## **REPUBLICANS SIFT** TARIFF WONT CUT PLANS FOR PEACE THE COST OF LIVING

LONDON, Oct. 6 .- The Daily Mail in an editorial this morning, thinks that both the American people, who anticipate a reduction in the cost of living from the new tariff and British manufacturers who imagine that it will open fresh and profitable markets about the holding of a National redisappointed because customs duties are only one of the complex factors affecting prices and the duties still will be generally high enough to preserve the bulk of the home market to American manufacturers.

'The passage of the bill, however,' adds the paper, "has rescued the na-tional fiscal policy from the grip of privilege and proves that at times the people really do rule."

The morning papers, commenting on the signing of the tariff bill, take pains to explain as the Morning Post phrases it, "that it is absurd to pretend that the democratic policy has any connection with the tenets of Cobdenism," but are in full agreement with the liberal organs in ascribing the success of the passage of the bill to the skill of President Wilson.

The Post expresses apprehension that President Wilson's very scheme may be dangerous for the democratparty, since it may lead him to drive the democratic legislators too hard, and thereby provoke a temper would destroy the good under standing between himself and con gress.

The Daily Telegraph says:

"President Wilson has played a win ning game with a force and brilliancy which has won for him a reputation more solid than any popularity enjoyed by an American statesman for 50 years past.

The Daily News says:

"America is today practically a free trade country. There has been no this afternoon to reopen their case and call Allan A. Ryan, D. V. Mc able with this event since Peel abolished corn laws. This revolution is the biggest thing that has happened for America since 1865, and in President Wilson America has produced the most courcageous as well as the most constructive statesman in the world today."

#### POLICE BELIEVE SPENCER EXAGGERATES CONFESSION

### PROSECUTION ASKS CHANCE TO REOPEN SULZER CASE

ALBANY, N. Y., Oct. 6 .- The prosecution in the impeachment trial of Goverrnor Sulzer asked permission and call Allan A. Ryan, D. V. Mc-Glone and two other witnesses. The defense objected strenuously to the motion, but Chief Justice Cullen. presiding at the trial, said he thought the case ought to be reopened. Attorney D. Cady Herrick, for Sul-

zer, demanded the right to argue the question and this was granted and Herrick began to assail the good faith of the prosecution. His objections were overruled. D. V. McGlone, Thomas F. Ryan's

private secretay, testified that, on Allan Ryan's behalf, he gave Sulzer \$10,-000 in cash.

Allan Ryan swore that Sulzer asked him to visit Washington in an effort to induce Senator Elihu Root to urge upon William Barnes, Jr., the desirability of having republican state senat ors at Albany vote against the legality of the impeachment proceedings. After his statement had been spread up-
