CHURCH CHOIR HAS NEW DIRECTOR

Camp Fire Girls Hold First Session and Devise Plans—Baptists Install Officers—Mrs. Mount Entertains

(By Meta Finley Thayer)

The music committee and members of the Methodist Episcopal church of this city consider themselves exceedingly fortunate in securing the services of Mrs. Nieta Barlow Lawrence as choir director for the season 1913-14. Mrs. Lawrence met the members of the choir in rehearsal Friday evening when organization was completed and plans for the coming year discussed. It is the intention to give a sacred concert on the last Sunday of each month, and with the cooperation of the 35 members who met Friday evening, to later give several oratorios and cantatas.

Mrs. Lawrence is experienced in choral work and is the possessor of a contralto voice of rare depth and color.

The choir members who will assist Mrs. Lawrence, beginning this morning are:

Soprano—Miss Wilma Myers, Miss Belle Gray, Miss Maud Warner, Miss Elva Blanchard, Miss Eleanor Williams, Miss Molly Rose, Miss Ivy Ford, Miss Myrtle Cross, Miss Geneva Young, Mrs. W. E. Nason, Mrs. Angus Matheson, Mrs. D. C. Robbins, Mrs. John Read, Mrs. C. I. Stafford.
Alto—Miss Myrtle Anderson, Miss Hazel Walling, Miss Nell Swafford, Miss Alice Bailey, Miss Ola E. Mickey, Mrs. W. E. Johnson, Mrs. Edna Miller, Mrs. R. B. Cox.
Bassos—B. N. Hicks, E. M. Bond, A. Conover, Ellis P. Frink, Arch Ross, R. B. Cox.

Tenors—C. I. Stafford, W. H. Van Wey, H. A. Swafford.
Organist—Sadie Ford.
Director—Mrs. Nieta Barlow Lawrence.

The Lowitt Campfire Girls held their first meeting Friday evening at the home of the guardian, Mrs. Murray C. Brunn of Center street.

The Girls' Campfire club is a national organization, and the Lowitt club have the distinction of being the first to organize in this locality. The members are all very enthusiastic and are making many interesting plans. The following compose the present membership:

Marlan White, Dorothy Hodges, May Hinchman, Freda Martin, Esther Harris Evangelina Dye, Virginia Shaw, Myrtle Buchanan, Genevieve Jones, Norma Holman.

The B. Y. P. U. of the First Baptist church installed the following officers Friday evening:

President, Leo S. Burdon; 1st vice-president, Daisy Coulson; 2nd vice-president, Genevieve Capen; 3rd vice-president, Onza Renner; advisor, Dr. Kenneth Latourette; recording secretary, Bernice Buckles; corresponding secretary, Effie Dillman; treasurer, George Edwards.

The new officers will assume their duties, for the first time at the meeting to be held this evening.

Mrs. Hugh S. Mount entertained the Auction Bridge club yesterday afternoon with a delightful bridge-tee at which Miss Mary Barlow was the guest of honor.

The reception hall was decorated with yellow marigolds in brown jars and yellow and brown autumn leaves. The ceiling of the large living room was festooned with ivy and white cloths, while clusters of mountain ash in Indian baskets gave a brilliant touch of color.

Seven tables of auction bridge were played, the guest prize being won by Mrs. Allan Ellsworth and the club prize by Mrs. Elmer A. Chapman. Later several friends of the guest of honor came in for tea. Those enjoying Mrs. Mount's hospitality were: Miss Mary Barlow, Mrs. E. E. Brodie, Mrs. E. A. Chapman, Mrs. O. W. Eastham, Mrs. Geo. A. Harding, Mrs. C. G. Huntley, Mrs. Linn E. Jones, Mrs. M. D. Latourette, Mrs. Nieta Barlow Lawrence, Mrs. J. B. Lewthwaite, Mrs. L. A. Morrie, Mrs. L. L. Porter, Mrs. W. E. Pratt, Mrs. W. S. U'Ren, Mrs. H. E. Straight, Mrs. C. H. Meissner, Miss Meissner, Mrs. J. Nelson Wisner, Mrs. Wm. R. Logus, Mrs. Earle C. Latourette, Mrs. C. D. Latourette, Mrs. C. Mont, Mrs. J. E. Hodges, Miss Mina Kelly, Miss Barclay, Miss Peel, Mrs. Ralph Clark, Mrs. Wm. Nason, Mrs. Elkerkin, Mrs. E. A. Sommer, Mrs. Allan Ellsworth.

ELEVATOR COST TAKES A SHOOT

POSSIBILITY OF ANOTHER BOND ISSUE BEING NEEDED TO MEET FINAL CHARGE

TAXPAYERS FILE A BIG PROTEST

Don't Like Assessment for Expense of Condensation of the Chas Property on Edge of the Bluff

The elevator may yet cost the city \$8000 more than the original bond issue. At a meeting of the city council Saturday morning, the question of asking the city for an additional \$8000 to meet whatever cost might later be added was discussed, though no action was taken.

Protests from 55 taxpayers in the elevator district were received asking the council to rescind its action in creating the district and levying the special tax to cover the cost of the condemnation proceedings against the property of Mrs. S. A. Chas.

City Recorder Livy Stipp was instructed to advertise for bills at once for the overhead crossing at Second street, the estimated cost being \$450. An ordinance was introduced providing for a fine of \$100 and 30 days in jail for injury to any of the city's fire apparatus in the various stations.

SAW LIVELY TIMES IN MEXICO WHILE ON TRIP

Edward Bruns, of Sandy, was in Oregon City Saturday. Mr. Bruns recently returned from an extended trip in the South and East. He first went to California, and in turn visited in Mexico, Texas, New Orleans, Washington, New York, Boston, Providence, Detroit and Milwaukee. Mr. Bruns was married in Wisconsin and will leave, with his bride, in a few days for San Diego, Cal., to spend the winter. Mr. Bruns has traveled extensively in this country, this being his third transcontinental trip. He saw some of the stirring scenes among the revolutionists in Mexico.

WASHINGTON, Oct. 11.—Huerta's arrest of 110 deputies of the Mexican congress, making himself dictator, followed by the prorogation of both houses of that body, has put administration officials here in a state of anxiety. No one attempts to disguise the view that the developments of the last 24 hours in Mexico City have precipitated what probably is the most serious situation since Huerta took office.

DARING AVIATOR FLIES UNDER FOUR BRIDGES

Copyright by International News Service.

This photograph shows William Thaw, the wealthy young sportsman and aviator performing the unprecedented feat of flying under the four bridges which span the East river, separating New York from Long Island.

Together with Stephen MacGordon, Thaw started on his aerial voyage from New Haven, Conn., to New York, in a Curtis flying boat shortly after 8:30 on Sunday morning. The journey of approximately one hundred miles consumed an hour and twenty minutes was at a rate of over a mile a minute.

The last stage of the journey, in which the aerial travellers flew under the bridges was the most spectacular. The aviators have shunned this feat on account of the treacherous air currents which eddy about under the bridges and over the famous Hell Gate. No trouble was encountered at any of these points by Thaw and MacGordon. They said that Hell Gate was one of the smoothest spots in the entire journey. After sailing under Brooklyn bridge, land beach, Staten Island.

This illustration shows the air about to pass beneath the Manhattan bridge.

BENEFIT DATE FOR SHOW IS NOW FIXED

The date of the benefit for Mrs. Anna Snyder at the Bell Theater has been definitely set for Friday, October 24.

The affair will be under the general direction of the Loyal Order of Moose while the Woman's club will cooperate. Additional plans are being made such as the sale of home made candy at the benefit and the raising of a subscription among the merchants of the city.

It is now thought by those in charge that the combined amounts should total several hundred dollars. Such a sum would enable the woman and her children to live comfortably through the winter, it is believed.

Mrs. Snyder and her two young daughters are in desolate circumstances, her husband skipped out a couple of years ago, a short time after his wife went blind. The family of three have been barely existing, depending upon charity of the neighbors and what little work the blind mother could do.

The funeral of the late Marshall J. Lazelle will be held at 10 o'clock this morning from the family residence, W. S. U'Ren will deliver a eulogy over the body. The interment will be in the Canemah cemetery, and members of Oregon City Lodge of the Benevolent and Protective Order of Elks will attend in a body. Multnomah Lodge No. 1 of Masons will conduct the services at the grave. The pall bearers are M. D. Latourette, S. L. Stevens, Wallace McCord, Carl Joehne, Thomas Lindsley and Bert Harvey.

It is going to cost \$18 a minute to phone from New York to San Francisco. We know men who have paid more than that for 10 second's conversation across a breakfast table.

We understand that the World Series occupies the first place on the first page; but that does not explain the delightful silence in the Thaw case. We are a little surprised that congress did not adjourn until after the World Series was won and lost.

Slush and Mud is Lot of Carriers in Gloomy Winter Months

The subscribers of a morning paper seldom realize the work attendant upon the carrier service, or the organization necessary for prompt and efficient delivery. Few people consider for a moment that the "paper boys" must deliver their papers so early in the morning that for most of the year it is yet dark, or that they must go over their routes independent of the weather or the condition of the streets.

They must start on their routes so early in the morning that practically no one is on the street. They must see that their papers are placed on the porches of their subscribers and put there so that the wind will not blow them away or so that the rain cannot wet them.

They must make through slush and mud—for their papers must be delivered whether it rains or shines or snows. All else is secondary to one fact, nothing counts but one thing, and that is they must see that each customer gets his paper.

Then there is the people they meet—the knocks they get. But it is these very knocks, the very fact that they must get up before daylight; that moulds character and makes backbone that is of infinite value in future years.

DIN DEAFENS AS ALL WHISTLES SCREECH

Whistles blew, every horn that could be bought, begged or stolen was in use, the sirens of the mills and the screamers of the steamboats in the river added to the general noise and confusion when the hour struck on which President Wilson touched the magic spark that blew the last dyke in the Panama canal into atoms and opened the waterway to commerce.

Oregon City had one of the biggest celebrations in years. Business was suspended and the people of the city joined with the mills and steamers and vied with each other in creating the most confusion for the day. The proclamation of Mayor Jones had its effect and the people co-operated with the mayor in properly ushering in the hour that opened the canal and turned the immigration to the coast.

PAPER COMPANY TO START DEEP WELLS

The Willamette Pulp & Paper Co. is about ready to again start work on its water supply for Willamette Heights and the mills. Four or five wells have already been drilled with favorable results. The next contract will be for an eight-inch or ten-inch well to go 250 feet deep if necessary. Don E. Meldrum has the work in hand and on his return on about October 20 the water will be pushed. It is hoped that a large enough supply will be struck to supply West Linn, but this of course, cannot be predicted.

The greater part of the large body of troops that have been maintained in the capital have been sent to the north against the rebellion, and thus Mexico City is left with a comparatively small garrison.

PORTLAND ASKS HIGH RENTALS

CHARGES CITY EXHORBITANT PRICE FOR BULL RUN WATER SUPPLY

COST WOULD RUN TO \$98.74 DAILY

In Addition, Council Must Build Own Pipe Line and Total Outlay Would be an Enormous Expense

PORTLAND, Ore., Oct. 11.—Oregon City will be supplied with Bull Run water from the reservoirs of Portland provided that city, in addition to constructing a main from the reservoir to the Oregon City water system, pays Portland a rental and help pays the interest on bonds issued by the city to install the Portland water system.

The city commission at a meeting yesterday agreed upon the financial considerations to be involved in the arrangement. Oregon City will be obliged to construct the main from reservoir No. 1 at Mount Tabor to Oregon City, and will pay a rental at the following rates: For the first 4500, 22½ cents for each 1000 gallons; for the next 150,000 gallons, 16 2-3 cents for each 1000 gallons; for all over 151,500 gallons 13 1-3 cents for each 1000 gallons. In addition to these charges Oregon City will pay Portland \$2000 a year to apply on the outstanding city water bonds issued for the construction of the Bull Run pipeline and the Mount Tabor reservoirs. It is estimated that under the arrangement Oregon City would pay Portland \$98.74 a day, \$2962.20 a month or \$38,040.10 a year for water rentals. A meter is to be installed at some place along the line to measure the amount of water used.

Mrs. C. F. Stuy and daughter Esther, of Aurora, were in Oregon City Saturday.

COUNCIL STANDS PAT FOR MAIN

PROBLEM AGAIN BOBS UP AND BOARD GETS ITS ORDERS FOR SECOND TIME

CITY DADS WOULD GO HALF WAY

Agree to Buy Necessary Pipe and to Pay Reasonable Rental for Water Used to Supply Elevator System

"Mr. Mayor, I move that the city council instruct the board of water commissioners to construct that pipe line to the elevator with the understanding that the city will pay for the main and the matter of rental can be later determined."

With that motion, John F. Albright, councilman, started the ball rolling again after things had rather quieted down in the argument between the council and the board over the construction to supply the new elevator. The motion passed. The board will probably meet early this week and take some action on the council's demand.

The motion carries with it instructions to build the line from the 10-inch main and to make connections to the elevator main. The city is willing to pay for the pipe and to pay a proper rental for the water used.

The question also raised the point as to whether the city should make a charge for the rides in order to meet the operation expense. That point was not decided.
