

OREGON CITY IS FAR FROM CLEAN

(Continued from Page 1.)

H. Burgoyne, The Falls... 38 points W. F. Troop, 7th Street... 29 points Bakeries.

There are two small bakeries in Oregon City, one in very good condition, the other we believe to be a hopeless case. The buildings occupied by Mr. Holdosos is utterly unfit in its present condition for a bakery and while Mr. George Harding, the owner, is now repairing it, it is hardly possible to make it a fit place for a bakery.

Ed Young & Co., 7th Street Bakery... 70.5 points John Holdosos, 502 Water Street... 14.4 points

The sanitary conditions of the dairies furnishing the Oregon City milk supply have improved since the inspection in the spring. Notwithstanding the improvements that have been made there is still room for more.

The following scores compose the conditions of the Oregon City dairies with those of a perfect dairy, taking into consideration the construction and equipment of the dairy and the cleanliness of methods.

Hartke, new barn under construction... 67.3 good E. W. Wallbaum... 60.1 fair

In eating houses Oregon City is blessed with a great variety. As in almost every other city, there are some eating houses operated by people who understand the business and take great pride in their work.

Home Restaurant, John Leary, Main Street... 84.7 points Electric Hotel, J. J. Tobin, Main Street... 78.0 points

The score of the eating houses is as follows: Home Restaurant, John Leary, Main Street... 84.7 points Electric Hotel, J. J. Tobin, Main Street... 78.0 points

The groceries are in fairly good condition. However, a little more care should be exercised in keeping fruit, vegetables, smoked meat, etc., protected from flies and dust.

James Bliss and Franz Morgen, who are charged with the robbery of the postoffice at Willamette Tuesday morning and who have been turned over to federal authorities at Portland, had a preliminary hearing Thursday morning at which they were bound over to the grand jury.

LANE GETS BILL IN SENATE FOR DREDGE

WASHINGTON, D. C., Oct. 16.—

Senator Lane today introduced an emergency measure appropriating \$750,000 for construction by the war department of a dredge for the Columbia river.

Promises had been understood to have been made by the war department that it had a dredge it could assign to work on the bar at the mouth of the Columbia river, arriving here early next spring via the Panama canal.

MEXICAN DICTATOR IS IN HOT WATER

MEXICO CITY, Oct. 16.—Alarmed by the disapproval of his conduct expressed by the entire diplomatic corps here, Provisional President Huerta

was in so chastened a frame of mind today that he felt it necessary to explain his delay in answering President Wilson's and Secretary of State Bryan's severe notes, sent to him following his imprisonment of the members of the chamber of deputies and proclamation of a dictatorship.

His excuse for not answering was that he had not received the notes officially but it was believed in diplomatic circles that he will respect the warning which he conveyed and avoid forcing a crisis.

Huerta was said to be much upset by the diplomats' decision at their conference yesterday, to recommend that their various governments send warships to Mexican waters. He has objected bitterly to the presence of American fishing craft at Mexico's Gulf and Pacific ports, and the intimation that other nations were likely to follow the American example was a severe shock to him.

The dictator's friends continued to defend his policy, saying he pursued the only course by which he could bring order, and promising that if he is left alone, the objection will be a fair one and he will be vindicated.

All that the referendumers will accomplish will be to make some expense and trouble, but this will give them some happiness.

The blast that blew up Gamboa dike was "heard around the world" a good deal sooner, even if it was not more significant, than the shot thus characterized by a poet.

Even Apple Soup Will Be on Menu on Apple Day

Apple dumplings, apple sauce, apple cobbler, apple pie, just plain apples, baked apples, stewed apples, preserved apples, apple jelly—these are but a few of the ways that apples will be served to the hungry in Oregon City hotels and restaurants on Saturday, October 18—for that is apple day.

All through the state, the hotels and restaurants are preparing for "Apple Day" when Oregon's choicest fruit will be crowned king of the table.

Original plans are being worked out by local hotelmen. They are planning to decorate their dining rooms with apples and, at each meal, apples will form the chief dish. It is rumored about town that one ambitious owner to get ahead of the rest, has even made preparations for apple soup which, it is said, will eclipse anything ever put on an Oregon City table.

However, he is somewhat modest and refrains from having his name involved in the public print at least until he himself has tasted his mysterious concoction and passed upon its merits as an article of food.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.
