette and is about 27 years of age. Although at first it was thought that the accident would result fatally or at least that his arm would be amputated, Doctor Meissner is of the opinion that the arm can be saved and that the man can go home in a week or so.

## MYSTERIOUS PROHIBITION GATHER TO SCHEME

Mystery surrounds the movements of the dries in Oregon City.

Though the forces gather in the Presbyterian church for their meetings at least once a week and the committees have been at work for several days on their campaign plans, not a single one of the leaders ever has an idea of what those plans may be or what action any of the workers will take for the promotion of the interests of the faction.

Monday night another one of these mysterious meetings was held in the church. The clans gathered for their weekly conference and plans were brewed. Yet, after it was all over, none of the leaders of the movement could remember a thing that happened there nor could any of them give the slightest hint as to the movements that the faction planned to make during the coming weeks.

At the same time, "things are doing" in the camp of the pros this week. They are scheming for the victory at the polls next month. Just what those schemes are yet remains one of the secrets of the dry organization in the city and one of the political mysteries of the campaign.

## ZULU PRINCE TAKES YEAR AT HARVARD

CAMBRIDGE, Mass., Oct. 6.—A Zulu Prince, an ex-president's son, and an Indian and several millionaires make the entering freshman class at Harvard more interesting if not larger than classes of former years.

There is Archie Roosevelt, second son of the colonel, living on the Gold Coast, in Claverly Hall, where his older brother, Kermit, lived.

Prince P. G. Wolo, of Zululand, has not come here with a pension from his Royal government, but is to earn money as other Harvard students have earned it—waiting at table in Foxcroft Hall.

W. T. Juraaj, of Southern India, represents Asia in this class. He is an Indian, studying here, and is rooming in the most democratic of the college dormitories.

## LIVE WIRES HAVE MANY NEW SCHEMES

The Live Wires will have their regular weekly meeting in the rooms of the Commercial club at noon today to talk over some of the problems of civic welfare that are to be presented by the officers of the club.

Besides a big feed, the Wires have some schemes that are scheduled to be discussed at this meeting and several matters of general importance are to be threshed out. Committees are already working on several features looking to civic betterment and may have their reports ready to submit at this time.

### DEDICATE SCHOOLHOUSE

SPRINGBROOK, Ore., Oct. 6.—Springbrook dedicated its new schoolhouse Friday night by giving an ice cream social, and a short program was given before the ice cream was served. President Pennington, of Pacific College, Newberg, delivered a short address. The new auditorium, which has a seating capacity of 250 was used. The room was well filled. The district voted \$5000 for building and grounds, and now school begins today in the new structure, with Miss Kelso as principal.

## WRIGHT GUILTY VERDICT OF JURY

### JURY ASKS COURT TO GRANT PAROLE AFTER PASSING SENTENCE

## GIRL MYSTERIOUSLY DISAPPEARS

### Leaves Home When Sheriffs Start After Her and Eludes Their Pursuit—Said He Did Not Remember

In spite of the fact that Elsie Utiger the woman in the case, disappeared in order to protect him, Charles Wright was convicted in the circuit court Monday night on an indictment charging assault with intent to kill.

Though the deputies of the county hunted for several days to find her, the woman has mysteriously disappeared and they have been unable to locate her anywhere. A few days ago the sheriff received the subpoena and began the search. He discovered that the girl had left her home immediately after the papers had been issued and that none of her friends knew where she had gone.

Wright is said to have shot at the woman as she was going to her home in Oak Grove, but refused to testify against him. He now declares that he knew nothing of the incident and that the first he remembers is that he awoke that next morning in the city jail.

The fact that the jury recommended to the court that the man be paroled immediately after he was sentenced is taken by the attorneys for the defense as a victory for them. The jury first asked the court whether such a verdict would be considered and, after securing approval, rendered its decision.

Livy Stipp prosecuted the case while B. N. Hicks and E. O. Eby were on the defense. The sentence will be passed Thursday morning.

## BOOSTERS TO FILL AIR WITH SMOKE

The members of the Commercial club are planning a smoker to be held during the last of October or the first of November.

It will be the first of the winter season. The regular custom of the club is to have a number of them during the year. As a rule every effort is made to make them alive with unique features.

## WILSON VISITS BOY HIS MACHINE HIT

WASHINGTON, Oct. 6.—President Wilson went to a hospital yesterday and visited Robert Crawford, the 15-year-old messenger boy who was struck by the president's automobile Saturday. The president sat at the boy's bedside while the youngster told how he was trying to dodge stones thrown at him by another boy and turned his bicycle in front of the automobile without seeing it.

"I did not know you were in the machine," he said. He showed Mr. Wilson his injured ankle and bruised knee. "I'll be all right in a few days," he said. "I had better be, or I'll lose my job."

The president reassured him that folks did not usually lose their jobs when they met with accidents, and not to worry about it. The little fellow beamed with joy at the president's visit, introduced Mr. Wilson to some of the patients about him and thanked him for his visit with tears in his eyes.

## A Bit of the Panama-Pacific Exposition In The Making; Skeletons of Iron Rise Quickly.

This picture shows a bit of the Panama-Pacific exposition in the making. Visitors to California this coming winter who go to San Francisco will see such huge iron skeletons against the sky, like mammoth mastodons of historic times. This is the central arch of the Manufacturers' building, which will be the largest of the exposition group. Its great spans rise over 125 feet above the ground. When the exposition opens Jan. 1, 1915, this building will be one of the most interesting of the fair.

## CANNED FRUIT GOT HIM INTO TROUBLE

Edward Mayes was locked in the county jail Monday night by Constable Jack Frost and turned over to the custody of Sheriff E. T. Mass on the charge of the theft of three jars of fruit from a cellar at Clackamas siding.

The man was arrested in Portland where he was held by the city detectives awaiting the arrival of the Clackamas county officers.

### DIVORCES GRANTED

Judge J. U. Campbell in the circuit court Monday granted the applications for divorce for Charles Quinting against Dollie Quinting, Nettie Payer against Frank Payer, and Lena Leota Huff against John Edgar Huff.

## BOLD HUNTERS GET BAG OF PHEASANTS

Henry C. Edwards, Ed Pemperine, and W. S. Wistrand have systematized their hunting expeditions until they scheme to corner the game and let Edwards sit on the fence and shoot the birds as they flutter past.

On the trip from which they have just returned, the three managed to get the pheasant limit by scattering through the brush and leaving Edwards on a farmer's fence to shoot the birds on the wing. The men spent Sunday on the Pemperine piece where they located a number of pheasants and other game birds.

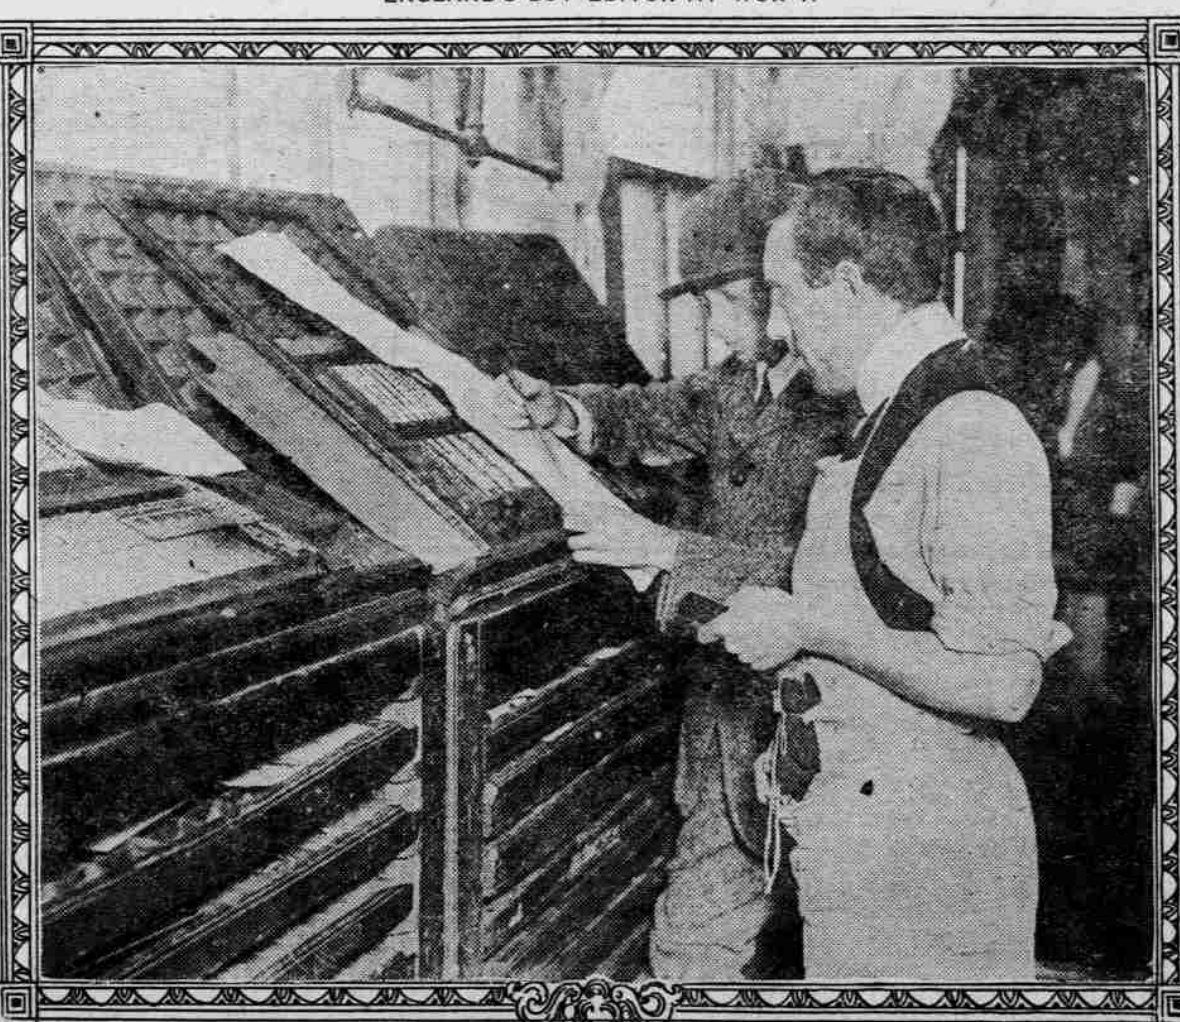

## AUTO PARTY MAKES LONG TRIP; HAS FUN

Mr. and Mrs. G. V. Ely, accompanied by Mr. and Mrs. William Rainey, have returned from an auto and hunting tour down the Willamette valley as far south as Jefferson.

The party left the first of last week and returned the last of the week. They report a pleasant trip with plenty of game. On their return trip they visited Salem, Silverton, and Mt. Angel.

### MARRIAGE LICENSE

Will L. Mulvey county clerk, issued a marriage license Monday to Harry L. Cunningham and Iva E. Walters.

The pride of Teignmouth, England, is a boy named Toaser, who edits the Barnpark Budget, a newspaper which has reached a circulation of 300 in five weeks. In a recent issue, young Toaser offered a prize to readers who could find a "glaring misprint" in his paper. As it happened, that edition possessed one, and the young editor was deluged with claims for the prize. As many persons read each issue of his paper the number of claimants for the prize was far greater than his subscription list. He serves as editor, compositor, proof-reader, "devil," and collector. He frankly admits that the latter job is the hardest he fills. He is shown here correcting proofs determined, no doubt that the subscribers shall not put over another "glaring misprint" coup on him.

## DANCING CLUB CLOSES SEASON

### WILLAMETTE ORGANIZATION PLANS FOR ITS LAST SOCIAL AFFAIR

## BUSINESS MEN GO TO PORTLAND

### Attend Banquet of Society and Will Listen to Addresses—Lodge Has Pleasant Meeting—Visitors Return

(By Meta Finley Thayer)

Elaborate preparations are being made by the Willamette Dancing club for its closing party of the 1913-14 season which will be held October 30. If the attendance and interest are sufficiently encouraging, the members plan to reorganize for next season. The Willamette club's parties are among the most enjoyable events of Oregon City's social life and it is not probable that the club will be disbanded on account of lack of appreciation.

About 25 of Oregon City's representative business men will attend the banquet of the Oregon Social Hygiene society to be held at the Portland hotel this evening.

The local lodge of Foresters of America held a pleasant social meeting at their lodge rooms Thursday evening. A large number attended.

Mr. and Mrs. Charles R. Griffith (Miss Laura Pope) returned Sunday from Nome, where they spent the summer. Mr. Griffith has mining interests in Alaska.

Mr. and Mrs. A. L. Price are being showered with congratulations upon the birth of a daughter who arrived Sunday noon. The little one will be known as Beatrice Eleanor.

Mr. and Mrs. Earl C. Latourette returned yesterday from a week-end visit with friends in Eugene. Miss Hardy accompanied them to Eugene and will remain for some time as the guest of her brother.

## CLUB SIGNS LEASE FOR NEW BUILDING

The board of governors of the Commercial club held its regular monthly meeting Monday night at which matters pertaining to the erection of their new building were settled.

Papers for the leasing of the building at the corner of Eighth and Main streets, to be known as the Commercial Club building from the Mt. Hood Brewing company were signed. Arrangements had been reached before and the details had been settled, but it was not till Monday night that the final papers were signed.

The plans call for a building which will be modern in every respect; not only as a business building, but also for club purposes. The exterior will be finished in the finest materials obtainable and the same care to detail will also apply to the interior.

The second floor, which will contain the club rooms, will have three general divisions: the parlor, the club room, and the dining room with the kitchen. Besides these there will be cloak and committee rooms. The club room will contain billiard tables and every convenience that will tend toward completeness and comfort. The dining room and kitchen will also be the last word in up-to-date arrangements and finish.

The building will be ready by January if present plans are carried out. The clubmen are working out ideas now for their big "blow out" which will celebrate the opening on New Year's night.

The more a woman talks the more anxious her husband is to turn off the gas.

Polish girls make a specialty of breaking hearts, wise girls run repair shops.

If a man has trouble and goes to a woman for sympathy he is lucky if he doesn't acquire more.

## APOPLEXY FATAL TO OLD RESIDENT

### COMES HOME FROM WORK AND DROPS DEAD IN PRESENCE OF HIS FAMILY

## WAS AN OREGONIAN FOR 25 YEARS

### Belonged to Woodmen of the World and Was Active Member of Local Lodge—Death a Surprise

Edmond Lawrence Batdorf, for 25 years a resident of West Linn and one of the best known persons in this home Monday afternoon about one o'clock from a stroke of apoplexy.

Mr. Batdorf was born 53 years ago in Ohio, and came to Oregon when 28 years old where he has lived continuously ever since. He has always been an active citizen in his adopted state. His death was a surprise and shock to all his many friends. He had not complained of feeling ill and had just home from work, when suddenly he dropped to the floor and was dead within a few minutes.

He leaves a widow and six children, all residents of this county. His children are: Berly Batdorf, Mrs. Arthur Williams, Glen Batdorf, Inez Batdorf, and Leland Batdorf.

He was a member of the local order of the Woodmen of the World, and services will be conducted by them at the grave. He will be buried Wednesday at 2 o'clock in the Mountain View cemetery. The services will probably be conducted at the Baptist church.

## MASONS ASSIST AT MASON'S FUNERAL

J. W. Armstrong, one of the pioneer members of the local lodge of Masons was buried Monday afternoon at the Mountain View cemetery, his body having been brought from Everett, Washington, by his son.

Mr. Armstrong was a member of the Everett lodge of Masons, but shortly before his death expressed the wish that his body be shipped to Oregon City and buried beside his wife.

Although he was one of the pioneers of the order in this part of the state, few of the present Masons were personally acquainted with him. He was about 80 years of age.

The pallbearers were: Henry Templeton, Erwin Hackett, Fred Greenman, Albert Greenman, Robert Wilson, and William Howell.

### NO GAME

No games scheduled yesterday, travelling day.

Coast League Standings

Portland	100	74	575
Venice	98	91	519
Sacramento	92	87	513
San Francisco	92	95	483
Los Angeles	89	97	479
Oakland	81	108	429

He is a sensible man who doesn't want what he can't have. Getting a husband is an art, but keeping him is a science.

When a man refers to a meat market as a morgue he's a vegetarian.
