

Morning Enterprise

WEEKLY ENTERPRISE ESTABLISHED 1866.

VOL. VI.—No. 88.

OREGON CITY, OREGON, TUESDAY, OCTOBER 14, 1913.

PER WEEK, TEN CENTS.

CAR OF STEEL NOW IN YARDS

FIRST SHIPMENT ARRIVES ON TRACKS READY FOR USE IN TOWER

WATER ROW WILL COME TO HEAD

Council Believes Public Clamor Will Force Board to Lay Pipe and Deliver a Supply to Large Main

The first shipments for the new elevator at Seventh street have been received in the yards and is awaiting the action of the contractors before being unloaded and carried to the ground where the tower is to be built.

One car of steel for the tower, weighing about 38,000 pounds, has been received in the yards and is awaiting the action of the contractors before being unloaded and carried to the ground where the tower is to be built.

The elevator itself is now in the yards of the railroads at Portland where it is awaiting the order for shipment to the city. It is considered useless, however, for the elevator to be brought to the site until the steel itself is ready for use and in place.

The city plans to go ahead with the construction of the tower and elevator and to have the work rushed to completion as soon as possible. It believes that, should the available funds become exhausted, the people will authorize the council to issue bonds to cover the amount then deficient.

The council, too, believes that the dispute on between it and the members of the board of water commissioners will come to a head after the work on the elevator is completed. It plans to go ahead with the construction work and to wait for the water. Should the board persist in the course that it has now outlined and should it continue to refuse the city with the water for the elevator main, the council then could turn to the people and say, "The elevator isn't running because your board won't supply the water. We have done our share of the work. We spent your money for the elevator. That's all that you instructed us to do. If your elevator doesn't work, blame the members of the water board. It's their fault."

A. C. Howland is in Grant's Pass on business and will return by the end of the week.

GYPSIES ARE ENTERTAINED

MRS. THOMAS A. KEITH HAS DE LIGHTFUL FUNCTION FOR ORGANIZATION

PASTOR WILL BE WELCOMED

Minister Will Be Given Reception This Evening by His Congregation on His Return to This Pastorate

Mr. and Mrs. Thomas A. Keith gave a delightful dinner at their home in Portland Saturday evening to entertain the Gypsies. The living rooms were decorated with brilliant foliage, and in the dining room autumn leaves and asters were used effectively.

Those attending from Oregon City motored down with Messrs E. J. Daulton and M. D. Latourette. The dinner guests were: Mr. and Mrs. E. J. Daulton, Mr. and Mrs. M. D. Latourette, Mr. and Mrs. Livy Stipp, Mr. and Mrs. L. A. Morris, Miss Helen Daulton, Miss Bess Daulton, Miss Almee Bollack, Miss Emily O'Malley.

A reception will be given this evening by the members of the Methodist church for Dr. T. B. Ford and his family. The members of this congregation are greatly pleased with the action of the recent conference in continuing Dr. Ford's pastorate in this city, and the reception this evening is to express their welcome and appreciation.

Mrs. Norman R. Lang, of Portland, spent Sunday in Oregon City as the guest of Miss Marian Lewthwaite.

Mr. and Mrs. Charles Griffith, of Portland, who returned from Nome last week, visited with Mrs. Griffith's parents, Mr. and Mrs. T. A. Pope over Sunday.

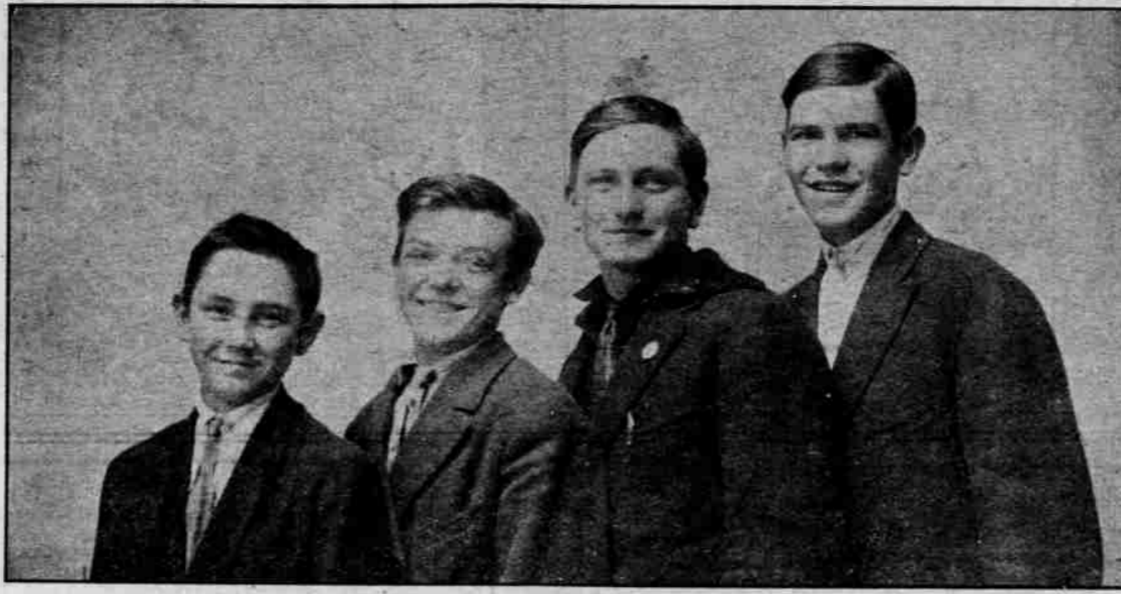

Mrs. J. B. Lewthwaite and small son have returned to their home in this city from a visit with relatives in Portland.

CURRENT PROBLEMS TO BE DISCUSSED

Questions of current interest will be discussed before the pupils of the Oregon City high school at the assembly, which is to be a regular weekly feature of the school life hereafter.

At the meeting of the school board Monday night, the city superintendent presented the matter and received the approval of the board to his plans. Five lectures will be given by Dr. Kenneth S. Latourette running through November and part of December on "Present Day Problems in the Far East." Dr. Latourette was connected with one of the colleges in China for several years and has become acquainted with the inner workings of that eastern republic.

In addition, representatives from the several colleges of the state as well as prominent men in Oregon City will deliver addresses along lines of general interest. Talks on sex hygiene will be delivered, the first this week by Dr. Amelia Ziegler and Miss Kenworthy of Portland.

ENTERPRISE CARRIERS READY FOR WORK

BROWN CASE GOES OVER TO NOVEMBER

The trial of M. J. Brown, editor of the Oregon City Courier, a weekly paper, scheduled for today has been postponed until the term of court in November. The particular charge against Brown on which the grand jury returned its indictment was that he ran afoul of the libel statute when he published a statement that the county commissioners had rebated their own taxes, according to the allegation.

Brown is said to have commented upon certain items in the monthly statement of the county court in a way that the grand jury evidently conceived was reflection upon the commissioners and the court. The case will now be placed on the November calendar.

TRIBUTE OF FLOWERS GIVEN BY FRIENDS

The funeral of the late Marshall J. Lazelle was held at 10 o'clock Sunday morning from the family residence at Mount Pleasant, and was attended by a large number of the friends of the family, as well as members of Mulnomah Lodge No. 1, of Masons and of the Benevolent and Protective Order of Elks, of which deceased had been a member.

There was a profusion of beautiful floral offerings. The services at the house consisted of an address by W. S. U'Ren and a vocal solo. Services at the grave in Canemah cemetery were conducted by the Masons. Mr. Lazelle's death was due to typhoid fever, after an illness of about four weeks. He had recently gone to Hermiton to engage in business. He was a young man of much promise and his death is regarded as untimely. He was the only son of George Lazelle, a prominent farmer of Mount Pleasant.

Two Generations of Family Celebrate Birthday Together

The birthdays of Elmer H. Cooper and his eldest grand daughter, Nellie Baron, aged three years, were celebrated at Mr. Cooper's residence Sunday afternoon with a family dinner. This has become an annual event in Mr. Cooper's family and the genial collector of the Oregon City Water Commission is one of the youngest grandfathers in the city, as well as one of the proudest. He was 52 years of age Sunday.

GOVERNMENT AGREES TO HELP ON WATER

H. A. Rands reports from Springfield that the work of survey to the south fork of the Clackamas from Oregon City for water supply is progressing as rapidly as the rough weather and conditions will permit. He has a crew of five men and expects to finish the work by October 30.

He reports that the wiring of the stream showed at low water 24 second feet, while government records shows minimum of 27 second feet, which will be ample for even Portland's present needs.

The point of intake is 794 feet above the city, while Oregon City's reservoir is 490 feet, giving a fall of 344 feet in 25 miles. It is expected that a large reservoir for a week's supply will be found en route, thus ensuring Oregon City's continuous supply of pure water at all times.

The chief forester of the United States government, was seen by the committee and says he would be glad to co-operate with Oregon City's officials and that he has a regular agreement for the purpose of making permanent reserves and the patrolling of same for city water supplies. He says, further, that this would be even better than Bull Run's method of patrol as the whole government service will be at the command of the city in case of emergency. An opening meeting will be called at an early date.

BOURNE TO TALK AT LIVE WIRE MEETING

Ex-United States Senator Jonathan Bourne, Jr., of Portland, will be the guest of the Live Wires of the Oregon City Commercial club at luncheon next Wednesday evening at 6:30 o'clock. Members of the Live Wires, Mayor Jones and members of the city council and the county court will attend the luncheon, after which Mr. Bourne will talk on good roads at the Commercial club at 8 o'clock.

The club rooms will be open to the public to hear Mr. Bourne's address. Since his retirement from the senate last March, Mr. Bourne has devoted practically all of his time toward the promotion of his federal aid plan for highways and his address will be full of interest to the people of this city and county.

ROAD FILES SUIT FOR FREIGHT BILL

Suit has been filed against the city by the Southern Pacific railroad company for the collection of \$32.33, said to be due on a freight bill for one of the filter units at the city water plant. The suit dates back to October 24, 1910, when the Pacific Tank & Pipe company of San Francisco, shipped to the city the unit for the plant. Under the agreement the shipper was to pay the freight. The city, however, advanced the money in order to get the amount out of the sum that was to be paid for the unit.

Later, however, the railroad sent a draft saying that there had been an overcharge to the extent of that paper. The city immediately forwarded that amount to the pipe company. Now the company demands more money on the ground that there was an undercharge rather than an overcharge. Unless the city fights the case, it has no chance to recover from the pipe company, it is said. The original bill was for \$110.50 of which \$78.17 is credited to the city account.

The case was filed in the court of Justice John Selvers. Pennant D. p. Portland's lead over Venice is 8 1/2 games. There are 13 more scheduled games for Portland. Sacramento is but 1 1/2 games behind second place. San Francisco is 4 games from the first division.

SHORTAGE OF WOMEN NOTED

OREGON CITY WOOLEN MILLS CANNOT GET HELP TO RUN FACTORY

REFUSES \$100,000 IN ORDERS

Lack of Workers Prevents Enlargement of Plant and Cuts Down Daily Output of Large Company

Shortage of women is crippling the plant at the Oregon City Woolen mills. Were it not for the shortage in the supply of female help, the company would carry out its plans to materially enlarge the output of the factory and to increase the number of orders that it can daily fill.

The reason for this shortage is probably the lack of boarding and rooming accommodations that the city can provide. The number of rooming houses where a girl may stay and work at the mills are limited and the private families that will take in extra roomers are few. The problem of accommodation has been one that has prevented the enlargement of the plant several times and now makes it almost impossible for the concern to triple the present output of the factory.

In the last few weeks, the output has been materially increased, in spite of this handicap, however. It has been more than doubled. Just now it has 80 girls and women in its employ, earning by piece work from \$35 to \$70 a month. All of the work is done by machinery even to the finest sewing and the work is said to be easy and not at all exhausting.

So decided has been this shortage in help that the company has in the past few weeks refused \$100,000 worth of orders that it might have filled had there been any way to get the women to do the work and to keep them here after they were imported.

The officials of the concern believe that the only solution to the problem is the erection of a Y. M. C. A. where the girls may board and room and where provision can be made for their entertainment. They believe that the pay roll of the company would be decidedly enlarged if the girls had proper places to live and point to the fact that the factory is running all of the year and that the employment is continuous.

TWO HUNTERS GET THE BAG LIMIT

C. L. St. Clair and Thomas Hunkins, both of this city, have just returned from a two weeks' hunting trip in Cow Creek, southern Oregon, where they bagged the limit. They report a most successful trip with plenty of game. The weather, with the exception of a few showers, was almost perfect, while it is a well known fact that this section of the state possesses some of the most wonderful scenery in the northwest.

Mr. and Mrs. Walter Rowell were in this city Sunday. V. B. Friel, a merchant of Cherryville, was in Oregon City the first part of the week. Burnold Frederich, a farmer from the Logan district was in the county seat Sunday.

CLERK CHECKS OVER NAMES

FINDS ENOUGH TO JUSTIFY HIS PLACING MATTER ON THE BALLOT

PROHIBITION QUESTION SUBMITTED

People of City Will Have Chance to Make Town Dry After the November Vote—Many Signers Appear

County Clerk Will L. Mulvey has checked over names that appear on the prohibition petition calling for the placing of the question on the ballot at the November election. The clerk has found that 295 names on the petition are registered voters of the county and the number is sufficient to justify his placing the matter on the general ballot.

Following are the signers:

- W. C. Green, J. R. Landsborough, Leon Deslorzes, Florence G. White, F. Wiewesiek, Lulu McCausland, Josie Erickson, Helen B. Black, Fred Clack, Geo. W. Mooy, P. Horton, W. H. Smith, M. J. Moreland, E. C. Dye, Mrs. Ella Payne, A. B. Buckles, Julia Richards, Ella K. Horton, John T. Erickson, Mrs. S. C. Miller, Mrs. A. F. Jack, A. E. Frost, F. J. Toozs, Martha L. White, Alice Wiewesiek, Julia S. Rider, Fred Erickson, Ima M. Kellogg, Nellie M. Aldredge, H. E. Pfingsten, A. L. Blanchard, C. A. Miller, Lewis Conkin, C. H. Dye, E. Williams, Robt. L. Cox, P. N. HEAR THE NEW EDISON HORNLESS DISC PHONOGRAPH

This is the only Disc Machine made that requires no changing of needles. It uses a Diamond Point Reproducer and plays flat, double-faced Disc Records

It has a concealed horn, an automatic self-stopping device and a cabinet for holding records
We would be pleased to have you come in and hear this wonderful machine, or, if interested, write or telephone us and we will send an outfit to your home on free trial. Then, if you are not satisfied, we will take it back and there will be no obligation on your part. If you like it you may keep it (without interest) in payment of a few dollars a month.

Second Hand Machines Taken in Trade
If you have an old machine you want to trade in on a NEW outfit we will make you a liberal allowance for it.
Bring it in with you and we will TALK TRADE.

THE EDISON PHONOGRAPH provides entertainment for the whole family. The new AMBEROLA VI,
just out, is an ideal instrument—concealed horn, diamond point reproducer, portable Cabinets.—Just the thing for the center table. A machine that you can carry with you wherever you want to play.—Plays the new Blue Amberol 4-minute Indestructible Records.

WE ARE EXCLUSIVE DEALERS FOR EDISON DISC AND CYLINDER PHONOGRAPHS AND RECORDS

Edison Blue Amberol Records
play 4 minutes, they do not scratch, they are indestructible, you can play them 3000 times and they will still be good. The price is 50 cents each.

ASK TO HEAR THEM PLAYED

Edison Phonographs Entertain Royally
No need to wait for some one to play the
EDISON PHONOGRAPH
All the Latest Music—Songs and Instrumental—can be played on the Edison.

WE ARE EXCLUSIVE DEALERS FOR EDISON DISC AND CYLINDER PHONOGRAPHS AND RECORDS

Edison Machines Disc and Cylinder
at prices to suit all
These machines are sold either for cash or on installments. Our
EASY PAYMENT PLAN
puts a good Edison outfit within the reach of all.
