BOYS WORK HARD AS THE CONTEST ENDS

There is but two days left in the Enterprise Carriers' Live Wire Contest and the boys are working at full speed. They realize that the prizes will be won in the last few days and are working accordingly. While at first only the city was open to them, now the towns of Canemah, West Linn, and Bolton have been added to their field. With the number of prospects thus increased the contest will probably end with greater force than was shown at any other time.

PROBLEMS OF MEN DISCUSSED BY MEN

The Men's Brotherhood of the Congregational church Tuesday night wrestled with the problem of what to do with the young men of the city. In the event of the town going dry next month, it is altogether probable that the Brotherhood will try to solve this problem after the November election. Charles F. Bollinger, of the city department of Huntley Bros. Co. made an earnest plea for the young men, calling the attention of his auditors to the fact that after the abolition of the saloons, if the dry election, the "poor man's club" will pass out, and be pointed out that it is up to the people of Oregon to give their homeless man a substitute. C. H. Dye, E. J. Carter, L. Adams, James Roake and C. S. Noble were among the speakers. Charles J. Bushnell, the new president of Pacific University, talked entertainingly on "The Church and its Relations to the Social Problems of Today." The usual appetizing dinner was served by the women of the church. A committee was named to draft resolutions of condolence and sympathy for the bereaved family of the late Marshall J. Lanette, who was a member of the brotherhood.

DIAZ LANDS DESPITE EFFORTS OF HUERTA

VERA CRUZ, Mexico, Oct. 22.—Despite every effort by Provisional President Huerta's agents to keep him on board the steamship Corcoravado in the harbor here until after Sunday's elections, General Felix Diaz insisted on landing today. Neither would he make any promises concerning his own actions. It is believed Diaz' attitude threatens grave and almost immediate trouble. The Huerta agents, led by General Manuel Vidaurazaga, private secretary to General Blanquet, vice-presidential candidate on the Huerta ticket, boarded the Corcoravado from the gunboat Zaragoza five miles out last night. They talked with Diaz for four hours but failed to move him.

FILIPINOS MUST DOWN SLAVERY IN ISLANDS

WASHINGTON, Oct. 22.—President Wilson's appointment of four native Filipinos to the Philippine Commission will not be confirmed by the senate until assurances have been given that the new officials will use their utmost efforts to stamp out slavery in the islands. Senator Borah has made it known that he will use his every effort to prevent confirmation unless he is assured of their attitude. The answer of the Philippines to

President Wilson's message, delivered through Governor-General Harrison, came by cable yesterday in the form of a resolution adopted by the Philippine assembly. Emphatic belief in the right of the Filipinos to be free is expressed in the resolution and the president's words are gratefully accepted as "a categorical declaration of the purpose of the nation to recognize the independence of the islands."

The resolution made public by the war department is in part as follows: "We, the representatives of the Philippine people, constituting the Philippine assembly, solemnly declare that it is evident to us that the Filipino people have the right to be free and independent, so that in advancing alone along the road of progress they will on their own responsibility work out their prosperity and manage their own destinies for all the purposes of life."

This was the aspiration of the people when they took up arms against Spain and the presence of the American flag first on Manila Bay and then in the interior of the archipelago did not modify, but rather encouraged and strengthened the aspiration despite all the reverses suffered in war and difficulties encountered in peace.

"The message of the president of the United States to the Filipino people is eloquent proof that we have not wavered in vain. We accept said message with love and gratitude and consider it a categorical declaration of the purpose of the nation to recognize the independence of the islands. The immediate step of granting us a majority on the commission places in our hands the instruments of power and responsibility for the establishment of ourselves of a stable Filipino government."

FORGIVENESS.

A lone soul came to heaven's fair gate
Low at the warder's feet she fell
Sobbing, she said she had not knocked so late
But for the many roads to hell.

Stroking her bowed, unmothered head
Up spoke the good old warder gruff
"This child, too fair, high up let her be led
Past them that never lost their way"

—John Vance Cheney.
