INSPECTORS ARE ON WAR PATH

BEGIN INVESTIGATIONS INTO MEAT CONDITIONS OF THE LOCAL SHOPS

VISIT MANY MARKETS OF CITY

Wander Through Back Rooms of the Stores and Pry Into All Refrigerators and Boxes Containing Food

In and out of every butcher shop and some of the restaurants of the city, Pure Food Commissioner Mickie of the state department has been making his way for the past two days on a trip of inspection of the meat supply.

He has started a campaign in the city as a part of the work that he plans to do all over the state and has undertaken to determine just how many of the shops are maintained in compliance with the provisions of the state laws.

During the inspection trip here, he has had several men with him who acted as his deputies and who assisted in the examination of the products that were offered for sale in the local markets. He took with him on these trips Dr. J. A. VanBrakke, county health officer to see the conditions with him as he found them in the various places through the city.

Every few months the state department sends its men into the field to examine the food conditions of the state and to prosecute any violations of the pure food laws of the state. The inspectors plan to carry out such a campaign here and to clean up any shops that they find have not been maintained in accordance with the laws of the state.

SERVICES ARE HELD BY RELIEF CORPS

Meade Post No. 18, Women's Relief Corps, met at Willamette Hall Tuesday afternoon and had memorial services for the late Mrs. Rosina Mautz and Mrs. Hattie Davies.

After the services the regular work was taken up, two candidates were initiated. The W. R. C. will meet every second and fourth Tuesday in the month hereafter in Willamette Hall.

PORTLAND ADDS TO LAZELLE TRIBUTES

The Portland Commercial club has passed resolutions expressing its regret at the loss of Marshall J. Lazelle.

"Whereas, Marshall J. Lazelle has been called away from his earthly activities; and
"Whereas, as secretary of the publicity department of the Oregon City Commercial club, Mr. Lazelle was efficient, able, faithful and courteous, and in all his work showed his loyalty to his home community, his devotion to his native state of Oregon, and his patriotism for his country; therefore be it

"RESOLVED, by the executive committee of the Portland Commercial club that we do hereby record upon our minutes this expression of our keen sense of the loss to this state, as well as to his bereaved family and friends, in his untimely taking-off in the bloom of his young manhood and citizenship; and be it further
"RESOLVED, that a copy of these resolutions be forwarded to the press of Oregon City, his native city, for publication.

"PORTLAND COMMERCIAL CLUB, Executive Committee."

There is no need to be despondent; gory football is in action.

There is still need of continued growth and spread of tolerance.

Anyway, the tariff tax on the farmers' bags is now a good deal less.

Another thing that youth should be taught more is to prize youth more.

Your opinion is all right in the estimation of others—if you happen to think as they do.

Reed college manifests true progressiveness by abolishing that relic of barbarism, hazing.

If poor judgment is the blossom, bad luck is the fruit.

THREE PLAN ENTERTAINMENT FOR BENEFIT OF HELPLESS CHILDREN OF COUNTY

MANY GO TO WAGNER CENTENNIAL

Number Leave Oregon City for the Program of Selections From Works of Composer—Little Happenings

(By Meta Finley Thayer)

Three of Oregon City's bright young girls, Louise Sheahan, Lena McMillan and Vernie McMillan, are arranging an entertainment for the benefit of St. Agnes' Baby Home. This will be held in McLoughlin Hall Tuesday evening, October 21, and will no doubt have the attendance it deserves. The chief feature of the program will be several tableaux which will be given with the assistance of a number of other pretty girls.

A number of Oregon persons attended the Wagner Centennial celebration at the Armory in Portland Sunday evening. Addresses were made by Hon. Gustav Schnoer and Judge C. U. Gantenbein. A chorus of one hundred and fifty voices and the well-known Heller orchestra gave selections from the work of this famous composer.

Mr. and Mrs. William McBain, Jr., and little daughter of Powell River, B. C., and Wallace McBain of San Francisco, are visiting at the home of Mr. and Mrs. B. T. McLain in West Linn.

Miss Ethel Graves, of Portland, was the guest of Miss Dollie Pratt for the weekend.

Miss Marian Pickens and Miss Alice Moore have been spending the week in Portland with Mrs. H. E. Poulter, who before her marriage was Miss Irene Moore.

Mrs. Edward Harrington has returned to her home in Gladstone after a short visit with her daughter, Mrs. Copley, of The Dalles.

Miss Mary Heibe, of Portland, spent the week-end in Oregon City as the guest of Miss Hester Dannemann.

St. John's Young People's club will hold its first meeting of the season this evening.

Oscar Woodfin will open a studio at the home on Fourth street which he and his sisters, Misses Della and Wila, will occupy for the winter. This has been the residence of W. H. Lightowler, who has purchased the home of Dr. Strickland on Seventh street and is preparing it for occupancy.

PRIZES ARE OFFERED TO "LIVEST" CARRIER

The prizes have been chosen for the Enterprise Live Wire Carriers' Contest, the boys have been instructed as to the rules governing the contest, and today the first contract will be turned in and counted for the contestants.

The Enterprise in securing the awards had but one idea and that was to offer the best obtainable. It spared no expense or trouble in picking out articles that would appeal to the heart of the boys and at the same time would be worthy of their work and time.

The first prize is a 16-gauge Marlin repeating shotgun, model 30. It is properly proportioned in every part, finely balanced, very quick and easy in operation, and is the only light-weight 16-gauge repeating shotgun in the market. It is fully as effective in all ordinary forms of bird and small game shooting as any 12-gauge gun, and by reducing the weight of the gun and shells carried, it adds greatly to the enjoyment of the day's sport.

This gun has a special rolled steel barrel with a tensile strength of about 600 pounds to the square inch. The frames are blued and the butt plates are of the best quality rubber. The filled choked barrels are guaranteed by the Marlin company to target better than 240 pellets in a 30-inch circle at 25 yards. The barrels are specially bored for smokeless or black powder and are proved with excessive loads. The capacity of the magazine is five shells and with one in the chamber gives six shots.

The second prize is a complete fishing outfit, silk wrapped rod, reel, hooks, line leader, basket, and other articles dear to the heart of a fisherman. Every article is in first class condition and represents the best obtainable. These articles are on display in the window of Huntley Bros. store.

For third prize a famous Zenith knife has been secured. It has pearl handle and three steel blades. It is the best knife obtainable in one of the leading local stores.

Many people will be favorably inclined toward the currency bill because the bankers are opposed to it.

Man of 71 and boy of 17 were "run in" at the same time for being drunk. Folly has all ages for its own.

How could the president be expected to pay much attention to currency or Mexico during the baseball week? Our idea of a trouble maker is any citizen with a nose for news and the gift of gab.

The love of money may be the root of all evil, but the love of baseball produces a multitude of rooters.

SENATOR BEFO RE LIVE WIRES

Ex-Senator Jonathan Bourne will speak to the Live Wires at the banquet at the Commercial club tonight. One of the features of the banquet will be the big red Jonathan apples that will be served.

MASONS WIN CASE IN CIRCUIT COURT

The Canby lodge of Masons managed to cut its liens out by the circuit court of the county from \$3500 to \$3. 100 in a judgment given by Judge Campbell Tuesday. The court finds for the plaintiffs in the actions, in general, but does not allow them as much as they had anticipated when the suit was brought.

The case came to the attention of the court after the lodge has refused to pay some of the liens outstanding against its new home in Canby on the ground that they were excessive and out of proportion to the work that was done.

DELIGHTFUL SOCIAL AFFAIR IS GIVEN

With the house decorated with chrysanthemums and ferns, Miss Jenny Schatz entertained a party of friends at her home, 213 South Seventeenth street, last evening. Music, cards, and refreshments helped to make the affair a pleasant one for the guests.

Those present were: Mrs. H. L. Martin, Mrs. E. F. Follansbee, Miss Catherine Kanney, Mrs. Agnes M. Silver, Miss Rose Marrs, Miss Emma Fisher, Miss Christine Blum, Miss Mabel Mills, Miss Nomina Klemson, and Mrs. Bunny Ownby.

Meanest Man Robs Blind Merchant of His Stock in Trade

For the fourth time in two years, Willis Mosier, a blind cigar dealer of this city, has been robbed.

Early Tuesday morning some one climbed over the high iron railing in front of the store and helped himself to over 500 cigars, a large amount of smoking tobacco, cigarettes, gum, and some chewing tobacco. The total value of the stolen goods is in the neighborhood of \$25.

Chief Shaw is of the opinion that such a thief represents about the lowest type of humanity in existence. "A man who will rob in a case like that can be labeled the meanest man in Clackamas county," said the chief. "I know of no punishment that is just for such a deed. He ought to get the limit."

RAILROAD BALLASTS, BED OF NEW LINE

The irregularities of the new P. E. & E. road to Molalla from Canby have been almost all straightened out and regular trains are being run on schedule time.

The road bed is being made firmer and more solid each day so that better speed can be made, although now the trip takes 30 minutes. Two trains are run each way each day between the two towns.

All up and down the right-of-way, the farmers of the rich Molalla country are becoming accustomed to the foot of the "iron horse."

HUERTA WORRIED OVER HIS FOREIGN RELATIONS

VERA CRUZ, Mexico, Oct. 14.—Provisional President Huerta's advisers were more worried today concerning Mexico's foreign relations than over internal conditions, according to information from the capital.

News that Washington will not recognize any president elected under the present dictatorship had placed Huerta in an awkward position, it was said. For the sake of his prestige with the army he could not recede from his latest step. To prevent his own official acts from causing him trouble it was necessary for him to control the election. And yet it was conceded that unless he can secure recognition either for himself or for someone he can control, his situation will become impossible soon.

Funds, it was said, absolutely must be had to run the government and, though he did succeed in obtaining a temporary supply, it was admitted that it is not likely more will be obtainable except with the Washington administration's sanction.

WIFE ALLEGES HER HUSBAND WAS CRUEL

A suit for divorce was filed in the circuit court of the county Tuesday against Dexter Roberts by his wife, Altha Roberts, on the grounds of cruelty and inhuman treatment. The complaint recites that they were married in Clackamas county, September 12, 1905, and that he had caused her to suffer considerable mental anguish during their married life. She also alleges that he was once convicted of a felony and asks that her maiden name of Altha E. Nicholson be restored to her.

DIVORCES GRANTED

Divorces were granted in the circuit court Tuesday by Judge J. U. Campbell to Ira A. Mallory against Hilda Mallory; M. Hunter against Wirtie M. Hunter.

ROBBERS MAKE HAUL OF CASH

RAKE IN ALL OF TWELVE DOLLARS AFTER LONG, HARD NIGHT'S WORK

MISS VALUABLE FIND IN SAFE

Cannot Get Doors Off and Don't Know How to Crack a Vault—Work Shows Amateurs Were on Job

Roberts broke into the postoffice at Willamette about two o'clock Tuesday morning and after trying to break into a safe containing almost \$5,000 in notes, checks, cash, and stamps, left by the front door within ten feet of where Ewald Leisman was sleeping.

Entrance was made through a window into the postoffice which is in the rear part of H. E. Leisman's store. They probably used a bar of some kind and, in trying to pry up the window, their tool slipped and they shattered the glass and tore the sash loose from the window frame.

They then crawled through the window and rummaged the postoffice. They attempted to open the safe which contained several thousand dollars in cash and notes but were unsuccessful. Instead of using the usual methods of safe-breakers, they twisted several ornaments off the doors but left the dial alone.

Also Rob Store
After finding some small change in the postoffice they went into the store proper, where they robbed a drawer containing several dollars in nickels and dimes, besides a watch valued at \$25.

All the time while the robbery was in progress, Ewald Leisman, son of H. E. Leisman, owner of the store, was sleeping in a balcony not more than ten feet from the front door or 35 feet from the window which was smashed. The robbers must have made considerable noise in escaping as the door had two locks and was rather hard to open, even for one used to the building.

Two young men, James Bliss and Frank Morgen, each 22 years of age, were arrested at three o'clock Tuesday morning on the charge of vagrancy by Officers Woodward and Cook. The two policemen followed the young men around the city and when the latter were unable to give satisfactory answers to the questions put to them by the officers, they were arrested.

The police held the men in the jail all day but it was not until about three o'clock in the afternoon that they connected the Willamette robbery with the prisoners. A large number of coins of small denominations were found on the arrested men and several of these were recognized by Ewald Leisman, who is a clerk in the store.

The men refused to confess but the police claim to have enough evidence to convict the prisoners.

It is thought that these same men had a plan to rob the Oregon City postoffice but were frightened away by the close watch of Lee French of the local police. The officers had noticed the men since last Friday when they first came to the city, but had no special reason to believe that they would try to turn. They were taken to Portland Tuesday night.

HUGHES CASE UP

H. H. Hughes, charged with larceny of some saw mill property, will be called for trial in the circuit court today, according to the docket arrangement. The case is one of those growing out of the action of the recent grand jury.

CHARLES JOHNSON TRIES TO TAKE OUT STRAWS BUT GETS HAND CAUGHT

WALKS TO HOUSE FOR MEDICAL AID

Doctors Forced to Amputate But He Will Leave Hospital in Next Few Days—Condition Is Not Serious

Charles Johnson, for 30 years a resident of the Logan district, had three fingers of his left hand crushed while operating a feed mill on the farm of B. A. Benson near Logan.

He was born in Sweden 63 years ago and upon arriving in this country came at once to Oregon, where he has lived ever since. He is well known around Logan.

He was tending to the feed mill when he saw several straws in the machine and reached in after them. His fingers were caught before he could withdraw them and three crushed. He walked to the farm house, a distance of over 100 yards by himself, and secured aid. He was taken to the Oregon City hospital where the fingers were amputated. He will be able to leave for his home in a few days.

BARCLAY TAKES ANOTHER SCRIMMAGE

Barclay school won its third game to the tune of 18 to 0 Tuesday, when that school played the third team of the Oregon City high school at Canemah park.

At no time during the game was there any doubt as to the final outcome. All through the contest the grammar school boys showed better team work and better playing from every standpoint.

While Barclay has won games from Gladstone, McLoughlin, and the third high school teams, it has not suffered one defeat. The total scores piled up against that school are 12, while they have 54 to their credit.

SUPREME COURT HAS AFFIRMED PORTLAND CASE

SALEM, Ore., Oct. 14.—The decision of Judge Kavanaugh of the Multnomah county circuit court, awarding W. H. Hurlbert a verdict against James M. Morris and Fred S. Morris, partners doing business as Morris Brothers, for practically \$60,000 for stock of the Oregon Water Power & Railway company, owned by the plaintiff but sold by the defendants, was affirmed today by the supreme court.

Hurlbert was employed by Morris Brothers as manager of the Oregon Water Power & Railroad company and was given 1000 shares of the company's stock as additional compensation other than his salary for his services. Later, when negotiations were under way to sell the company, Morris Brothers secured possession of the stock and sold it for \$65 a share and then rejected Hurlbert's claim that the stock had been given to him.

Word has been received by Miss Adah Hulbert, of Gladstone, from her mother, Mrs. Elizabeth Hulbert, of the death of her sister, Mrs. S. E. Hawley, Tuesday, after a serious illness. Mrs. Hawley visited here in 1905 and will be remembered by a number of people in this city. She leaves four children.

"HOME RUN" BAKER AGAIN HERO OF THE WORLD'S SERIES

The photograph shows "Home Run" Baker of the Athletics, true to his name, scoring the first home run of the world's series. On his left is shown Collins, who scored and who is smiling. "Big Chief" Meyers, catcher of the Giants judging from his attitude is somewhat peeved over the "home run."
